

Over 3,000 Audiobooks Online for PreK-8

AEA 11 is excited to announce the addition of Tales2Go audiobooks to the Mackin VIA ebook site! <http://www.mackin.com/via>

▶ Popular titles

▶ Favorite storytellers

▶ Search by age, grade, story type, characters and more

▶ Professional narration

ACCESS: Works on any desktop or laptop computer.

1. Log in to the VIA ebook website, www.mackin.com/via, and enter the school online database username/password. You do not need to choose your school in the top box.
2. Click Databases and you'll see the Tales2Go logo, click on the logo, then Read Now.

CLASSROOM DESKTOP COMPUTERS: If your classroom has just a few desktop/laptop computers that students share, you may want to create a system for students to track their reading usage. Some elementary schools in Minnesota that have used Tales2Go for a while use a log system. They have a notebook by the classroom desktop/laptop and the students log the title of the story and the minute that they stopped their reading.

ONE-TO-ONE LAPTOP SCHOOL: If each student has their own laptop (not mobile device) they will also log in with the school username/password. Because they will be listening from their personal laptop, the students can create bookmarks and maintain a list of favorites.
