

Tales 2 Go Audiobooks: iPad Access Instructions

AEA 11 purchased the desktop/laptop version of Tales2Go. As a bonus, they are giving each building 50 licenses for mobile devices—iPad and iPod Touch. Contact the AEA 11 library or the instructional technology consultant assigned to your school for the username/password.

Tales2Go is an award-winning audiobook service that streams thousands of popular titles from leading publishers and storytellers to desktop/laptop computers. You'll find popular titles and some old favorites. All have professional narration.

1. Download the App from the iTunes Store, not the App store. Or just go to <https://itunes.apple.com/us/app/tales2go/id458539653?mt=8>
2. Once downloaded, DON'T click Subscribe, click the other button.
3. Click Log in—if you don't see it, click More at the bottom right. Enter the unique Tales 2 Go school username and password.

CAUTION: Once this is set up on the iPad, you won't have to log in again. Also, **NEVER LOG OUT**—this actually de-activates the account.

Please note: Instructions for logging in to the desktop/laptop version is available separately.
