IEP

Used for students who...

- Dyslexia
- Unable/struggle with keyboard
- Struggle with spelling

Struggling Writer

- Struggle with typing
- Struggle with generating ideas
- Struggle with spelling
- Research shows that students who struggle with spelling are hesitant to write.

Struggling Writer

- Create outline / web

Example: 4 paragraphs on dragon dictation.

- P1: Intro
- P2: What it is
- P3: How/why its used
- P4: Conclusion

Struggling Writer

- Focus on one paragraph at a time.
- Dictate only 1 sentence at a time.
- Think of 1 fact or piece of info about the topic, record into dragon dictation.
- Copy and email results to yourself.

Struggling Writer

- End result = 4 emails, each with one paragraph of ideas.
- Copy/paste 4 paragraphs into one Word document.

Honor Student

- Struggle with typing.
- Another app, EverNote is very popular. Does not dictate, but helps organize.

Strategy

- Ask class- has anyone used Dragon Dictation to help write a paper? Willing to share how with class?
