TechnologEEI mini-conference: Oct 10th, 2011 @ VSW: AM Sessions for Secondary Classrooms....

Building a Classroom Blog, Carrie Jacobs

Learn how setup a classroom blog using Blogger. Bring your laptop and we'll start a blogging account, practice posting, discuss what to blog about and privacy issues with teacher blogging. Includes tips, ideas and activities for student blogging in and out of the classroom.

Room # 154: 9:30am and 10:15am

Dragon Dictation, Brian Abeling

Learn how students can use the free app Dragon Dictation to help with their writing. The app provides voice to text dictation and we'll demonstrate how the app can be used for not only special needs students – but everyone from ESL, to honor students, to your average student who struggles with writing. If you have an iTouch, iPhone, or iPad - bring it to this session to learn strategies for using Dragon Dictation.

Room #160C: 8:00am, 8:45am, 9:30am and 10:15am

Edmodo, Ted Vandeventer

Edmodo is a private social platform for your classroom. In this hands on session we will be exploring how Edmodo could work in your classroom. You could use it for discussions, assignments, a homework drop box, you can view and grade students comments with feedback, link media, set up a calendar, link parents, use it as a professional learning network, etc. Edmodo is a way to meet students where students are, the 21st Century.

Room #150E: 8:00am, 8:45am, 9:30am and 10:15am

Flat Classroom Projects, Carrie Jacobs

Did you read the book *The World is Flat*, by Thomas Friedman? Two teachers, one from Georgia and one from Beijing, China did and were inspired to begin “flattening” their classrooms by giving their students an opportunity to work with other students from all over the world. This collaboration has grown into an organization of hundreds of teachers and students that work together each semester to create online projects based upon the ten flatteners described by Friedman. Participants will be introduced to the Flat Classroom concept, learn about the projects that are available and, if interested, begin the process of joining the Flat Classroom organization.

Room:#154: 8:00am, 8:45am

Glogster, Steve Pond

Out with the old fashioned paper posters and in with a Glogster. It's an interactive/multimedia platform to create posters. Add text, links, videos, and images with the free version. Allows a teacher to create up to 50 student accounts per email account. Cool stuff! Bring a laptop, if you'd like to follow along.

Room #170G: 8:00am and 9:30am

TechnologEEI mini-conference: oct 10th, 2011 @ VSW: AM Sessions for Secondary Classrooms....

Infinite Campus Assignments/Gradebook, Gene Denny from CIC

Overview of the newest features in Infinite Campus Gradebook, provided by Campus Certified Trainer, Gene Denny.
Room #150 Team Area: 8:00am, 8:45am, 9:30am and 10:15am

Lumens document camera to take pictures and videos, Jackie Neuberger

Did you know that your Lumens document camera can take pictures and video? Record student presentation, take snapshots of student projects, compare photos side by side. Learn how!!
Room #160 : 8:00am, 8:45am, 9:30am and 10:15am

PollEverywhere, Kevin Neal

Using text messaging to formatively assess student's knowledge, to evaluate and inform instruction, and to enliven class discussions. Bring your cell phone.
Room #170D 8:00am, 8:45am, 9:30am and 10:15am

Recording interventions on Infinite Campus, Judy Olson

Description: Tips and tricks for using the PLP section of Infinite Campus to record information, interventions, and other student related record-keeping.
Room #150B: 8:00am, 8:45am, 9:30am and 10:15am

Screencasts, Sarah Bird

Learn to create a screencast to add value to your instruction or as an alternative assessment tool. We'll also be using Today's Meet as a back channel for communication to record participants' responses and ideas as we go. If time allows, you'll also hear about Live Binders, the tool used to house the resources for this workshop.
Room #150C: 8:00am, 8:45am, 9:30am and 10:15am

TechnologEEI mini-conference: oct 10th, 2011 @ VSW: AM Sessions for Secondary Classrooms....

Teacher Laptop Help Desk, WDM Technicians

Need helping mapping a network drive? Help setting up a printer? Drop in to ask questions about your teacher laptop.

Note: this session is not related to EEI/integration, just an opportunity to get assistance if needed.

Room #170E : 8:00am, 8:45am, 9:30am and 10:15am

What's new in HEART? Mariann Culver, AEA11

The HEART database (Heartland Educational Assessment Resource Toolbox) has been updated. WDM school staff can access and display ITBS/ITED data and elementary reading/writing district assessment data. How can this database help you with the Essentials of Effective Instruction (EEI)? Come see a demonstration. Or, if you bring your laptop computer, login, and password, you can experience the new and improved HEART during the session.

Room #160F 8:00am, 8:45am, 9:30am and 10:15am

Wordle, Ann VanTreeck

Infuse your instruction and creativity in the classroom with Wordle: a free website that creates “word clouds” that can be used for text analysis; brainstorming; critiquing literature or current events; classroom polls; create custom images for posters (etc); word walls; reflection, research; and so much more. In this session we will create, publish (if desired), embed, and explore.

Room #160G 8:00am, 8:45am, 9:30am and 10:15am
