Q2. How will you apply the learning from today in your classroom?

1	I will be using Google Forms with my chorus this year. The students will enroll online! It will also help my organization process, because the spreadsheet is created for me. That is a huge time saver!	Sep 19, 2014 2:19 PM
2	Most of the sessions had "right now" things to implement without doing a lot of practicing. But if I want to do more, there was enough information on where to go to get info and how to practice.	Sep 18, 2014 4:43 PM
3	Grade book info - immediately	Sep 18, 2014 3:47 PM
4	I will use the Google docs and Google PowerPoints in the classroom for presentation by the students.	Sep 18, 2014 1:48 PM
5	I will use Google technology to communicate with teachers, parents and students.	Sep 18, 2014 12:07 PM
6	I benefited most from the Google Apps session. I will use some of these to help efficiency in the classroom.	Sep 18, 2014 9:37 AM
7	I will use more of the Google tools to facilitate learning to help myself be better organized.	Sep 18, 2014 8:50 AM
8	I will use the Google forms for student evaluations of the various activities they participate in. I will also use the forms for other ways to gain information from parent groups.	Sep 18, 2014 8:38 AM
9	I collaborate often with colleges on PowerPT and other projects so it will be much faster and easier to collaborate now that we can use Google Docs.	Sep 18, 2014 8:35 AM
10	Using Google Docs in PLCs, activating student accounts and using Google Forms for formative assessments and writing assignments.	Sep 18, 2014 8:32 AM
11	Once the chromebooks arrive, we will be using all of today's training in the classroom	Sep 18, 2014 8:28 AM
12	By actually implementing what I learned.	Sep 18, 2014 8:04 AM
13	My classroom is receiving Chromebooks shortly--I will use today's training to help kids get used to Google Docs, Google Classroom, Google Slides, etc.	Sep 18, 2014 8:00 AM
14	I will be looking at adding new apps to my ipads that were new to me. I will be now be able to understand how to use the google docs and get things sent to my colleagues without it taking me forever.	Sep 18, 2014 7:52 AM
15	I will utilize the gradebook session on tips to using the beta gradebook. I will also incorporate the research strategies during group projects.	Sep 17, 2014 9:22 PM
16	I hope to support my building in moving to a Google calendar. I also hope to support teachers in using Google apps as another way to communicate with parents.	Sep 17, 2014 9:00 PM
17	I learned to use Google apps and docs. I can see why this is such a great tool -- especially for shared materials. We are going to try to use it in our dept.	Sep 17, 2014 8:11 PM

Q2. How will you apply the learning from today in your classroom?

18	Since I'm a support teacher, I'm not quite sure how I'll be applying my tech learning to my classroom. I do think I'll be using Google calendar, though, for organization and planning.	Sep 17, 2014 8:00 PM
19	I found an app for Fountas and Pinnel benchmarking I may purchase and use to benchmark students.	Sep 17, 2014 6:40 PM
20	Easier was to do formative assessments. I tried it on Tuesday and the kids loved it (Kahoot-It).	Sep 17, 2014 5:19 PM
21	I will use many of the Google tools I learned today. My favorite Chrome app that I will use a lot is the URL Shortner. It makes websites more friendly for my families to access.	Sep 17, 2014 4:45 PM
22	By experimenting with new techniques to incorporate technological skills into my curriculum.	Sep 17, 2014 4:35 PM
23	Stafall class was great	Sep 17, 2014 4:24 PM
24	Increased use of Google	Sep 17, 2014 4:19 PM
25	Google calendar will help communicate IEP dates and meetings with parents. K-2 apps will help with progress monitoring students weekly.	Sep 17, 2014 4:06 PM
26	I'm excited to set up Google classrooms (I'm getting a chromebook cart this year). I well also definitely use kahoot it as a review game.	Sep 17, 2014 4:05 PM
27	google docs	Sep 17, 2014 4:03 PM
28	I will use Google Docs during my PLC time to record and share my grade level's agenda and minutes.	Sep 17, 2014 4:03 PM
29	I will use Google Docs and especially Forms. I really enjoyed the choices we all had!	Sep 17, 2014 3:58 PM
30	Switch to Infinite Campus Beta	Sep 17, 2014 3:52 PM
31	very difficult to apply what was learned during PD session because all staff did something different	Sep 17, 2014 3:48 PM
32	I will set up a google classroom. I will also use the information about Infinite Campus Beta to help grade students.	Sep 17, 2014 3:47 PM
33	make video compilations and re-mixes of performances	Sep 17, 2014 3:44 PM
34	Use google, flubaroo document camera more and forms as a teacher and with students	Sep 17, 2014 11:38 AM
35	better use of forms using Chrome APPS I didn't know existed better editing practices with you tube better understanding of Flubaroo	Sep 17, 2014 10:51 AM
36	I will use google forms and Chrome.	Sep 17, 2014 9:53 AM
37	Kahoot is great	Sep 17, 2014 6:52 AM

Q2. How will you apply the learning from today in your classroom?

38	Use the chrome extensions to assist my teaching. Show students who have trouble reading how they can use some of the extensions to help them. Help students use the internet as a resource.	Sep 16, 2014 5:51 PM
39	I will apply the You Tube sessions	Sep 16, 2014 4:14 PM
40	It will take some thought but I see how the Classroom applications would be very useful.	Sep 16, 2014 3:45 PM
41	Work on an class website.	Sep 16, 2014 3:30 PM
42	I really enjoyed the session on Google Docs. I learned a lot that I can immediately use in my classroom.	Sep 16, 2014 2:28 PM
43	Organization and assessment of students.	Sep 16, 2014 2:21 PM
44	Expand my use of the three basic Google products: Slides, Docs & sheets.	Sep 16, 2014 12:55 PM
45	iPad Apps	Sep 16, 2014 12:25 PM
46	Lots of exciting potential to focus our students' attention with research. Excellent presentation by Kristine Milburn and Shannon Johnson on reserch skills. Also glad for the opportunity to learn more about Google Classroom in anticipation for Chromebooks in English classrooms.	Sep 16, 2014 12:19 PM
47	I will use the Google Docs to share files with colleagues.	Sep 16, 2014 11:59 AM
48	I will use it to help improve student achievement.	Sep 16, 2014 11:59 AM
49	Students will be able to edit their stop-motion videos themselves on YouTube. Sharing and presenting will be much more streamlined and efficient. Shortcuts to Google extensions will save me time.	Sep 16, 2014 11:37 AM
50	i will use google forms and google documents to communicate with peers and parents	Sep 16, 2014 11:10 AM
51	I will make better use of Google docs in my work life.	Sep 16, 2014 10:39 AM
52	I look forward to implementing more google activities into my classroom.	Sep 16, 2014 9:41 AM
53	Create a google classroom + direct instruction on google research searches	Sep 16, 2014 9:04 AM
54	I took two google sites classes that I plan to use to develop a website for my class.	Sep 16, 2014 8:33 AM
55	Grades, formative assessments	Sep 16, 2014 7:58 AM
56	Use many of the tips from Infinite Campus.	Sep 16, 2014 7:43 AM
57	Not sure.	Sep 16, 2014 7:38 AM
58	More feedback and better reporting to my students through Infinite Campus	Sep 16, 2014 7:09 AM
59	Try to use new ways to deliver content.	Sep 16, 2014 6:51 AM

Q2. How will you apply the learning from today in your classroom?

60	Infinite campus - use it daily; will use the beta version now	Sep 16, 2014 6:26 AM
61	I will try to use some of the information immediately starting tomm.	Sep 15, 2014 11:25 PM
62	I will use some of the Chrome apps to be more efficient. I plan on using Flubaroo on some Google forms. I also plan to put together some YouTube play lists for my class.	Sep 15, 2014 11:12 PM
63	I will use it to help others work with Google technology in their classrooms.	Sep 15, 2014 11:11 PM
64	Set up Kahoot and Google docs	Sep 15, 2014 8:03 PM
65	Finding google apps to use.	Sep 15, 2014 7:32 PM
66	1.Edit video in you- tube and embedd in my PPT presentation. 2. Search for info on credible sites. I've never heard of Google /scholar search. 3. Have students upload images in Google classroom for others in the class to critique.	Sep 15, 2014 7:29 PM
67	Plan to use it stream lining attendance tracking, interventions, and safety planning.	Sep 15, 2014 7:17 PM
68	In class plans with Doc. projector I can apply drawing and demonstrating while video taping. The Calendar can be used to direct students daily. The Youtub videos will add rich content to class lectures.	Sep 15, 2014 6:59 PM
69	I will use many of the ideas I received today in my classroom--Apps, EDM differentiation structure, and Starfall	Sep 15, 2014 6:55 PM
70	I liked getting some ideas on Apps that I am able to use in my Preschool classroom.	Sep 15, 2014 6:34 PM
71	I will sync my calendars	Sep 15, 2014 6:12 PM
72	Starfall- setting up kids accounts and lessons differentiating math groups using google docs and transferring them	Sep 15, 2014 5:43 PM
73	I will be dding some apps to my Ipad. I will more effectively use Infinite Campus Beta. I will be using groups for differentiating and scoring. No more separate assignments and exempting all those other scores. I will continue to use Google Drive.	Sep 15, 2014 5:13 PM
74	Learned about many classroom tools that are available to teachers and free online.	Sep 15, 2014 4:53 PM
75	tips and ideas will apply into my teaching	Sep 15, 2014 4:41 PM
76	Make recordings of student performances available via YouTube and apply what a learned with editing	Sep 15, 2014 4:33 PM
77	my favorite session was differentiation math k-6. I liked the lesson plan format for one of the options taught.	Sep 15, 2014 3:56 PM
78	Love the Google share documents and will use that for parent surveys, forms, etc.	Sep 15, 2014 3:51 PM

Q2. How will you apply the learning from today in your classroom?

79	Hopefully more consistent use of Google Docs/Drive	Sep 15, 2014 3:48 PM
80	The research tips I learned today I will teach my students to help narrow their searches to reliable sites with the information they are looking for. I hope to create a website for my science class with information and important documents, such as notes and assignments. I plan to use Google Docs for students to collaborate and for me to provide feedback.	Sep 15, 2014 3:44 PM
81	I found a nugget of information in EVERY single session that I took. Any issues that I had were with the specific site ie Everyday Math where I kept being denied access so I have to contact them directly. I now feel like I can create a Google doc, use Starfall with confidence, realize that technology is a tool just like a pencil and paper BUT that it has to serve a specific purpose.	Sep 15, 2014 3:37 PM
82	Communicating with parents, providing instruction to students, differentiating instruction for students, planning/delivering instruction when I'm gone, independent practice for students.	Sep 15, 2014 3:35 PM
83	Continue to increase technology uses within the classroom.	Sep 15, 2014 3:22 PM
84	I went to classes on online quizzes, checking for understanding options... I'll see which one works best and use it in class to check in with students and see what they understand and what we still need to explain...	Sep 15, 2014 3:21 PM
85	To use different steps and procedures for technology. Faster ways for downloading items. Others ways to use for document camera and whole class lessons. Will implement as needed to benefit students and teaching skills.	Sep 15, 2014 3:21 PM
86	I learned a lot that can be used and some of it I am already using.	Sep 15, 2014 3:20 PM
87	I will try to upload a video that I make of my students performances on to my youtube channel so I can share it with their families.	Sep 15, 2014 3:18 PM
88	Student communication, projects, etc. Ways to make lessons more interesting	Sep 15, 2014 3:18 PM
89	I will try to use Google Forms for 23rd Street Singers and post YouTube videos.	Sep 15, 2014 3:18 PM
90	I will use the RSAs I was introduced to in the Everyday Math Sandbox. I will try the TRI differentiated math technique. I will organize the You Tube videos I typically use into a playlist I now know how to create.	Sep 15, 2014 3:18 PM
91	I plan on using many of the apps and extensions for Google that I picked up in different sessions.	Sep 15, 2014 3:18 PM
92	Into work with my Adult learners as well as interactive work with my younger students	Sep 15, 2014 3:18 PM
93	My learning will facilitate use of technology in my classrooms making for more effective instruction. I will be more efficient in the amount of time required to locate desired technology.	Sep 15, 2014 3:17 PM
94	I learned several things in each session that I can use. The smart music session will be especially helpful. I will use things from all my classes...some more than others.	Sep 15, 2014 3:17 PM

Q2. How will you apply the learning from today in your classroom?

95	I will use google documents particularly at Stilwell, and the smart music seminar will be specifically helpful in my subject area.L	Sep 15, 2014 3:17 PM
96	My PLC would like to create google docs to keep track, from year to year, all of our ELL students.	Sep 15, 2014 3:17 PM
97	Will try a different type of differentiation model to my classroom and utilize the RSA "booklet". I'll save youtube videos to my playlist instead of favorites	Sep 15, 2014 3:17 PM
98	Audition use of Google Forms, new campus Beta use.	Sep 15, 2014 3:16 PM
99	playing around with all of the google apps and classroom	Sep 15, 2014 3:16 PM
100	Research and data organization	Sep 15, 2014 3:16 PM
101	I learned about some great ways to incorporate YouTube into my classroom. I liked how we learned to set to private and then share a video with the parents in our classroom. I think that would be a great tool to share presentations in the classroom. I also learned some GREAT apps that I could us on my iPads.	Sep 15, 2014 3:16 PM
102	I will be creating practice videos on YouTube that students can use at home before auditioning for solos and other auditioned ensembles. Also, using the document camera to record video and upload those to incorporate in larger videos...possibly use a combo of document camera and Youtube to put together sub plans?! Exciting!	Sep 15, 2014 3:15 PM
103	I will continue to work on getting my classes online and applying all knowledge in my classes.	Sep 15, 2014 3:15 PM
104	Probably won't	Sep 15, 2014 3:15 PM
105	I will have students working with new apps and improve parent communication.	Sep 15, 2014 3:15 PM
106	Different ideas for differentiation in math class. Will switch to the Infinite Campus Beta Grade Book second trimester,	Sep 15, 2014 3:15 PM
107	Google Calendar for communication with students and parents	Sep 15, 2014 3:15 PM
108	math differentiation ideas for co-teaching, several ipad apps, starfall options	Sep 15, 2014 3:15 PM
109	In my SPARE TIME I will play with what I have learned today.	Sep 15, 2014 3:14 PM
110	I would like to try Google Forms to do some pre-assessing (when our department gets to that point). In the mean time, i will probably use it for interest inventories, etc. Google Classroom is great but I feel like I need a lot more time to work and practice. Ditto to Calendar...	Sep 15, 2014 3:14 PM
111	Google doc and app will be handy but the You Tube would only be personal	Sep 15, 2014 3:14 PM
112	I will try to implement some of the google presentation ideas and use more apps.	Sep 15, 2014 3:14 PM
113	Use google to make pre-tests for units.	Sep 15, 2014 3:14 PM
114	I will be able to use google calendar to keep track of important dates. I have	Sep 15, 2014 3:14 PM

Q2. How will you apply the learning from today in your classroom?

	more models for differentiating math. I can create forms to give my parents for more information.	
115	I will use the document camera suggestions immediately!! I will also add my fave videos to my Youtube channel.	Sep 15, 2014 3:14 PM
116	I am going to change my math groups and start incorporating some of the apps.	Sep 15, 2014 3:14 PM
117	By using the apps and what I learned with my students. To meet their individual special needs.	Sep 15, 2014 3:14 PM
118	I will use socrative to create formative assessments for daily lessons	Sep 15, 2014 3:14 PM
119	Create a google classroom for written assignments in Geometry.	Sep 15, 2014 3:14 PM
120	I will be using many of the teacher resources from Starfall to use with my reading interventions. I will also be using Starfall math games during differentiation.	Sep 15, 2014 3:14 PM
121	Use the appropriate tools	Sep 15, 2014 3:14 PM
122	As a sub, I have the unique ability to be a little more prepared when I walk into a classroom.	Sep 15, 2014 3:13 PM
123	Wow! Beta Google Docs...lots to do so little time.	Sep 15, 2014 3:13 PM
124	I will download apps, work with the YouTube functioning, Smart Music. I learned a lot today	Sep 15, 2014 3:13 PM
125	-Formative assessments -how to run a grade book -Summative assessments - suveys	Sep 15, 2014 3:13 PM
126	I will be able to use Grade Book Beta everyday and google doc/forms.	Sep 15, 2014 3:13 PM
127	Some of this applies well and some doesn't. I am hoping to use my youtube knowledge to help kids create projects.	Sep 15, 2014 3:13 PM
128	Information was very helpful in using Google account to better reach all my kids. I can now make documents to save my prep time.	Sep 15, 2014 3:13 PM
129	I plan to finish putting together my class website.	Sep 15, 2014 3:13 PM
130	I learned info about google calendars, smartmusic, and you tube that I can definitely use in my classroom.	Sep 15, 2014 3:13 PM
131	I will share a video of my dogs for students who were asking last week. I will organize videos to share in lessons.I thoroughly enjoy being able to subscribe to channels in you tube..Who knew?The ability to share in docs will make working with colleagues so coordinated.Helped me to make sense of what was already coming my way	Sep 15, 2014 3:13 PM
132	I'm extremely excited about using new research and notetaking strategies with my students. I'm also excited about app that will allow me to record voice comments (read tests to students)	Sep 15, 2014 3:13 PM

Q2. How will you apply the learning from today in your classroom?

133	I will use more technology with my students.	Sep 15, 2014 3:13 PM
134	I will use the information that I learned to help create lesson plans, store/save documents to use at different locations, create a variety of different documents, to hopefully further the learning of my students.	Sep 15, 2014 3:13 PM
135	I definitely be using beta IC. I will try to incorporate a little Google. (such as Google Slides and Google Classroom)	Sep 15, 2014 3:13 PM
136	I will use Google docs during my teaching to make learning more effective. It will keep students involved by using technology.	Sep 15, 2014 3:13 PM
137	Using Google Docs, Google Hangout	Sep 15, 2014 3:13 PM
138	Chrome Extension Buttons	Sep 15, 2014 3:13 PM
139	I will use my free time to practice the technology. I will for sure use the math differentiation	Sep 15, 2014 3:12 PM
140	The information I learned in Google Forms and Campus, I will be able to implement immediately. The rest will be something I tinker with as the year goes on and as time allows.	Sep 15, 2014 3:12 PM
141	I am looking forward to creating a google classroom. I am also hoping to use my document camera to record lessons and post them on my youtube account to help parents with homework.	Sep 15, 2014 3:12 PM
142	I learned new things in the grade book. I'll bring a lot of the apps and extensions into my classroom to help students.	Sep 15, 2014 3:12 PM
143	I plan on using google classrooms and implementing some of the informal assessments like kahoot and infuse. I really want them set up to use google drive!	Sep 15, 2014 3:12 PM
144	I will be adding Starfall to my morning literacy rotations. I also have a new model for how to manage small groups in math that I am going to try.	Sep 15, 2014 3:12 PM
145	New iPad apps that will help with social skills students.	Sep 15, 2014 3:12 PM
146	I will use many of the research tips and ideas from Kristine and Shannon's presentations in my writing classes. I'll continue using Google Drive, etc. and hopefully students will continue to get more comfortable with it.	Sep 15, 2014 3:11 PM
147	I will utilize the new Infinite Campus version to input grades from now on.	Sep 15, 2014 3:11 PM
148	I will try to incorporate google docs into my teaching. I will share documents with my class and vice versa.	Sep 15, 2014 3:11 PM
149	I will begin to work on Google Classroom.	Sep 15, 2014 3:11 PM
150	I set up Google Classroom and want to put daily assignments on the drive.	Sep 15, 2014 3:11 PM
151	Campus Instruction Beta was extremely valuable. I was able to create student groups for differentiation. I was also able to experiment with Google forms and	Sep 15, 2014 3:11 PM

Q2. How will you apply the learning from today in your classroom?

	may be able to use this for some pre-assessments.	
152	document camera	Sep 15, 2014 3:11 PM
153	Student engagement	Sep 15, 2014 3:11 PM
154	I especially enjoyed the iPad training....also got great ideas for differentiating math instruction.	Sep 15, 2014 3:11 PM
155	I plan on taking something from each class.	Sep 15, 2014 3:10 PM
156	I will start google classroom when I get my chrome books. I have updated my gradebook	Sep 15, 2014 3:10 PM
157	formative assessments that collect my data for me. less grading	Sep 15, 2014 3:10 PM
158	I learned a lot about different options to differentiate during the math session. I am in a new grade level this year and they had great ideas that I will be able to apply to my math rotations.	Sep 15, 2014 3:10 PM
159	I loved the Google Forms and I can see myself using that to check for understanding of things like our learning target for the day or other things we have done in class.	Sep 15, 2014 3:10 PM
160	Better able to use beta grades	Sep 15, 2014 3:10 PM
161	1. Google docs - have students submit papers and I'll suggest edits. 2. YouTube 101 - will create play lists. 3. Google Chrome 101 - reformatted my home screen to be more user friendly. A reminder about available PD classes could be included in the email from Brian A. (with the handouts and evaluation link) to allow people to sign up to learn more about the topics they were introduced to during the Professional Development day.	Sep 15, 2014 3:10 PM
162	Love the new app ideas I received today. Great overview of Google Docs, I will use this with my team.	Sep 15, 2014 3:10 PM
163	Link docs for students	Sep 15, 2014 3:10 PM
164	I plan to get students set up with a WDM Google account so that we can begin saving documents using Google Drive. I plan to explore the Google Apps and YouTube for classroom applications.	Sep 15, 2014 3:10 PM
165	Math differentiation Use Google doc for writing	Sep 15, 2014 3:10 PM
166	I got a lot of good tips on how to access EDM tools and the Google Apps that will be very helpful in staying organized.	Sep 15, 2014 3:10 PM
167	try and get going with Beta like the socrative google classroom??	Sep 15, 2014 3:10 PM
168	I will start using Campus Instruction as well as using different tools to help with Pre-Assessments.	Sep 15, 2014 3:10 PM
169	using apps and the google items to enhance my teaching	Sep 15, 2014 3:10 PM

Q2. How will you apply the learning from today in your classroom?

170	Continue to use, and encourage others to use, Google Drive.	Sep 15, 2014 3:10 PM
171	I will look into the youtube information and I am now very interested in the chrome information	Sep 15, 2014 3:10 PM
172	Creating Pre-Assessments in Google Forms	Sep 15, 2014 3:09 PM
173	I will be using all the Google programs and applications in my IPDP to change my classroom around	Sep 15, 2014 3:09 PM
174	using the Ipad apps	Sep 15, 2014 3:09 PM
175	Research, extensions	Sep 15, 2014 3:09 PM
176	I will use Google Docs	Sep 15, 2014 3:09 PM
177	I feel that I have an overview but would need to spend time to feel proficient.	Sep 15, 2014 3:09 PM
178	I will begin to use Google Docs and Apps. Starfall will be great to use in the classroom during rotations.	Sep 15, 2014 3:09 PM
179	I'm going to get my students logged into their gmail, and utilize the google drive for writing instruction.	Sep 15, 2014 3:09 PM
180	I am excited to spend more time reflecting and becoming familiar with topics such as iPad apps and google classroom.	Sep 15, 2014 3:09 PM
181	I now better understand how to utilize the document camera and You Tube - thank you!	Sep 15, 2014 3:08 PM
182	I will use the new Grading Program beginning next year.	Sep 15, 2014 3:08 PM
183	I understand gradebook much better. I can create a website for my classes. I can communicate with parents through my website. I can use "Kahoot it" to make fun games for students.	Sep 15, 2014 3:08 PM
184	I have been using Google Classroom and intend to use other Google Extensions in my classroom.	Sep 15, 2014 3:08 PM
185	I was a session leader. I will be able to serve as a resource for teachers when they have questions.	Sep 15, 2014 3:08 PM
186	I have learned so much and will be implementing Google Classroom with my writing sections.	Sep 15, 2014 3:08 PM
187	I will use google docs more often so I can access my documents when I am not at home	Sep 15, 2014 3:08 PM
188	I might try a visual nonfiction essay. I will use google drive.	Sep 15, 2014 3:08 PM
189	I plan to experiment with Google Classroom	Sep 15, 2014 3:08 PM
190	Due to my teaching assignment, the learning for today will be used for peer communication.	Sep 15, 2014 3:08 PM

Q2. How will you apply the learning from today in your classroom?

191	I am going to "play" with Google Docs.	Sep 15, 2014 3:08 PM
192	I will play with Google docs and will evaluate how/when to teach them how to use Google drive.	Sep 15, 2014 3:07 PM
193	I will attempt to use researching tips with students.	Sep 15, 2014 3:07 PM
194	I am excited to find ways to use Google Classroom!	Sep 15, 2014 3:07 PM
195	Use Chrome and Beta correctly.	Sep 15, 2014 3:07 PM
196	created a google form to use as a formative assessment in class tomorrow	Sep 15, 2014 3:07 PM
197	I will use google doc, folders, presentations with my team.	Sep 15, 2014 3:07 PM
198	I have been able to download several apps that I will be able to utilize immediately with my students in both a collaborative and small group instructional setting. I have been provided with professional development in areas that I needed in order to meet student needs more effectively in the collaborative setting.	Sep 15, 2014 3:07 PM
199	Each session had at least one thing that is doable THIS WEEK! My kids CAN and WILL be able to use these tools for production and sharing!	Sep 15, 2014 3:07 PM
200	Very practical information; useable each day	Sep 15, 2014 3:06 PM
201	I created a form and will use it with all students at Indian Hills	Sep 15, 2014 3:06 PM
202	I will use the google calendar, the campus instruction beta, and the document camera	Sep 15, 2014 3:06 PM
203	I will definitely use some of the new things in Campus Instruction Beta since we will be using it next year. Also, all of the google things (YouTube, Google Classroom) are always good. I also really enjoyed the document camera session since I use it quite a bit and learned new things I can do.	Sep 15, 2014 3:06 PM
204	I am going to create a google calendar for my students/parents showing assignments, due dates, special events and tests. I am going to purchase some new apps. I am also going to start using Grade Book Beta.	Sep 15, 2014 3:06 PM
205	I plan to try to start using Google Classroom to share information with students.	Sep 15, 2014 3:06 PM
206	I will load some of the apps that i learned about. I will also use campus instruction more effectively.	Sep 15, 2014 3:06 PM
207	I will try to integrate more technology and online quizzes into the classroom.	Sep 15, 2014 3:06 PM
208	Implementing google classroom	Sep 15, 2014 3:05 PM
209	Going to create a Google Classroom and do more exit slips on Flubaroo	Sep 15, 2014 3:05 PM
210	Socrative: Formative assessment Youtube: Make up classes Google Calendar: Organize projects	Sep 15, 2014 3:05 PM

Q2. How will you apply the learning from today in your classroom?

211	Organization and management	Sep 15, 2014 3:05 PM
212	I will be able to use the SMARTMUSIC information for student practice and assessment both (especially formative).	Sep 15, 2014 3:05 PM
213	I will work towards going paperless with my student research project using some of the online research organization and annotation tools (especially diigo). LOVED this session.	Sep 15, 2014 3:04 PM
214	I will be sure to start using Beta on my Infinite Campus and starting utilizing some of those tools more, especially student groups.	Sep 15, 2014 3:04 PM
215	Begin using Gradebook Beta Teach ipad apps in different content areas Use googledocs more for documents that are shared between coworkers	Sep 15, 2014 3:04 PM
216	Working with my PLC ipads apps for my students	Sep 15, 2014 3:04 PM
217	assessments, instruction, management (IC)	Sep 15, 2014 3:04 PM
218	Infuse learning and flubaroo to do pre and formative assesments	Sep 15, 2014 3:04 PM
219	Allow myself time to play around with each of these components. Start slow, (one classroom) and expand.	Sep 15, 2014 3:04 PM
220	review game and organization tools	Sep 15, 2014 3:04 PM
221	Using Kahoot in my classroom & editing videos for the classroom	Sep 15, 2014 3:04 PM
222	Meaningful learning from the docutech class, starfall class, differentiation options for teaching math in grades k-6 and iPad Apps for Early Literacy Skills in Grades K-2.	Sep 15, 2014 3:04 PM
223	I plan to try to use Kahoot at least once this year.	Sep 15, 2014 3:03 PM
224	The Document Camera class was awesome! So applicable for class (for absent students or students who need to check papers while other students need help).	Sep 15, 2014 3:03 PM
225	Formative assessment, differentiation and gathering data to do more informed lesson planning	Sep 15, 2014 3:03 PM
226	Star Fall in the classroom. Google docs for intake forms to parents.	Sep 15, 2014 3:03 PM
227	I will be using Google Chrome more. I learned more about Starfall.	Sep 15, 2014 3:02 PM
228	I will utilize my extensions on Google Chrome and tools for strengths & transitions. I will show my students these extensions and they can use the ones they will benefit from.	Sep 15, 2014 3:02 PM
229	I will begin using Campus Instruction Beta version and I will explore using Google Classroom.	Sep 15, 2014 3:02 PM
230	try Google forms and calendar	Sep 15, 2014 3:02 PM
231	Google Forms- Share with parents to gather information Starfall- Set up for	Sep 15, 2014 3:01 PM

Q2. How will you apply the learning from today in your classroom?

	students to use Google Calendar- Use for school events	
232	I am excited to use the ipad apps and technology from star fall into my classroom. I am also excited to use the math rotation sheets that we learned about!	Sep 15, 2014 3:01 PM
233	new research tools for Fundamentals students as well as speech	Sep 15, 2014 3:01 PM
234	My students will be using Starfall beginning this week. I found the sessions on differentiation in Math and the EDM Virtual Learning Community very helpful!	Sep 15, 2014 3:01 PM
235	Small groups	Sep 15, 2014 3:01 PM
236	I will load apps on my ipads.	Sep 15, 2014 3:01 PM
237	When differentiating my groups in math and reading. Also, I found the You Tube class helpful- I plan to use it to send my parents videos.	Sep 15, 2014 3:01 PM
238	experimenting with pre-assessment using google forms	Sep 15, 2014 3:01 PM
239	I plan on creating Google Drive folders for my English classes.	Sep 15, 2014 3:00 PM
240	My head is exploding because I learned so much today. I will begin to use EDM Virtual Learning Community to differentiate for ESL students.	Sep 15, 2014 3:00 PM
241	I will use Starfall in math and reading in stations. I also thought the differentiated math groups was very good. I am excited to use both.	Sep 15, 2014 3:00 PM
242	Google Classroom will be so helpful in streamlining student projects.	Sep 15, 2014 3:00 PM
243	I will use google docs and calendar	Sep 15, 2014 3:00 PM
244	Jump right in and start using it. Would love to have MORE classes/pd on google stuff	Sep 15, 2014 3:00 PM
245	I found new ways to use the document camera. I discovered new apps to use for my IPAD that I will use. Starfall to Read class was great and I look forward to implementing the program with my students.	Sep 15, 2014 3:00 PM
246	I will be using many of the apps/websites I learned about with my kids.	Sep 15, 2014 3:00 PM
247	Implementation of Starfall into my Readers Workshop rotation.	Sep 15, 2014 3:00 PM
248	I will use the different resources in my literacy and math block.	Sep 15, 2014 3:00 PM
249	Using websites and resources in my classroom	Sep 15, 2014 3:00 PM
250	Google hangout, google classroom, new gradebook,...	Sep 15, 2014 3:00 PM
251	I'm going to continue to explore Google Chrome & apps.	Sep 15, 2014 3:00 PM
252	Communicating to parents, ease of using YouTube and more activities with Starfall.	Sep 15, 2014 3:00 PM

Q2. How will you apply the learning from today in your classroom?

253	I would like to begin transition my documents and calendar to google. I also learned how to authorize starfall for student use. Thank you!!!	Sep 15, 2014 3:00 PM
254	Ready to use Starfall!!!!	Sep 15, 2014 2:59 PM
255	I will start using the document camera more often.	Sep 15, 2014 2:59 PM
256	I plan to use the things I learned in IC and Sosrative	Sep 15, 2014 2:59 PM
257	I will begin starfall with my ESL students. We are also going to begin groups in math.	Sep 15, 2014 2:59 PM
258	I will attempt to interact with smart phones	Sep 15, 2014 2:59 PM
259	I plan to start using Google Drive to save and merge documents. I will also begin using Starfall with my students now that I have a better understanding.	Sep 15, 2014 2:59 PM
260	I will set up learning rotations with the programs I learned about.	Sep 15, 2014 2:59 PM
261	Set up Starfall to use in my classroom, create forms to collect student information	Sep 15, 2014 2:59 PM
262	I learned lots of great tools to use for reviewing and quizzing my students.	Sep 15, 2014 2:59 PM
263	Try the differentiation methods for math. Add some extensions to Chrome to help my browser.	Sep 15, 2014 2:59 PM
264	I plan to get my class on Startfall. I also have new ideas for using the document camera.	Sep 15, 2014 2:59 PM
265	Use google forms for some accountability pieces, also for communication and organization. Start creating in google. Get kids working on Starfall more	Sep 15, 2014 2:58 PM
266	I will differentiate math using the TRI method	Sep 15, 2014 2:58 PM
267	I will use my Google Drive for storage of my documents and I will use Infinite Campus Beta to do my gradebook.	Sep 15, 2014 2:58 PM
268	lots of tech pieces to try and differentiation models to try.	Sep 15, 2014 2:58 PM
269	I found some new strategies to use with the document camera. I appreciated the new information about Starfall.	Sep 15, 2014 2:58 PM
270	I got a lot of good ideas about math differentiation and how to rotate groups so all students can benefit.	Sep 15, 2014 2:58 PM
271	I plan to share what I learned with my 1st P.L.C. and the Kdg. class I work with ,and Clive ESL team: Virtual Learning Center in EDM, iPad apps for Early Literacy skills K-2, and Starfall.	Sep 15, 2014 2:57 PM
272	Not sure....whenever I might have time to actually try some of these things	Sep 15, 2014 2:57 PM
273	I now have Google Classroom set up for all of my classes and ready to go for tomorrow. All the information is easy to take directly back to the classroom	Sep 15, 2014 2:57 PM

Q2. How will you apply the learning from today in your classroom?

274	I will try to use Google Forms but it is difficult because it does not have an equation editor. Also, I will definitely use the Document Camera features.	Sep 15, 2014 2:57 PM
275	I can't wait to use the differentiation models taught. i'll use the switch model	Sep 15, 2014 2:57 PM
276	I will use Google Apps to make spreadsheets.	Sep 15, 2014 2:57 PM
277	Google Drive, Google Slides, Google Docs, Chromebooks, Beta.	Sep 15, 2014 2:56 PM
278	I will use the new sites to enhance my student's learning and for my planning.	Sep 15, 2014 2:56 PM
279	I can use it now with confidence to share with co workers and staff and retrieve documents quickly now. I can use google forms with parents email addresses I have to create documents to share with them for responses that I need about their student.	Sep 15, 2014 2:56 PM
280	Incorporate google forms into my formative assessment.	Sep 15, 2014 2:56 PM
281	I will have students on the iPads more often now with these recommended apps.	Sep 15, 2014 2:56 PM
282	increase student learning and communication among my team	Sep 15, 2014 2:56 PM
283	I found the sessions on the IC beta to be helpful.	Sep 15, 2014 2:56 PM
284	I found the starfall and the document camera sessions very helpful to me	Sep 15, 2014 2:56 PM
285	I have been using Google Classroom since the beginning of the school year. I will be adding some more documents to the Drive to cut back on printing costs. I will also be working on my Sites page to get that updated and running.	Sep 15, 2014 2:55 PM
286	I have lots of new great ideas! The calendar session was helpful and I will use this information right away! The google sessions were awesome and since I do not have much background on this, it will be so helpful.	Sep 15, 2014 2:55 PM
287	I will use the research skills that I learned from Kristine and Shannon. I learned some new search tools in Google, and that is very helpful. I will also have my students use Diigo to help them organize their research, but I will also use it as an annotated article.	Sep 15, 2014 2:54 PM
288	I wanted to learn more about Google Classroom and had some ideas of how to utilize it. Unfortunately, it doesn't work quite how I need it to- so it may not be something I use.	Sep 15, 2014 2:54 PM
289	biggest take -away today was becoming motivated to use google classroom more, but as that happens, I envision using google docs more than the s-drive	Sep 15, 2014 2:54 PM
290	With the addition of Chromebooks in the next couple of weeks, much of the features will come in handy to instruct students.	Sep 15, 2014 2:54 PM
291	Google presentation was useful. It is nice to know it is a lot like PowerPoint	Sep 15, 2014 2:54 PM
292	Taking more formative assessments on the computer into my classroom	Sep 15, 2014 2:54 PM
293	Establish a Google Classroom	Sep 15, 2014 2:54 PM

Q2. How will you apply the learning from today in your classroom?

294	1-Use google forms to create online inventories for parents and teachers used in identification 2-google docs and google drive to manage student writing 3-visual nonfiction essays for student products	Sep 15, 2014 2:53 PM
295	I will use what I learned in the google apps class to make spreadsheets to collect data.	Sep 15, 2014 2:53 PM
296	I learned one or two things in each session that I feel will help to improve my instruction.	Sep 15, 2014 2:53 PM
297	I think I will be able to apply what I have learned quite easily. The youtube class will allow me to finally be able to share the students reader's theaters with the parents. Have the ability for all the kids to create 1 research paper and then they can both work on it will be great. Google in the classroom taught me how to create a doc and let the teacher edit and grade it without printing out copy after copy!!!	Sep 15, 2014 2:52 PM
298	I will use google forms for tests in the future. I will use a google site to communicate with students and families.	Sep 15, 2014 2:52 PM
299	When my kids can get on a computer they can work on projects and edit each other's papers.	Sep 15, 2014 2:52 PM
300	Differentiate lessons and work more efficiently with my peers.	Sep 15, 2014 2:52 PM
301	With the use of Google Docs	Sep 15, 2014 2:51 PM
302	I felt that the google sessions were great. I have already put my new knowledge to work with my colleagues. Google doc specifically as well as the form.	Sep 15, 2014 2:51 PM
303	I am very excited about implementing the Google drive items and using it for writing especially.	Sep 15, 2014 2:51 PM
304	I will apply the differentiation session I took in math.	Sep 15, 2014 2:51 PM
305	I will be able to implement the Virtual learning class into my math lessons. The apps suggested will be great for our Daily 5 .	Sep 15, 2014 2:50 PM
306	I plan to use google forms and google spreadsheet to collect and organize information. Google will allow me to collaborate with my PLC easily.	Sep 15, 2014 2:50 PM
307	Helping those I coach to set up and manipulate certain Google features.	Sep 15, 2014 2:50 PM
308	Will be trying the Google Classroom ideas for sure. Students should love the concepts associated with it.	Sep 15, 2014 2:50 PM
309	Using youtube videos for presentations. Still working out how I will use Google docs, drive, etc.	Sep 15, 2014 2:50 PM
310	Incorporating math technology and using new IPad apps to keep students motivated.	Sep 15, 2014 2:50 PM
311	I will use the Google calendar more and feel more confident creating Google docs. I will also feel more comfortable helping my 8th grade daughter with her	Sep 15, 2014 2:49 PM

Q2. How will you apply the learning from today in your classroom?

homework. Thank you!

312	Apply new technology skills	Sep 15, 2014 2:49 PM
313	I will use Google Drive with my students, the math differentiation model, new Ipad Apps, and the Virtual Learning Community.	Sep 15, 2014 2:49 PM
314	We will move to Classroom and Beta	Sep 15, 2014 2:48 PM
315	I will try and implement Google drive into PLC meetings and other documents so we can edit at once. I will also create and RSA packet to use in my classroom.	Sep 15, 2014 2:48 PM
316	Using google calendars and star fall	Sep 15, 2014 2:47 PM
317	Great options for teacher collaboration through Google Drive and apps (docs, forms, etc.). Also, great new tools for fun, fast-paced, informal assessments and surveys for students.	Sep 15, 2014 2:47 PM
318	I will be changing my math lessons using new apps I learned about, and grouping students differently.	Sep 15, 2014 2:46 PM
319	Google classroom looks pretty awesome. It's somewhat similar to weebly so that part was frustrating. I've already uploaded so much to weebly and now we have google classroom. I wish we had a 5 year plan that all students and staff were on the same page. We're all using google classroom for the next five years and learning how to improve it. Not switching things EVERY year. We've had moodle, we've had weebly, and now google classroom. They're all good, so just pick one as a district. I think the kids would be more familiar and be able to do more when every teacher in every building is doing somewhat similar things. Google Drive has been fairly successful with this, lets do that with weebly/google classroom.	Sep 15, 2014 2:46 PM
320	Starfall EDM Math Messages	Sep 15, 2014 2:46 PM
321	I am interested in using tips from Flubaroo and Google Classroom in my own classroom once we get the Chromebooks. I think using Google Forms and then running responses using Flubaroo will be a good pre-assessment tool, as well as an easy way to formative assess throughout a unit.	Sep 15, 2014 2:45 PM
322	Add more detail to my google apps	Sep 15, 2014 2:45 PM
323	I will be implementing the MATH model I learned in my Everyday Math differentiation class, adding iPad apps that I discovered throughout the day.	Sep 15, 2014 2:45 PM
324	I left today with many new ideas for differentiating instruction for math and how to create Google docs to collaborate in the classroom and with PLCs.	Sep 15, 2014 2:45 PM
325	I will be utilizing a lot of the apps I learned in my curriculum.	Sep 15, 2014 2:45 PM
326	Reviewing some differentiation in math, I learned about the Reflector App today, Google Sheets to organize data for formative daily assessment in math. I learned how to color code the data!	Sep 15, 2014 2:44 PM
327	more ways to use ipads and technology in the classroom	Sep 15, 2014 2:44 PM

Q2. How will you apply the learning from today in your classroom?

328	I will be able to use google Docs, Drive, Apps, and calendar on a daily basis. I want to use document sharing in my PLC and to share roster information with other teachers.	Sep 15, 2014 2:44 PM
329	I will begin to shift files over to drive. I am excited about surveys and some of the apps we learned about.	Sep 15, 2014 2:42 PM
330	I will need to process all of the info and see where things best fit. I will definitely be using IC Beta	Sep 15, 2014 2:42 PM
331	I will implement the quiz and pre-assessment tools that I learned today	Sep 15, 2014 2:42 PM
332	I would like to show the students how to use Google Drive - this would help eliminate saving issues.	Sep 15, 2014 2:42 PM
333	I will implement Kahoot! tomorrow in class. In addition, I will look at my math instruction and work on differentiation to help my math instruction. I will continue to explore Google Apps to add to my classroom iPads.	Sep 15, 2014 2:42 PM
334	Makin Kahoots for social studies. Will explore google docs and practice using. download apps to ipads and make folders.	Sep 15, 2014 2:41 PM
335	I plan on using Infuse Learning during my study skills class to do a formative assessment on what they are learning in their gen ed classes. I plan on using google calendar to keep myself organized with my IEP meetings and other meetings. I could maybe create a calendar that I could share with parents on due dates, etc? I hope to set up Google Classroom to help with writing - and possibly reading - probes.	Sep 15, 2014 2:41 PM
336	I will use the features available in Infinite Campus beta to aid my communication and plan my classes.	Sep 15, 2014 2:41 PM
337	I will use the Virtual Learning Community for everyday math to help expand and support my teaching. I will try new things with Google docs and will add multiple apps to reinforce Ipad learning.	Sep 15, 2014 2:41 PM
338	I plan on using the google classroom and some of the social skills apps in my classroom. Due to me being a sped teacher, I can use a lot of it to differentiate amongst my students.	Sep 15, 2014 2:40 PM
339	I will use google calendar to merge my events in various roles at home, at school and as an art department. I will use google docs to share information and ask questions within the art department. I will use you tube to teach my students to edit their own stop motion videos and publish them to you tube. They will be able to critique their own and the work of others. These videos can be shared with parents.	Sep 15, 2014 2:40 PM
340	I learned valuable information that I did not know about my grade book, the document camera, kahoot and calendar.	Sep 15, 2014 2:39 PM
341	I will use one the google apps for my music classroom. The you tube trimming app was useful for when I show videos to my class.	Sep 15, 2014 2:39 PM
342	I will be using kahoot to do preassessments and review games!! I set up google	Sep 15, 2014 2:39 PM

Q2. How will you apply the learning from today in your classroom?

	classroom and am thinking that i will use it but still need more information on how to best use it for collaboration/group projects.	
343	I will look over the handouts supplied electronically and use the information from every presentation that I attended.	Sep 15, 2014 2:39 PM
344	I hope to start using Drive with my students soon.	Sep 15, 2014 2:38 PM
345	I will use starfall and now I know a lot more about google apps.	Sep 15, 2014 2:38 PM
346	PD session for staff	Sep 15, 2014 2:38 PM
347	Calendar and Docs. I will share with the team and with my parents.	Sep 15, 2014 2:37 PM
348	I have a working website and will use what I learned in youtube 201 and integrate it on my site.	Sep 15, 2014 2:37 PM
349	I will be trying out Kahoot!	Sep 15, 2014 2:37 PM
350	I will use Google Drive - docs, forms, sheets - to organize information related to my students.	Sep 15, 2014 2:37 PM
351	Applying the Kahoot assessment tools for informal modes to assess clarity of content. Perhaps once a month to keep the excitement. Utilizing Google docs for test taking using multi-media modes.	Sep 15, 2014 2:37 PM
352	I'm hoping to be able to have students/parents fill out their own personal information for activities, clubs, etc. Also integrating more YouTube videos that are class appropriate to give students more variety.	Sep 15, 2014 2:36 PM
353	I will use the technology to share with peers.	Sep 15, 2014 2:36 PM
354	I will implement it as possible.	Sep 15, 2014 2:36 PM
355	Majority of the classes were Intro Level basic material. I took the 200 level courseshoping for a class that helped me actually create things. Instead, the majority of the learning was stuff I am already using in my classroom.	Sep 15, 2014 2:31 PM
356	I have an understanding of Google and the different apps available and how it is like/unlike Word, Excel, etc. I will be more likely to try and use these apps in the future than I would have before today.	Sep 15, 2014 2:31 PM
357	I plan to find ways to make selected resources available to my students (and to their parents), so materials will be available 24/7. I also want to get better at the research tools, so I can be better at teaching with them -- and with helping kids to ORGANIZE the materials that they find.	Sep 15, 2014 2:31 PM
358	I really enjoyed the Infuse Learning and Kahoot sessions. I think these will be great for quiz and test review as well as pre-assessment.	Sep 15, 2014 2:29 PM
359	Making an effort to utilize the technology based programs that were learned. However, having the appropriate resources may be challenging.	Sep 15, 2014 2:29 PM
360	I will use Google Chrome and more Starfall	Sep 15, 2014 2:29 PM

Q2. How will you apply the learning from today in your classroom?

361	Can start using Kahoot it! tomorrow. Lots of ideas of implementing with mental math, word study, and vocabulary for content areas. When i get more time to explore google docs and forms, i plan to create quizzes and response forms for class.	Sep 15, 2014 2:29 PM
362	I will get my I-pads out and start using them!! Google docs will also be fun to explore!	Sep 15, 2014 2:28 PM
363	I learned a lot about the new Infinite Campus Beta and how it can be helpful with grading and keeping track of my students work. I will definitely be able to use this in my classroom to communicate grades and scores with students and parents.	Sep 15, 2014 2:28 PM
364	Google Sheets - Collect classroom data	Sep 15, 2014 2:26 PM
365	Setting up google classroom to communicate with students and try to go paperless in some ways Converting files over to google docs	Sep 15, 2014 2:26 PM
366	I have many new iPad apps that will provide practice in math and language.	Sep 15, 2014 2:26 PM
367	I look forward to using the new ideas I learned today into my classroom. I plan to implement Starfall and revamp my math rotations to align with what I learned today.	Sep 15, 2014 2:25 PM
368	I enjoyed the practical applications that were presented in the sessions, such as the iPad apps and the EDM differentiation session.	Sep 15, 2014 2:25 PM
369	I will hopefully get an updated document camera so I can record video with it and use that for instruction and for absent students. In Spanish II we will be doing a video project this semester and I will use YouTube.	Sep 15, 2014 2:25 PM
370	I will look at the different styles of lesson plans for rotations/differentiation in math. I will add apps that I've seen or heard of in today's session for math, science, health, and reading.	Sep 15, 2014 2:25 PM
371	Transferring google calendar and using google drives	Sep 15, 2014 2:25 PM
372	I plan to use the differentiated math models given to me today to structure my math groups for the year.	Sep 15, 2014 2:23 PM
373	I will continue to use Google Drive at school. I learned many new apps to add to my iPads for my students. Also learned how to use and created an account with Kahoot to create surveys and quizzes for my kids.	Sep 15, 2014 2:22 PM
374	Lots of good information to integrate in my mind and at school. I knew very little about Google before today. The first step is just to start using it.	Sep 15, 2014 2:21 PM
375	I am excited to work math rotations into my weekly routine and to add Starfall to both my math and reading rotations.	Sep 15, 2014 2:21 PM
376	I can use some of the google extensions in my class to eliminate the ads.	Sep 15, 2014 2:20 PM
377	I will have my students use Google Docs to collaborate with reports/stories/projects.	Sep 15, 2014 2:20 PM

Q2. How will you apply the learning from today in your classroom?

378	I will use Starfall in my classroom. I will continue to refine my differentiation in math by developing my grouping system.	Sep 15, 2014 2:20 PM
379	I will have to use the new grade book for keeping track of students grades. I am going to try and use the doc camera for more then what I've been doing so far. Also using Google word program for language translating English to Spanish.	Sep 15, 2014 2:19 PM
380	I would like to use google docs and/or Flubaroo for formative assessment before and during the teaching of a unit.	Sep 15, 2014 2:17 PM
381	I will be using the differentiation ideas I learned about in one of the sessions today. This day also gave me new ideas to use technology.	Sep 15, 2014 2:17 PM
382	I plan to send parents a link to a calendar I created for my classroom. I will also create a YouTube channel for parents to see student presentations.	Sep 15, 2014 2:16 PM
383	I will use some of the things I learned today as formative assessment tools in my room.	Sep 15, 2014 2:16 PM
384	Google Apps, Docs, Classroom. These are amazing resources and I am so very excited to implement those in my classroom.	Sep 15, 2014 2:15 PM
385	I really liked the goggle calendars class, and the info on beta grade book	Sep 15, 2014 2:14 PM
386	I appreciated learning more about Starfall and using it during my Literacy time.	Sep 15, 2014 2:14 PM
387	I would like to utilize Google docs to make it easier for students to share their work with me and each other.	Sep 15, 2014 2:14 PM
388	I will totally use the math differentiation. I plan to use this information.	Sep 15, 2014 2:13 PM
389	Created my classroom website!! My students and I will use it every day. Also learned cool extensions.	Sep 15, 2014 2:13 PM
390	I have set up Google Classrooms, I know more about IC and distributing assignments and other functions in the new IC Beta, I know more tips to pass on to kids for researching and narrowing Google searches	Sep 15, 2014 2:12 PM
391	I will be using the document camera (finally) to help assist with lessons and youtube videos will be easier to include now that I know how to edit the content that I would like.	Sep 15, 2014 2:12 PM
392	I will use the math differentiation info right away. I have been wanting to incorporate rotations into my math block.	Sep 15, 2014 2:11 PM
393	I enjoyed the Starfall class. I think there are a lot of math my 2nd graders can use. There seems to be some multiplication and division. That will help with differentiation.	Sep 15, 2014 2:11 PM
394	I will use Google docs in my classroom. I will also use starfall for reading interventions for lower students.	Sep 15, 2014 2:11 PM
395	Differentiated Math, use of tricks for small groups, apps for iPads, use google docs for writing.	Sep 15, 2014 2:10 PM

Q2. How will you apply the learning from today in your classroom?

396	I am anxious to used shared docs with Google.	Sep 15, 2014 2:10 PM
397	I am very excited to activate my students' email accounts so that they can start typing in Google Docs for their first Being A Writer published pieces. This will help with printing as well as my conferencing and editing.	Sep 15, 2014 2:10 PM
398	All sessions apply to my job in some way. I'll be adding Google apps and extensions, using/teaching Diigo, and organizing my Google Drive.	Sep 15, 2014 2:10 PM
399	I am making folders on youtube for videos that enhance curricular areas. Starfall will be utilized for reading and math - a great differentiation tool!	Sep 15, 2014 2:10 PM
400	Google calendars to reserve computers	Sep 15, 2014 2:10 PM
401	I have learned about apps for making presenting information to listen to reading for students. All will be used in my classroom.	Sep 15, 2014 2:08 PM
402	I appreciate the information on GoogleDocs.	Sep 15, 2014 2:08 PM
403	Use it for discussions.	Sep 15, 2014 2:07 PM
404	The changes to the gradebook will be helpful when we switch over. Transition to the google classroom.	Sep 15, 2014 2:07 PM
405	Better way to teach technology	Sep 15, 2014 2:07 PM
406	Every second of every day.	Sep 15, 2014 2:02 PM
407	I will continue to try the different applications and get familiar with them.	Sep 15, 2014 1:58 PM
408	I will try to use google docs and forms and socrative....i think i will use all of the information i learned today.	Sep 15, 2014 1:57 PM
409	Different ways to use technology in the classroom.	Sep 15, 2014 1:55 PM
410	Start using Google Drive to update district information and to communicate a live document with peers.	Sep 15, 2014 1:48 PM
411	All of the classes were technology based so application will be easy.	Sep 15, 2014 1:41 PM
412	I will be using Google Drive to share documents with the other reading teachers in my building.	Sep 15, 2014 1:33 PM
413	I will start using the beta grade book so I will be ready for the transition next summer.	Sep 15, 2014 1:32 PM
414	Infinite Campus will be beneficial. I like knowing a bit about Google "stuff"	Sep 15, 2014 1:31 PM
415	The best thing for me will be the information on grade book Beta	Sep 15, 2014 1:26 PM
416	I will use the information from the Google Sessions (Google Drive 201, Chrome Web Apps, Google Hangouts) to communicate and collaborate more effectively with colleagues. I will use the tips from sessions about Google Drive and Web Apps to share information with students, create forms and assessments, and	Sep 15, 2014 1:25 PM

Q2. How will you apply the learning from today in your classroom?

	(hopefully) find some apps that are applicable in my music classroom.	
417	I want to incorporate more You Tube clips into my lessons.	Sep 15, 2014 1:23 PM
418	I will communicate with colleagues through Hangouts.	Sep 15, 2014 1:23 PM
419	I already an and will continue to us goodle doc,presentation and forms in my classroom.	Sep 15, 2014 1:20 PM
420	My goal is to edit videos for band students to view and provide feedback on screen	Sep 15, 2014 1:16 PM
421	I really want to play around with Google Docs and Apps.	Sep 15, 2014 1:12 PM
422	Don't know if I will. Most likely will try to make documents so I have easier access to them	Sep 15, 2014 1:03 PM
423	I thought it was useful to learn about classroom. I do think this is a useful tool as a way to get assignments that are "not done" from the students.	Sep 15, 2014 1:03 PM
424	I want to use Google docs for sampling student answers as a whole class	Sep 15, 2014 1:03 PM
425	I will begin to learn more about Google and its applications.	Sep 15, 2014 1:00 PM
426	Lesson preparation	Sep 15, 2014 12:59 PM
427	I will definitely try out some new strategies.	Sep 15, 2014 12:59 PM
428	I will put youtube videos in a playlist to organize them.	Sep 15, 2014 12:58 PM
429	I will be setting up small differentiated math groups using the ideas from Mackenzie and Shana. I have already installed new apps on my iPad. I will be "playing" with my google apps to learn more!	Sep 15, 2014 11:19 AM
430	I am planning to download new apps I learned about for my students and also became much more familiar with google forms to utilize with my parents.	Sep 15, 2014 11:15 AM
431	All of it, document camera, and infuse learning will be used daily.	Sep 15, 2014 10:43 AM
432	google forms was fabulous but I feel that there could have been a 200 level class for this or a repeat so if you warent sure how to impliment it .	Sep 15, 2014 10:32 AM
433	I can apply all the things I learned today in my classroom and outside of it as well.	Sep 15, 2014 9:23 AM
434	I am looking forward to trying the virtual field trips from Google Hangouts.	Sep 15, 2014 9:09 AM
435	I will try to create a test from the Flubaroo class that I took for my students before the start of the new year.	Sep 15, 2014 8:37 AM

Q3. What did you like about today? What went well?

1	I liked having multiple choices! We could find a class that suited our discipline.	Sep 19, 2014 2:19 PM
2	I liked having lots of choices for the sessions. I also liked the schedule.	Sep 18, 2014 4:43 PM
3	60 apps session Document camera	Sep 18, 2014 3:47 PM
4	The sessions were well organized and covered the material. I especially liked the student presenters in Jeff Ver Helst's session. They were very well-spoken and were able to demonstrate what they had learned in 5th grade. It was awesome.	Sep 18, 2014 1:48 PM
5	It was fast paced and had interesting teachers.	Sep 18, 2014 12:07 PM
6	I liked having options of what sessions to go to.	Sep 18, 2014 9:37 AM
7	I liked the different options that were available to us to choose from.	Sep 18, 2014 8:50 AM
8	Length of class, sizes, format, all very well done.	Sep 18, 2014 8:38 AM
9	Technology is as motivating for teachers as it is for students. I love learning the newest tricks and programs and see how that can help improve my teaching. Being able to pick what classes are best suited for me is also helpful.	Sep 18, 2014 8:35 AM
10	I thought the smaller groups/sessions were great and went very well. If there were more people in each session I think it would have been too much. I liked that there were so many options, including an option to just play around in Google Playground (however, I wish I had chosen that option!). Using students to teach the class was such a great idea and I loved that!	Sep 18, 2014 8:32 AM
11	individuals could pick their sessions to get the most out of the training	Sep 18, 2014 8:28 AM
12	Some of the sessions I attended were informative and novice.	Sep 18, 2014 8:04 AM
13	I liked the opportunity to choose my sessions-also the diversity of sessions.	Sep 18, 2014 8:00 AM
14	I liked that the classes were not packed and that it gave us an opportunity in each session to ask questions and to try it out.	Sep 18, 2014 7:52 AM
15	Instructors were well prepared in their subject matter.	Sep 18, 2014 7:02 AM
16	I thought it went well--we had sufficient breaks, the instructors were knowledgeable. It was nice to have the time at the end to work on a few things--google playground.	Sep 17, 2014 9:22 PM
17	I liked having choice in what I saw. I appreciated the time to learn and then time to explore.	Sep 17, 2014 9:00 PM
18	I liked the variety of sessions, the length of sessions, and the format. I liked the advanced sign up and information prior to the day.	Sep 17, 2014 8:11 PM
19	I like that the sessions were led/taught by real teachers who use the technology they taught on. I liked that all of the classes had practice time built in. I like the choices if classes available.	Sep 17, 2014 8:00 PM

Q3. What did you like about today? What went well?

20	I liked the variety of choices.	Sep 17, 2014 6:40 PM
21	Very informative. I learned a lot and will use a lot of it in my classroom.	Sep 17, 2014 5:19 PM
22	I really liked the Google classes. I felt like they really pertained to me as a preschool teacher and I could find uses for many of the apps.	Sep 17, 2014 4:45 PM
23	I really enjoyed the programming that took place. The variety in the classes helped me enjoy a very well-rounded experience and I was able to learn about a wide array of technology that will help me improve my teaching.	Sep 17, 2014 4:35 PM
24	I did not like that the Using data class used pre-test results from real children with complete names--lack of confidentiality	Sep 17, 2014 4:24 PM
25	Differentiation	Sep 17, 2014 4:19 PM
26	K-2 apps. She had a lot of information to share and shared how she used them across areas.	Sep 17, 2014 4:06 PM
27	I felt the workshops were immediately useful.	Sep 17, 2014 4:05 PM
28	sessions were long enough to learn something, but not so long they drug on... Jeff's session with 4th - 6th grade; Orsini on google	Sep 17, 2014 4:03 PM
29	I liked the short break out sessions. I wish that I could have gotten in to my first favorite choice.	Sep 17, 2014 4:03 PM
30	Loved hearing the students share from JC about Google!	Sep 17, 2014 3:58 PM
31	The sessions on Google research and organizing Google information (Milburn/Johnson) were great!	Sep 17, 2014 3:52 PM
32	learning more about google products	Sep 17, 2014 3:48 PM
33	That we could choose our sessions and the long lunch to process learning with colleagues.	Sep 17, 2014 3:47 PM
34	I liked it being hands on, and choosing what I wanted to do	Sep 17, 2014 3:44 PM
35	I chose what to go to in my priorities and had time to review beforehand.	Sep 17, 2014 11:38 AM
36	All day 5 sessions - perfect gave me a chance to both atend session of topics I am familar with and using as well as "take a chnce" spending some time on topics I have no clue on 101 and 201 levels - great idea - differentiation does work with adults	Sep 17, 2014 10:51 AM
37	I loved Google Chrome 101,Google Docs with the lady from SE Polk, and Google Forms!	Sep 17, 2014 9:53 AM
38	variety	Sep 17, 2014 6:52 AM
39	I enjoyed that it was all about using technology! Liked the different options of classes. REALLY enjoyed and got a lot from the majority of the classes. Liked the hands on experiences. Thanks for a great day!	Sep 16, 2014 5:51 PM

Q3. What did you like about today? What went well?

40	We could choose our sessions This was one of the first staff development days I looked forward to, worthwhile technology presented!	Sep 16, 2014 4:14 PM
41	I liked the overview approach, giving me a taste of what was available along with resources to address additional questions.	Sep 16, 2014 3:45 PM
42	Time to work, practical applications	Sep 16, 2014 3:30 PM
43	I like that we were able to choose the sessions that were interesting and useful for our purpose.	Sep 16, 2014 2:28 PM
44	Great choices. I liked being able to choose what I needed.	Sep 16, 2014 2:21 PM
45	Classes were aimed at real world classroom situations. I was able to talk to a tech and get some laptop issues resolved.	Sep 16, 2014 12:55 PM
46	I liked being able to choose my "classes." But there were SO many choices it was a little overwhelming.	Sep 16, 2014 12:25 PM
47	Choice.	Sep 16, 2014 12:19 PM
48	Jim Martin did an excellent job with the Google Docs session. He was very thorough and knowledgeable. Shana Olson and Mackenzie Nichols provided good information about differentiating in EDM. I like that they gave a few models that could work and then we had some time to think about how one of the models could work in our own classroom.	Sep 16, 2014 11:59 AM
49	I liked all the options and enjoyed all the modules I took.	Sep 16, 2014 11:59 AM
50	I enjoyed that our time didn't seem like it was wasted, or that sessions were let-downs. Each sessions I learned something new and useful.	Sep 16, 2014 11:37 AM
51	jim martin and jackie n seessions were very good	Sep 16, 2014 11:10 AM
52	I liked that the individual sessions were just an hour long.	Sep 16, 2014 10:39 AM
53	There were a variety of activities to choose from, which helped our learning be relevant to us.	Sep 16, 2014 9:41 AM
54	I liked the variety and I liked the morning learning time.	Sep 16, 2014 9:04 AM
55	The variety of classes was great. I liked being able to pick what applied to me.	Sep 16, 2014 8:33 AM
56	creative ways to track student learning. Updates to infinite campus requirements	Sep 16, 2014 7:58 AM
57	I like the idea that the PD was interesting and geared to bringing us into the 21st Century.	Sep 16, 2014 7:38 AM
58	The Google Playground was a great time to implement what I thought might work in the classroom.	Sep 16, 2014 7:09 AM
59	Great topics! These should be continued in staff development classes. Not enough time to fully understand and grasp all the tools available to us.	Sep 16, 2014 6:51 AM

Q3. What did you like about today? What went well?

60	i liked learning about a program i already use and can ask questions and learn MORE about it	Sep 16, 2014 6:26 AM
61	I liked the choices and was given time to try some of the information that was given.	Sep 15, 2014 11:25 PM
62	The presenters did a good job.	Sep 15, 2014 11:12 PM
63	Helpful attitudes about learning.	Sep 15, 2014 11:11 PM
64	Choice of session Presentors were pleasant and not talking over our heads	Sep 15, 2014 8:03 PM
65	Being able to choose our classes.	Sep 15, 2014 7:32 PM
66	New ideas to improve presentation of material and management of student info. Almost too much to sort through but I guess all this Google stuff will at least let me find something that works best for me.	Sep 15, 2014 7:29 PM
67	Concise sessions that moved quickly.	Sep 15, 2014 7:17 PM
68	Presensotrs were well prepared and had better antipation of teachers needs.	Sep 15, 2014 6:59 PM
69	I found the information/topics to be applicable and the instructors relatable.	Sep 15, 2014 6:55 PM
70	I thought today would be a waste with some of the classes I was taking but liked getting new ideas how to use Drive and Calendar. Also, enjoyed the extra time to explore and ask questions in each class.	Sep 15, 2014 6:34 PM
71	The choice of sessions to attend. The presenters knew their content.	Sep 15, 2014 6:12 PM
72	Applicable to classroom	Sep 15, 2014 5:43 PM
73	Good variety of classes. Knowledgeable presenters.	Sep 15, 2014 5:13 PM
74	Practical ideas on how to save time in the classroom were helpful.	Sep 15, 2014 4:53 PM
75	Love the technology focus - we should do this every year; especially if we're becoming a google-school-district. I like the format of five sessions for an hour each, ten minute passing, an hour and half for lunch. Speakers were all good (the ones I had). I like the laid-back atmosphere where it was learning, but also fun - not hardcore, serious meeting-sessions with business-world-like stern speakers. It's a great day and very valuable.	Sep 15, 2014 4:41 PM
76	Getting to choose the area of interest, and the fact that it is something hands on	Sep 15, 2014 4:33 PM
77	I liked we had options to register for	Sep 15, 2014 3:56 PM
78	I love that I can choose what sessions I want to attend. Love the hands-on and time to "play" with what I've learned!	Sep 15, 2014 3:51 PM
79	Presenters seemed very well received by the teachers.	Sep 15, 2014 3:48 PM
80	I loved the sessions about Google Sites and Google Docs! Excited to use them both.	Sep 15, 2014 3:44 PM

Q3. What did you like about today? What went well?

81	I liked that I am walking away feeling that I know a little bit more to help myself and students in the classroom. The presenters were knowledgeable and helpful. Most were team taught so that one could present and the other could walk around and help or answer specific questions. I like that the information was relevant and I never felt embarrassed that I didn't know something because we were all there to learn.	Sep 15, 2014 3:37 PM
82	All session were well planned and had plenty of information to fill the hour. My mind was on overload, but it was good. I left feeling there is a lot I want to follow up on and implement ASAP. Great instructors.	Sep 15, 2014 3:35 PM
83	I liked that we were able to select the sessions based on our needs. We were also able to select sessions at the "201" level which were based on more advanced applications if we have already been utilizing something.	Sep 15, 2014 3:22 PM
84	choices were good. having a bit of time to try things during class was nice, I just need more time to sort through the new info. I liked that you could go to the media center and try things out. I'd have done that if I didn't have so many things on my "go to" class list.	Sep 15, 2014 3:21 PM
85	Very informative and useful. Handouts were beneficial and helpful. Equipment up and ready to use.	Sep 15, 2014 3:21 PM
86	Enjoyed all sessions and really learned from each one.I	Sep 15, 2014 3:20 PM
87	I like that we were able to try it and experience it on the computer today.	Sep 15, 2014 3:18 PM
88	The skills and knowledge I learned I can use immediately in my class.	Sep 15, 2014 3:18 PM
89	Experts and hands on time.	Sep 15, 2014 3:18 PM
90	The instructors were very organized and well prepared. Their materials were geared toward everyone in the room. The information provided was highly relevant and useful. Great day!	Sep 15, 2014 3:18 PM
91	All the information that I got today was immediately applicable to my classroom and my teaching.	Sep 15, 2014 3:18 PM
92	The format, The flow, the time for each session.	Sep 15, 2014 3:18 PM
93	Excellent instructors and communications leading up to today. Thank you for helping us feel that planning was in place for quality instruction.	Sep 15, 2014 3:17 PM
94	I liked having choices and being able to attend classes that will be applicable to my content.	Sep 15, 2014 3:17 PM
95	There were lots of opportunities to experiment with what we learned.	Sep 15, 2014 3:17 PM
96	The opportunity to choose the sessions that apply best to me. The chance to practice what we have learned.	Sep 15, 2014 3:17 PM
97	Presenters were well prepared. There was much information provided and it was connected to our classroom needs. It seemed to apply to all groups that were in the room equally.	Sep 15, 2014 3:17 PM

Q3. What did you like about today? What went well?

98	Smart music info was great.	Sep 15, 2014 3:16 PM
99	ability to sign up for sessions that appeal to us. schedule was easy not rushed between sessions.	Sep 15, 2014 3:16 PM
100	Presenters well well prepared and energetic.	Sep 15, 2014 3:16 PM
101	I liked that we switched every hour. It gave us a chance to get up and move. I also like that we had a lot of options to choose from.	Sep 15, 2014 3:16 PM
102	I loved that we could pick up with things exactly where we needed to! We are all at different levels with technology (just like our students are with the material we are teaching them) and the various offerings of sessions AND the varying levels within each category - absolutely great!	Sep 15, 2014 3:15 PM
103	I liked the extension class, the Diigolet, and the youtube class.	Sep 15, 2014 3:15 PM
104	Freedom to choose my learning	Sep 15, 2014 3:15 PM
105	I liked the differentiation session. I liked the Google sites 201 session with work time.	Sep 15, 2014 3:15 PM
106	Like the shorter sessions, with chance to get up and move frequently. Instructors were all approachable and easy to understand.	Sep 15, 2014 3:15 PM
107	I learned the new Google apps for different purposes. Printed handouts were helpful.	Sep 15, 2014 3:15 PM
108	ability to choose sessions and that it was noted what grade levels were applicable	Sep 15, 2014 3:15 PM
109	It all went well, it was just too much for one day. I learned about google docs in the morning and utube in the afternoon.	Sep 15, 2014 3:14 PM
110	Lots of good information and the instructors were very good. Good to have more than one instructor in each class, one to teach and one to help those who need assistance with questions or computer issues.	Sep 15, 2014 3:14 PM
111	I loved the session selection!	Sep 15, 2014 3:14 PM
112	The docs and apps were a lot of fun. Can't wait to use them.	Sep 15, 2014 3:14 PM
113	I liked the menu approach. We could self-differentiate and attend sessions that could be meaningful to us.	Sep 15, 2014 3:14 PM
114	I liked being able to choose my courses.	Sep 15, 2014 3:14 PM
115	Very informational. Feel like I have a good place to start using some of the google items.	Sep 15, 2014 3:14 PM
116	Most of the sessions were well presented. It was nice to have work time after we learned the new info.	Sep 15, 2014 3:14 PM
117	Learning more about Starfall and math differentiation.	Sep 15, 2014 3:14 PM

Q3. What did you like about today? What went well?

118	I liked all the apps I learned about. I learned so much more about Chrome and all the extensions and ways to use it to make things easier for students and myself.	Sep 15, 2014 3:14 PM
119	Lots of different options	Sep 15, 2014 3:14 PM
120	Learned about Google Classroom.	Sep 15, 2014 3:14 PM
121	I liked that we had time to "play" with the technology and explore in Starfall and Google. The time per session was perfect. There were good suggestions for how to manage games for centers during differentiation.	Sep 15, 2014 3:14 PM
122	Wide variety	Sep 15, 2014 3:14 PM
123	The practical applications for the classroom were the ones that I benefited from the most.	Sep 15, 2014 3:13 PM
124	All the classes. Some thinking that technology we learned last year is now not supported or the district is going in a different direction. Poor planning.	Sep 15, 2014 3:13 PM
125	I got to choose classes for my interest. Every class was well prepared.	Sep 15, 2014 3:13 PM
126	Almost everything Time to try the things being taught First PD I went to that I wasn't exhausted by the end of the day	Sep 15, 2014 3:13 PM
127	I enjoyed the shorter length sessions to keep attention.	Sep 15, 2014 3:13 PM
128	Learning about the power of google. Presenters were good.	Sep 15, 2014 3:13 PM
129	I learned so much but need more time to process.	Sep 15, 2014 3:13 PM
130	I liked the different google apps. It was also good to go to IC.	Sep 15, 2014 3:13 PM
131	I liked that I could pick my own schedule. Useful information.	Sep 15, 2014 3:13 PM
132	The trainers were fantastic.Sessions made me feel comfortable and were geared for our skill level.	Sep 15, 2014 3:13 PM
133	Lots of options, led by our staff	Sep 15, 2014 3:13 PM
134	I learned a lot of new things. I liked that we could choose what would be applicable to what we do when choosing sessions.	Sep 15, 2014 3:13 PM
135	I liked how we were able to choose what sessions we wanted to attend. It was nice to be able to choose what interested us. The presenters also did a very nice job giving information and answering questions.	Sep 15, 2014 3:13 PM
136	lots of hands-on training	Sep 15, 2014 3:13 PM
137	I got very good instructions on grade book and Google docs.	Sep 15, 2014 3:13 PM
138	I liked the variety of sessions, especially 60 Extensions.	Sep 15, 2014 3:13 PM
139	Chrome Extension Buttons	Sep 15, 2014 3:13 PM

Q3. What did you like about today? What went well?

140	Math you tube	Sep 15, 2014 3:12 PM
141	I loved getting to chose what I would take. I also liked that one I took my first two courses, I realized a different course than I had signed up for slot 3 would be more beneficial. It was nice that I was able to slip in to the class anyway.	Sep 15, 2014 3:12 PM
142	I really enjoyed the google classroom and ipad apps classes. I got a lot of information and think they will be very helpful.	Sep 15, 2014 3:12 PM
143	I liked being able to choose what I wanted help with and what I wanted to learn. I thought all the presenters did very well.	Sep 15, 2014 3:12 PM
144	The classes were extremely well presented and varied in topic. I got to go after information I wanted to learn and thus feel like I will be more engaged and willing to implement it.	Sep 15, 2014 3:12 PM
145	Lots of time to explore technologies available. I got some great ideas to try in my classroom that will be great for the students and make my life easier!	Sep 15, 2014 3:12 PM
146	I liked that I could select classes I wanted to attend.	Sep 15, 2014 3:12 PM
147	The choice offerings are wonderful. Differentiation!	Sep 15, 2014 3:11 PM
148	I learned much about Google and INfinite Campus.	Sep 15, 2014 3:11 PM
149	This was a fabulous day! I got many manageable ideas. I found some new iPad apps, and understand Google Apps so much better. I will absolutely start using this.	Sep 15, 2014 3:11 PM
150	Enjoyed it a lot!	Sep 15, 2014 3:11 PM
151	I thought the google classroom was taught in a way that allowed me to follow along and actually accomplish something. Jackie's class on Beta grade book was EXTREMELY useful. I feel like I can use it now and not fear it so much.	Sep 15, 2014 3:11 PM
152	The multiple sessions of the Google applications and Campus Instruction Beta allowed most people to participate in those that interested them.	Sep 15, 2014 3:11 PM
153	google chrome and document camera presented in friendly manner	Sep 15, 2014 3:11 PM
154	Great information!	Sep 15, 2014 3:11 PM
155	iPad training, tech instruction for math	Sep 15, 2014 3:11 PM
156	I found something valuable at each session.	Sep 15, 2014 3:10 PM
157	today was excellent for me. I needed today to help me in my classroom	Sep 15, 2014 3:10 PM
158	individual attention	Sep 15, 2014 3:10 PM
159	I loved that the sessions were brief and that we had a chance to play.	Sep 15, 2014 3:10 PM
160	I liked all of the instructors that I had. They were all engaging and kept my attention. Last time we did this I had some that were not so good, much better	Sep 15, 2014 3:10 PM

Q3. What did you like about today? What went well?

	this year.	
161	Hands on learning was great	Sep 15, 2014 3:10 PM
162	I really value this day and enjoy learning about technology and ways to implement technology in my classroom. Loved being able to CHOOSE the presentations that fit my needs.	Sep 15, 2014 3:10 PM
163	Time to work and explore.	Sep 15, 2014 3:10 PM
164	Time to work	Sep 15, 2014 3:10 PM
165	I enjoyed each of the classes. Although there was some overlap among some classes, it helped me to feel more comfortable with Google.	Sep 15, 2014 3:10 PM
166	Math Differentiation Google Drive Google for Grades 4-6	Sep 15, 2014 3:10 PM
167	It went quickly but there was a lot of really good info.	Sep 15, 2014 3:10 PM
168	choices were diverse	Sep 15, 2014 3:10 PM
169	Enjoyed being able to choose the courses. I thought it fit my needs well.	Sep 15, 2014 3:10 PM
170	good flow of classes, interesting topics	Sep 15, 2014 3:10 PM
171	Time to explore/experiment	Sep 15, 2014 3:10 PM
172	There was a lot to pick from today	Sep 15, 2014 3:10 PM
173	Extensions and Apps for Chrome.	Sep 15, 2014 3:09 PM
174	I really liked learning about Kahoot It! and Google Classrooms. They will very helpful in the coming years	Sep 15, 2014 3:09 PM
175	the variety of instructors and instruction	Sep 15, 2014 3:09 PM
176	The sessions were well run with knowledgeable people.	Sep 15, 2014 3:09 PM
177	Again, it was a good overview, but moved very quickly. I am glad the handouts are available online to refer to.	Sep 15, 2014 3:09 PM
178	I like the opportunity to test what I was learning.	Sep 15, 2014 3:09 PM
179	The "going google" section that was student-led was amazing.	Sep 15, 2014 3:09 PM
180	The google classroom presenter did a fantastic job. I also enjoyed the discussion around appropriate iPad apps for 3-6.	Sep 15, 2014 3:09 PM
181	Like that we have 5 sessions . . . so at least 3-4 are beneficial.	Sep 15, 2014 3:08 PM
182	I liked the foremat of several options and different classes. I am not strong enough with a computer to understand everything that I heard.	Sep 15, 2014 3:08 PM
183	The classes were interesting and fun. They were just the right time. I learned a	Sep 15, 2014 3:08 PM

Q3. What did you like about today? What went well?

	lot. I liked how they offered 101 and 201 classes in order to get a deeper understanding on some topics.	
184	Some of the courses had valuable and relevant information.	Sep 15, 2014 3:08 PM
185	Choice and having district people lead sessions Trainers were knowledgeable and flexible	Sep 15, 2014 3:08 PM
186	Loved the session choices, wish they didn't fill up so fast	Sep 15, 2014 3:08 PM
187	the quick pace of the classes. Not a ton of time spent on one particular thing	Sep 15, 2014 3:08 PM
188	I liked the session on Chrome and Google Apps, as well as the Visual Nonfiction essay. I thought it was a useful PD day.	Sep 15, 2014 3:08 PM
189	Variety of choices.	Sep 15, 2014 3:08 PM
190	Much of this was new to me. I appreciated the patience of the presenters and the way presented so could be understood. I attended all 101 classes.	Sep 15, 2014 3:08 PM
191	I got to choose which sections I wanted to go to. Most presenters gave us a little time to explore and it was very applicable. There was plenty of time to get from one session to another and go to the bathroom! :)	Sep 15, 2014 3:08 PM
192	I learned more apps for the iPad and how to better integrate them into teaching. I appreciated the time to practice with something that was just learned -- for example how to create a doc and save it to a folder in my drive.	Sep 15, 2014 3:07 PM
193	The presenters were well informed.	Sep 15, 2014 3:07 PM
194	It's always good to have choices! Classes were organized and left plenty of time to experiment and ask questions.	Sep 15, 2014 3:07 PM
195	Chrome with Katie Seiberling was helpful.	Sep 15, 2014 3:07 PM
196	relaxed atomsphere with the ability to work during sessions	Sep 15, 2014 3:07 PM
197	new information	Sep 15, 2014 3:07 PM
198	I like that I could customize my schedule in order to meet my own personal needs. Great job with differentiation for teachers!	Sep 15, 2014 3:07 PM
199	The choices made differentiation happen! YEAH! Thank you for not just offering the entry level classes.	Sep 15, 2014 3:07 PM
200	Nice choices. The presenters did a nice job.	Sep 15, 2014 3:06 PM
201	Some of the teachers really understand how to differentiate and to provide handouts as well as present information.	Sep 15, 2014 3:06 PM
202	the variety of things offered all sessions attended were useful and informative	Sep 15, 2014 3:06 PM
203	I like that we got the chance to choose what we went to so it's most useful for us.	Sep 15, 2014 3:06 PM

Q3. What did you like about today? What went well?

204	I liked the amount of time for each session. Having our laptops was a must and worked well to follow along.	Sep 15, 2014 3:06 PM
205	I liked picking the sessions I wanted to go to. I liked Google Playground at the end of my day.	Sep 15, 2014 3:06 PM
206	Being able to choose the sessions that I attended.	Sep 15, 2014 3:06 PM
207	user friendly.	Sep 15, 2014 3:06 PM
208	YouTube 201	Sep 15, 2014 3:05 PM
209	I liked to choose the classes that would fit with my needs instead of doing what everyone else was doing.	Sep 15, 2014 3:05 PM
210	Well-organized event.	Sep 15, 2014 3:05 PM
211	A lot of the tools are cool, but they need to be combined in a centralized, functional program rather than individual apps that don't integrate with each other. There's a lot of overlap.	Sep 15, 2014 3:05 PM
212	I liked the menu format.	Sep 15, 2014 3:05 PM
213	Well organized, easy to sign up for, lots of relevant sessions to choose from, great teachers for those sessions, lots of time to play around with the different topics/tools. Basically, it was all awesome.	Sep 15, 2014 3:04 PM
214	I liked the hands-on practice. They were small groups and weren't overwhelming. I also taught 3 sessions, so I really liked the online handout forms. I now can go check out what others did and still learn even though I wasn't in their session.	Sep 15, 2014 3:04 PM
215	Short sessions to keep your attention span.	Sep 15, 2014 3:04 PM
216	We had time to work and ask questions.	Sep 15, 2014 3:04 PM
217	great selection. talented presenters with a grasp of knowledge. applicable content	Sep 15, 2014 3:04 PM
218	Going to lessons of interest	Sep 15, 2014 3:04 PM
219	google classroom was very interesting and something I will definitely implement into the classroom.	Sep 15, 2014 3:04 PM
220	good information	Sep 15, 2014 3:04 PM
221	Went quickly	Sep 15, 2014 3:04 PM
222	Classes all started on time and were very good. I was disappointed that the Splashtop class was cancelled but stuff happens!!! I went to a Google class instead.	Sep 15, 2014 3:04 PM
223	I mostly loved the Kahoot class. The other classes didn't seem as relevant to me.	Sep 15, 2014 3:03 PM

Q3. What did you like about today? What went well?

224	The Google Calendar class was also very helpful!	Sep 15, 2014 3:03 PM
225	Variety of topics offered. Good presenters.	Sep 15, 2014 3:03 PM
226	I liked that all sessions were in 1 building.	Sep 15, 2014 3:03 PM
227	Went quickly.	Sep 15, 2014 3:02 PM
228	I liked choosing the sessions that were useful to me and my classroom.	Sep 15, 2014 3:02 PM
229	Nice rotation format. Enjoyed the nice lunch break...thanks!!!	Sep 15, 2014 3:02 PM
230	Enjoyed learning more about Google Drive, Google Forms, and Starfall	Sep 15, 2014 3:01 PM
231	I enjoyed learning about the starfall component that we are able to use in our classroom. I thought today gave me a lot of good knowledge. I also appreciate the notes that are available to us for later use.	Sep 15, 2014 3:01 PM
232	Many new sources	Sep 15, 2014 3:01 PM
233	There were a great selection of sessions to choose from; all five I attended were great.	Sep 15, 2014 3:01 PM
234	Handouts and I can apply it tomorrow!	Sep 15, 2014 3:01 PM
235	LOTS of knowledge imparted.	Sep 15, 2014 3:01 PM
236	I liked the hands-on work we were able to do.	Sep 15, 2014 3:01 PM
237	The schedule was very good, i liked the 8:10 start, long lunch, and hour-long sessions	Sep 15, 2014 3:01 PM
238	Google Drive 201, Document Camera (It was fun to try out all of the different programs).	Sep 15, 2014 3:00 PM
239	WE could could choose what most pertained to us. We were given time to play with what we had learned.	Sep 15, 2014 3:00 PM
240	Differentiation in math and Starfall.	Sep 15, 2014 3:00 PM
241	I loved all of the classes that I took today. There are so many things I think are useful. I particularly liked the Chrome Apps in the Web. Since we are moving to Chromebooks this was helpful in finding alternative programs for ones I used to use.	Sep 15, 2014 3:00 PM
242	good review that I needed	Sep 15, 2014 3:00 PM
243	Great information. Lots to learn about and process. I feel like I could have had training for hours on all the different "googles". Learned about many new apps in the 3-6 Ipad apps session. They did a great job teaching. Ames tech director was engaging and informative.	Sep 15, 2014 3:00 PM
244	I liked the google apps class and Starfall to Read.	Sep 15, 2014 3:00 PM

Q3. What did you like about today? What went well?

245	I liked that everything was very applicable and I feel like I will use what I learned. I liked how most of the classes gave you time to try things out for the last 20 minutes or so.	Sep 15, 2014 3:00 PM
246	Starfall. Chrome - class instructor was good	Sep 15, 2014 3:00 PM
247	They were well prepared and gave helpful information.	Sep 15, 2014 3:00 PM
248	Variety of choices	Sep 15, 2014 3:00 PM
249	ALL of it!	Sep 15, 2014 3:00 PM
250	I liked being able to choose which sessions I attended.	Sep 15, 2014 3:00 PM
251	Handouts!	Sep 15, 2014 3:00 PM
252	Time to practice google with support.	Sep 15, 2014 3:00 PM
253	Loved the google forms class, wish I would have signed up for the 2.0 part of it.	Sep 15, 2014 2:59 PM
254	Starfall was informative.	Sep 15, 2014 2:59 PM
255	Liked the freedom pick my own course topics.	Sep 15, 2014 2:59 PM
256	I got some ideas that I can use to help my students and make them more successful.	Sep 15, 2014 2:59 PM
257	Great presenters	Sep 15, 2014 2:59 PM
258	Presenters were knowledgeable and very helpful. Topics were great for this time of year.	Sep 15, 2014 2:59 PM
259	The classes were geared to fit me needs	Sep 15, 2014 2:59 PM
260	I liked moving to different sessions, learning about using Google apps and Starfall.	Sep 15, 2014 2:59 PM
261	I liked being able to choose what we wanted to learn.	Sep 15, 2014 2:59 PM
262	Choice of what session to attend. Presenters were knowledgable.	Sep 15, 2014 2:59 PM
263	Presenters made everyone feel comfortable no matter what the expertise level.	Sep 15, 2014 2:59 PM
264	I enjoyed being able to tailor the day to my needs.	Sep 15, 2014 2:58 PM
265	That classes more targeted to grade level.	Sep 15, 2014 2:58 PM
266	I liked that we could pick which sessions were more applicable to us and go to those ones.	Sep 15, 2014 2:58 PM
267	I liked the day's schedule. Scheduling was a bit confusing and should not be opened on a week night evening, off the clock. Great presenters. Thanks to the TLC personnel.	Sep 15, 2014 2:58 PM

Q3. What did you like about today? What went well?

268	I appreciated the time allowed to learn some information and practice using it.	Sep 15, 2014 2:58 PM
269	Choosing our own classes.	Sep 15, 2014 2:58 PM
270	Model and time to explore and ask questions if unsure. I liked that we were able to pick the sections we were most interested in.	Sep 15, 2014 2:57 PM
271	Flexibility.....	Sep 15, 2014 2:57 PM
272	All the information is easy to take directly back to the classroom	Sep 15, 2014 2:57 PM
273	LOVED FLUBAROO LOVED Document Camera Google Forms was good I loved the amount of time in each session	Sep 15, 2014 2:57 PM
274	I liked that we were able to choose what classes we wanted to attend.	Sep 15, 2014 2:57 PM
275	I enjoyed being able to sign up for the courses of my choice. I also enjoyed listening to different instructors.	Sep 15, 2014 2:57 PM
276	Differentiation. Choice. Reinforcement of learning last year.	Sep 15, 2014 2:56 PM
277	I liked that we were able to use all the sites and were given time to explore after.	Sep 15, 2014 2:56 PM
278	I learned how to retrieve/check the google docs I have received rather than going back to emails to look back at them. I learned how to make a form to share. Presenters were very good and knowledgeable!	Sep 15, 2014 2:56 PM
279	Having a chose of what sessions to attend. The instructors were good about giving time to work and answering questions.	Sep 15, 2014 2:56 PM
280	I like that I could choose options that worked with my own background knowledge.	Sep 15, 2014 2:56 PM
281	google calendars	Sep 15, 2014 2:56 PM
282	I liked that there was a variety of courses to choose from. I was able to schedule courses that I thought would best fit my needs.	Sep 15, 2014 2:56 PM
283	We were able to choose what sessions we wanted to go to.	Sep 15, 2014 2:56 PM
284	I was able to work on my sites page through Sites 101 and 201 courses. I got some ideas on how to better run the Drive as well. I also enjoyed Jackie's presentation on IC.	Sep 15, 2014 2:55 PM
285	I enjoyed being able to take the sessions that would really help me individually. I think it was organized very well and I hope that this type of format continues. The teachers were so helpful and I enjoyed having the directions all under a tab, so that we can find them after this pd day!	Sep 15, 2014 2:55 PM
286	Everything. I learned something from each session.	Sep 15, 2014 2:54 PM
287	I liked learning different ways to use forms, but it probably didn't add anything to how I already use them.	Sep 15, 2014 2:54 PM

Q3. What did you like about today? What went well?

288	the variety, the knowledge of the instructors	Sep 15, 2014 2:54 PM
289	The facility works nicely for this style of in-service.	Sep 15, 2014 2:54 PM
290	It was useful no matter what subject you teach. I like the teaching for part of the time, and trying it out part of the time.	Sep 15, 2014 2:54 PM
291	i got some good time to work on things that and see some new things that will work.	Sep 15, 2014 2:54 PM
292	I liked that we had "choice" and that we could sign up for things that we were interested in.	Sep 15, 2014 2:54 PM
293	I liked the options and personal choice - sessions seemed to be about the right amount of time - also liked that there were so many options for google learning, since district is using so prevalently - most instructors gave time to experiment	Sep 15, 2014 2:53 PM
294	I liked that we could choose our own sessions.	Sep 15, 2014 2:53 PM
295	One hour sessions	Sep 15, 2014 2:53 PM
296	There were many choices to meet all levels of understanding!!! It was relevant information.	Sep 15, 2014 2:52 PM
297	Very useful information.	Sep 15, 2014 2:52 PM
298	Using Google Docs to have the kids turn in/edit writing assignments.	Sep 15, 2014 2:52 PM
299	The variety of sessions offered and that they were leveled.	Sep 15, 2014 2:52 PM
300	It was nice to change classes as the day went on	Sep 15, 2014 2:51 PM
301	Options for what you need and are interested.	Sep 15, 2014 2:51 PM
302	I liked seeing how to use this technology and how the students are so fluent with this technology as well.	Sep 15, 2014 2:51 PM
303	Timing of sessions was good. Time to practice what we had learned.	Sep 15, 2014 2:51 PM
304	I liked the scavenger hunt in the EDM Virtual Learning class!:) Thanks Freeman(Jenni Jones)	Sep 15, 2014 2:50 PM
305	Allowing us choices for which sessions to attend. Smaller group settings to ask questions. Learning with and from colleagues.	Sep 15, 2014 2:50 PM
306	I learned at least a little something from each class. Intrigued by Google Classroom and hope that it continues to improve.	Sep 15, 2014 2:50 PM
307	Instructors were well prepared.	Sep 15, 2014 2:50 PM
308	All presenters were really good. Tons of information.	Sep 15, 2014 2:50 PM
309	Having an opportunity to play and learn with the technology.	Sep 15, 2014 2:50 PM

Q3. What did you like about today? What went well?

310	Time to explore and actually use Google	Sep 15, 2014 2:49 PM
311	I loved the format (choose your own adventure!) I have many tools to take back into my classroom tomorrow!	Sep 15, 2014 2:49 PM
312	Google Research	Sep 15, 2014 2:48 PM
313	I like how there were authentic many of the courses were. I learned a lot from the Everyday Math courses to use in my own classroom. Having additional resources is very beneficial for classroom teachers.	Sep 15, 2014 2:48 PM
314	Time to try with instructors available for questions	Sep 15, 2014 2:47 PM
315	Great variety of options - individual teacher preferences could be accommodated. Presenters were very engaging and knowledgeable - presented info and concepts from an educator's point of view.	Sep 15, 2014 2:47 PM
316	I really liked learning new apps that will engage my students. I also loved learning how to differentiate my math class. I will be using what I learned in that class in my classroom as soon as possible.	Sep 15, 2014 2:46 PM
317	More info on google. So many things we can do, but hard to incorporate all you learn. I really liked all of the Google Chrome/Cloud Apps. Google Drive was pretty limited so that gave quite a few options as to new apps kids can use to make all sorts of things not just docs/spreadsheets/presentations.	Sep 15, 2014 2:46 PM
318	Brief intro to a great deal of information A great deal of info that was given! Some presenters moved very quickly (speaking).	Sep 15, 2014 2:46 PM
319	I thought the presenters did a good job today of giving detailed examples that were relevant to the classroom. I also appreciated that most presenters had built in time for questions. When we did this in the Spring, there was no much time for audience questions.	Sep 15, 2014 2:45 PM
320	Youtube 201 and Sites 201 teachers were excellent.	Sep 15, 2014 2:45 PM
321	I really like that we were able to choose what we focused on today, that we moved about the building instead of sitting in one spot all day and I enjoyed working with my colleagues.	Sep 15, 2014 2:45 PM
322	The topics were engaging and meaningful to the needs of teachers. We were able to pick what we wanted to learn more about.	Sep 15, 2014 2:45 PM
323	I liked having the opportunity to choose our own sessions, and having time in those sessions to learn and practice many new things about Google.	Sep 15, 2014 2:45 PM
324	I like being able to choose my path for the day. I also liked having Playground time to try out some tools that I learned about and to talk with my colleagues about what we learned, during work time.	Sep 15, 2014 2:44 PM
325	long lunch break, variety of classes, seeing in the technology in use	Sep 15, 2014 2:44 PM
326	I feel much more comfortable with google and feel some relief about using it in my workday.	Sep 15, 2014 2:44 PM

Q3. What did you like about today? What went well?

327	choice	Sep 15, 2014 2:42 PM
328	Lots and lots of information.	Sep 15, 2014 2:42 PM
329	Great information!!!	Sep 15, 2014 2:42 PM
330	The presenters were knowledgeable and gave us time to "play".	Sep 15, 2014 2:42 PM
331	I like how we had choice in the classes we wanted to take. It makes it more meaningful for my own needs.	Sep 15, 2014 2:42 PM
332	time to apply what we learned....make stuff that we can use immediately	Sep 15, 2014 2:41 PM
333	I love the option to choose where we want to go based on what we want to learn. I LOVE learning about technology, and the district has set up so many great options. I also like having some time in each class to practice the app/system that was shared. I liked having an extra person in the back of the room in one of my classes - to help answer side questions (or two teachers). I liked having the website on the bitly link.	Sep 15, 2014 2:41 PM
334	I enjoyed learning about new and exciting software available now.	Sep 15, 2014 2:41 PM
335	It was very informational.	Sep 15, 2014 2:41 PM
336	Taking an Infinite class on the new infinite campus. It really helped a ton especially the beta part of it. Didn't know there was a lot more to it.	Sep 15, 2014 2:40 PM
337	Loved being able to do relevant PD with my content area colleagues. Loved the built in time to experiment with all that we learned.	Sep 15, 2014 2:40 PM
338	I liked that we were able to choose what we wanted to learn about.	Sep 15, 2014 2:39 PM
339	I had no idea there were so many apps in google. I am excited to keep exploring the places I can go.	Sep 15, 2014 2:39 PM
340	I liked learning! There is so much out there that it is good to be 'trained' into it instead of having to muddle through/find things on our own. It was also nice that we could work along side of the presentation- all were 'hands on'	Sep 15, 2014 2:39 PM
341	Google Docs...can't wait to use in my classroom. Also the ideas presented for EDMath	Sep 15, 2014 2:39 PM
342	Having ample time to play around with Google.	Sep 15, 2014 2:38 PM
343	It was great to be able to choose the sessions that I wanted.	Sep 15, 2014 2:38 PM
344	Choice	Sep 15, 2014 2:38 PM
345	I enjoyed all the sessions, Well laid out and the instructors all did a good job	Sep 15, 2014 2:37 PM
346	I loved all the classes on how to use google. The apps class and youtube class was useful.	Sep 15, 2014 2:37 PM
347	Classes were 1 hour each, they didn't drag on! Small class sizes were nice for	Sep 15, 2014 2:37 PM

Q3. What did you like about today? What went well?

	asking questions.	
348	Choosing sessions with people who teach like subjects at my building to collaborate as we engaged in sessions together.	Sep 15, 2014 2:37 PM
349	You Tube to create personal playlist, as well as a method for students to access my account and create a video/audio presentation, as another means of assessment. I also liked personalizing sites that will enhance my lessons. Kahoot was a new tool that will allow for another way to integrate media.	Sep 15, 2014 2:37 PM
350	Practice time and sessions that can apply to all subject areas and grades.	Sep 15, 2014 2:36 PM
351	I liked all of the presenters. I thought they did a great job of showing us and giving us time to use the technology.	Sep 15, 2014 2:36 PM
352	Like the different sessions and the choice.	Sep 15, 2014 2:36 PM
353	Not a whole lot. Felt like an advanced student in a intro level courses.	Sep 15, 2014 2:31 PM
354	Seeing others in the district and how they will use technology with their students.	Sep 15, 2014 2:31 PM
355	I loved the fact that we could have time for hands-on learning (trial and error!) -- and that I we were able to use our own topics for much of that hands-on learning (e.g., in Online Research Tools, I had the freedom to search for Greek mythology). That was great, because that's something that I really NEED! =)	Sep 15, 2014 2:31 PM
356	Good choice of classes, long enough to get a fair amount of information, short enough to keep me from getting bored.	Sep 15, 2014 2:29 PM
357	The fact that we were granted the opportunity to choose which sessions we could take part in.	Sep 15, 2014 2:29 PM
358	I liked being able to choose my own adventure!	Sep 15, 2014 2:29 PM
359	I liked having choice and 5 different classes. The day went fast and I got lots of information to use ASAP.	Sep 15, 2014 2:29 PM
360	Deb Vail	Sep 15, 2014 2:28 PM
361	I liked that we had the option to chose the classes we took today. That allowed us to learn about information we had a need and purpose for.	Sep 15, 2014 2:28 PM
362	Sessions were quick and efficient.	Sep 15, 2014 2:26 PM
363	Time to play and work on new skills at the end of the day in google playground. Lots of choices.	Sep 15, 2014 2:26 PM
364	I liked the sessions where we were allowed time to search and apply our new learning.	Sep 15, 2014 2:26 PM
365	I like that we were able to choose what classes we wanted to attend. I also liked that the course options allowed me to hit on multiple areas of the curriculum.	Sep 15, 2014 2:25 PM

Q3. What did you like about today? What went well?

366	I liked the length of the sessions and that all sessions were in one location.	Sep 15, 2014 2:25 PM
367	I liked the choices.	Sep 15, 2014 2:25 PM
368	Length of time per session. Easy to find classes. Internet worked! Great presenters and practical choices. Loved being in one building and not having to change. I also liked the start and ending time.	Sep 15, 2014 2:25 PM
369	Signing up with flexibility and matching what I need.	Sep 15, 2014 2:25 PM
370	I liked the idea of "classes" and moving every hour to learn something new. I liked that there was a theme to day's professional development (i.e. technology, Google). I liked that I got to sign up for the classes that were of interest to me. Great experts used today. I think what was really good was that k-12 was represented. This way we are ALL on the same page and in the same building.	Sep 15, 2014 2:23 PM
371	Great topics. Nice to have WDM staff run/lead most sessions.	Sep 15, 2014 2:22 PM
372	Loved having this at Southwoods. I loved that we signed up for what we individually needed. Loved having experts from outside of the district. Also, appreciated the internet working!!!	Sep 15, 2014 2:21 PM
373	The choice for classes - everything I went to was something that I was interested in learning more about.	Sep 15, 2014 2:21 PM
374	Location is nice since all the classrooms are fairly close.	Sep 15, 2014 2:20 PM
375	It was mainly about Google which gets everyone on the same page in the WDM school district.	Sep 15, 2014 2:20 PM
376	There were many options for people to choose from.	Sep 15, 2014 2:20 PM
377	I really like the document camera section. That does so much more then I even knew it would. Also having to incorporate the use of the new grade book.	Sep 15, 2014 2:19 PM
378	Google forms and google drive classes went well. I feel as though my questions were answered and I have a better understanding of those two things.	Sep 15, 2014 2:17 PM
379	I liked that we got to pick sessions of interest to us.	Sep 15, 2014 2:17 PM
380	A lot of the instructors provided time to play around and apply our learning as it applied to us.	Sep 15, 2014 2:16 PM
381	Infuse learning was good, time to work in each session was nice.	Sep 15, 2014 2:16 PM
382	All the instructors were professional and well educated. It was a day well spent.	Sep 15, 2014 2:15 PM
383	A chance in some of the sessions to work on our own.	Sep 15, 2014 2:14 PM
384	I thought all of the courses were very informative and I will most likely use information that I gained in every course.	Sep 15, 2014 2:14 PM
385	The classes were just the right amount of time. There was a chance to get a good variety of learning. Classes were hands on and easy to navigate.	Sep 15, 2014 2:14 PM

Q3. What did you like about today? What went well?

386	I liked all the information at the classes. presentation of information at all classes was good	Sep 15, 2014 2:13 PM
387	Choice and variety of sessions. Schedule was good, with plenty of options and info to come back to later.	Sep 15, 2014 2:13 PM
388	variety of sessions; ideas to apply to my classroom	Sep 15, 2014 2:12 PM
389	Learning how to use apps and technology that people in my building can't help me with. Moving around and learning useful tools in PD.	Sep 15, 2014 2:12 PM
390	I liked the variety of sessions offered.	Sep 15, 2014 2:11 PM
391	Organized well, nice to be able to choose what we attended	Sep 15, 2014 2:11 PM
392	Presenters did a good job. They seemed to be very helpful.	Sep 15, 2014 2:11 PM
393	The presenter for Google docs was very good. She explained things well. Starfall was geared toward our lower readers.	Sep 15, 2014 2:11 PM
394	Terrific information shared in each session. I have learned several things today that I want to use. Leaders very informative and willing to help offer excellent suggestions for our classrooms.	Sep 15, 2014 2:10 PM
395	I enjoyed the freedom of scheduling what I felt I needed to know. All went well.	Sep 15, 2014 2:10 PM
396	The presenters were all very educated and well-planned. I liked that we were able to sign up for classes that fit our own classroom needs. Having a laptop to work on immediately was helpful as well. I appreciated the fact that presenters/planners weren't worried we'd be "off task" with our computers so that we could have access to them to implement new learnings immediately.	Sep 15, 2014 2:10 PM
397	Sessions were highly relevant.I also like the opportunity for staff choice.	Sep 15, 2014 2:10 PM
398	Very hands-on. I got to choose what I needed and found great ways to enhance my teaching and learning.	Sep 15, 2014 2:10 PM
399	managing you tube videos	Sep 15, 2014 2:10 PM
400	We were given time to explore what we learned.	Sep 15, 2014 2:08 PM
401	Learning from other educators.	Sep 15, 2014 2:08 PM
402	Exposed me to a lot of things I had not seen.	Sep 15, 2014 2:07 PM
403	Getting to pick our classes that we wanted to focus on.	Sep 15, 2014 2:07 PM
404	learning from colleagues	Sep 15, 2014 2:07 PM
405	Everything.	Sep 15, 2014 2:02 PM
406	I loved the sessions! I am hoping that we continue to do our PD days like this. It was the most beneficial PD day in all of my 25 years.	Sep 15, 2014 1:58 PM

Q3. What did you like about today? What went well?

407	EVERYTHING.....WAS USEFUL. Would like to see a repeat so that i can take more classes.	Sep 15, 2014 1:57 PM
408	I liked having time to explore. The handout was easy to understand.	Sep 15, 2014 1:56 PM
409	I liked the variety of classes offered. I liked seeing the technology in use. I liked the hours and the lunch time.	Sep 15, 2014 1:55 PM
410	Technology information was delivered well and pertinent to how it could be used today in our roles of school personnel.	Sep 15, 2014 1:48 PM
411	The information shared was useful.	Sep 15, 2014 1:41 PM
412	I liked how each class gave us time to practice what we learned.	Sep 15, 2014 1:33 PM
413	I appreciated hearing about the options for using google.	Sep 15, 2014 1:32 PM
414	I like how all the instructors were willing to help and knew what they were doing. I also like having it so relaxing and not a high stress.	Sep 15, 2014 1:31 PM
415	Knowledgeable people with a laid back style	Sep 15, 2014 1:26 PM
416	The opportunity to practice and play around with technology was beneficial. I also appreciated the session on Infinite Campus, as it was immediately practical and helpful.	Sep 15, 2014 1:25 PM
417	I learned a lot more information about infinite campus, which was extremely beneficial. It is always great to get to talk to other teachers.	Sep 15, 2014 1:23 PM
418	Time to work on what we learned.	Sep 15, 2014 1:23 PM
419	Work time to create on Google.	Sep 15, 2014 1:20 PM
420	Timings and flow were good.	Sep 15, 2014 1:16 PM
421	Good topics.	Sep 15, 2014 1:12 PM
422	I is always fun to see people from other buildings.	Sep 15, 2014 1:03 PM
423	I love being able to pick what will learn about, personalizing PD.	Sep 15, 2014 1:03 PM
424	information provided-backup handouts online useful if we need to look something up additional work time allows ample time for questions of instructors for my particular use	Sep 15, 2014 1:03 PM
425	The instructor from my middle morning session. Katie Sieberling was fabulous.	Sep 15, 2014 1:00 PM
426	Hands on/Playing	Sep 15, 2014 12:59 PM
427	There was great variety of sessions.	Sep 15, 2014 12:59 PM
428	I learned a lot about Google Docs and about YouTube and Infinite Campus. I really like professional dev. days that let you choose what you want to learn.	Sep 15, 2014 12:58 PM

Q3. What did you like about today? What went well?

429	Everything!!! The time everyone gave to play with what they taught was beneficial!	Sep 15, 2014 11:19 AM
430	I liked how you could personalize your schedule for what best fits you.	Sep 15, 2014 11:15 AM
431	I liked the ability to have all the documents from some of the other classes that I did not take, in one area. I thought all of my	Sep 15, 2014 10:43 AM
432	google apps	Sep 15, 2014 10:32 AM
433	Everything. The presenters were great and the easy access to the rooms.	Sep 15, 2014 9:23 AM
434	I was able to see new applications within Google Hangouts. He was very informative.	Sep 15, 2014 9:09 AM
435	Was able to experiment with some new tech programs and see how they could be used in my classroom.	Sep 15, 2014 8:37 AM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

1	A class offering Music differentiation would be great.	Sep 19, 2014 2:19 PM
2	It was too bad that Splashtop was cancelled.	Sep 18, 2014 4:43 PM
3	More content specific.	Sep 18, 2014 9:37 AM
4	Build in free time to use and implement some of the features.	Sep 18, 2014 8:50 AM
5	I thought it was great, I only attended 3 due to set up for cross country but enjoyed them.	Sep 18, 2014 8:38 AM
6	Keep them coming!	Sep 18, 2014 8:35 AM
7	I didn't get the sessions I wanted because I presented. It would be nice to have a video of some of the basic level google courses to go back and watch.	Sep 18, 2014 8:29 AM
8	With technology, I think the whole district needs to be on the same page. Why does Indian Hills use weebly when the district is pushing for google classrooms yet others are still using moddle???	Sep 18, 2014 8:28 AM
9	Some of the coaches were too fast in giving instructions. It was hard to catch up and follow. them.	Sep 18, 2014 8:04 AM
10	Continue to use the experts we have in the District to lead PD--thanks!	Sep 18, 2014 8:00 AM
11	At this time none	Sep 18, 2014 7:52 AM
12	I would like to not feel compelled to jump to the next best thing (I structured my choices around that). It would be good to extend on what we are already using and have more continuity between teachers (i.e. google classroom).	Sep 17, 2014 9:22 PM
13	There were so many good sessions that we couldn't take all we were interested in. Maybe offer some again - like Infinite Campus.	Sep 17, 2014 8:11 PM
14	Maybe a few sessions about tech use in small groups, such as those taught by support teachers.	Sep 17, 2014 8:00 PM
15	For differentiation: I think there are additional assessments in the new literacy curriculum that many teachers have not looked at or used yet. Looking at these may be beneficial. I think the technology piece is really based on what each teacher does in his/her position. If I want to learn more about something I was exposed to today, I would probably see if there was a SD class being offered on it.	Sep 17, 2014 6:40 PM
16	There needs to be some "work time" built in for teachers. If we don't use it right away, we will forget it.	Sep 17, 2014 5:19 PM
17	More Preschool classes! Many of this was geared towards K-12, but there are preschool classrooms in this district. As a new teacher, I was looking forward to signing up for classes that would pertain to preschool, but was very disappointed about the lack of early childhood classes.	Sep 17, 2014 4:45 PM
18	Continue to offer interesting and innovative classes. The teachers were all very helpful and knowledgeable as well	Sep 17, 2014 4:35 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

19	Classes were often too broad-please narrow the focus for more of the classes (have the same class be offered but to more targetted audiences (instead of PK-12, offer PK-2, 3-6, 6-12, which allows for classes to be more relevant)	Sep 17, 2014 4:24 PM
20	Discussion of how to use docs/tech apps in various ways by discipline (Math, Soc. Studies, PE, Art, Languages etc.)	Sep 17, 2014 4:19 PM
21	Have a 1/2 day used for special meetings so I don't have to miss working with kids 2 days and pay for a sub.	Sep 17, 2014 4:06 PM
22	Fewer sessions with more time in each session to apply what was just learned.	Sep 17, 2014 4:05 PM
23	utilize teachers in addition to teacher leaders	Sep 17, 2014 4:03 PM
24	I would like more of this training if we are committing to using Google. If we are becoming a Google school then I need more training and more frequent training so I don't forget what I learned.	Sep 17, 2014 4:03 PM
25	When introducing a topic for the first time at 8 in the am...we needed more time to process and ask questions rather than race...some of us were unable to attend prior PD on this. So the facilitators who gave time at the end were much more beneficial for me. thanks!	Sep 17, 2014 3:58 PM
26	It's a little tiring working on the computers ALL day -- eyes, back, neck, etc. What about a game session or exercise segment?	Sep 17, 2014 3:52 PM
27	have presenters that are used to working with adult learners, technology struggled with video with made youtube classes difficult, pick a focus for staff so we can implement	Sep 17, 2014 3:48 PM
28	Some time to meet with PLC's to discuss implementation of learning, possibly in lieu of the last afternoon session.	Sep 17, 2014 3:47 PM
29	Maybe more time to work with what we learned	Sep 17, 2014 3:44 PM
30	planned followup time at the building where groups can get together and work on APPLICATION of it into their classroom or lessons at the BUILDING level once the training day is over. Need to apply in our classrooms. Have the instructional coaches follow up with us on how we can use it and support the implementation once the intro has been done.	Sep 17, 2014 11:38 AM
31	We need to have a full day like this every year Can we consider having the instructional coaches do a tech topic of the month (eg Flubaroo or Chrome Apps)? That is, each month,as part of their job the instructional coaches would identify one tech topic to make themselves specifcally available on for part of their duty time	Sep 17, 2014 10:51 AM
32	I thought the day well set up well.	Sep 17, 2014 9:53 AM
33	fewer sessions of longer length too much info & too varied	Sep 17, 2014 6:52 AM
34	SUPER awesome teachers I had were Stacy Behmer, Katie S. and Jim from the school district, and Jonathan Wylie... have them teach again...great job. It might help to suggest some specific classes for the technology challenged staff. Jim	Sep 16, 2014 5:51 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

and Katie's class would have been very helpful to anyone overwhelmed by technology.

35	Fewer sessions with more time to focus on learning those items. Allow one empty session to go and work on what we learned. The working in the Cloud session should have been titled ADVANCED. MANY people were lost in the session I went to. It was a waste of time.	Sep 16, 2014 4:14 PM
36	1. I would have loved to have an open session to complete the Safe Schools training. 2. There were a few in my second session (Chrome Apps with Stacy Behmer) that were disrespectful to the presenter. Someone from our district probably owes her an apology!	Sep 16, 2014 2:28 PM
37	By the end of the day I was on overload. Too many sessions. Would have been better to have at least one less session but more time to reflect or practice.	Sep 16, 2014 2:21 PM
38	Continue the Tech theme.	Sep 16, 2014 12:55 PM
39	What is the district doing in the future as far as expectation for using Google Apps? I would like to know what is "required" and what is "optional" so that I know and understand the purpose and importance of what I had the opportunity to learn.	Sep 16, 2014 12:25 PM
40	More time to play with what we've learned! Maybe only 3 sessions with time in the afternoon to meet in PLC's to share, implement, process ideas/notes from the day, and maybe makes changes/create materials.	Sep 16, 2014 12:19 PM
41	Wish we could do it again, so I could take others that I wanted to take. Thanks for organizing this. IT WAS AWESOME.	Sep 16, 2014 11:59 AM
42	I enjoyed this set-up, with interactive sessions and experts.	Sep 16, 2014 11:37 AM
43	train in-district staff to be instructors instead of spending money on outside instructors - it would be more cost-effective and provide a local resource if we had problems.	Sep 16, 2014 11:10 AM
44	Have separate days/programs for elementary and secondary teachers. We seem to operate on different planets.	Sep 16, 2014 10:39 AM
45	Some of the descriptions did not match the intended audiences or what was actually presented. Two sessions I attended should have been targeted at older grades, not primary elementary school. Some sessions were very repetitive with their information, which was frustrating. I would love to have a morning of sessions, and then an afternoon of time in our buildings to work in our PLC and implement our new learning into our instruction.	Sep 16, 2014 9:41 AM
46	5 sessions was too much! 3 sessions + an afternoon to process and apply would be very beneficial!	Sep 16, 2014 9:04 AM
47	We couldn't do the programs in a class because the internet wasn't working. That was really frustrating.	Sep 16, 2014 8:33 AM
48	none	Sep 16, 2014 7:58 AM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

49	For sure, the presenters assumed that many attendees already had a Google base and therefore much of what was presented was not understandable or practical. This was especially true in the Chrome Apps session. So many in attendance voiced the fact that they were totally lost.	Sep 16, 2014 7:38 AM
50	We need more advanced options.	Sep 16, 2014 7:09 AM
51	QUIT HAVING THESE DAYS IN SEPTEMBER! WE HAVE TOO MANY STINKING SNOW DAYS. TAKING A DAY OFF IN SEPTEMBER IS SHORT SIGHTED AND SELFISH BY THE PD PEOPLE. BEFORE THE SCHOOL YEAR STARTS IS THE TIME FOR THESE DAYS. IF WE HAVE ANOTHER FOUR OR FIVE SNOW DAYS BY NOT WASTING A SEPTEMBER DAY (PRETTY SURE IT WASN'T GOING TO SNOW) IT WOULD KEEP THE END OF SCHOOL REASONABLE. GOOD INFO POOR TIME TO HAVE IT!	Sep 16, 2014 6:51 AM
52	Have fewer sessions with more time...they seemed rushed	Sep 16, 2014 6:26 AM
53	I think the sessions could have been reduced to 45 minutes therefore allowing to have one more session.	Sep 15, 2014 11:25 PM
54	The network was repeatedly bogged down and it hurt the ability to work on Google docs, forms, etc. I had a hard time keeping up with some presenters because of lag times on the system. Would Valley have more capacity on its network?	Sep 15, 2014 11:12 PM
55	none	Sep 15, 2014 11:11 PM
56	Separate elementary from junior high and high school as several session didn't work with so many people trying to get on system.	Sep 15, 2014 8:03 PM
57	I wish as a district we would either be Google or Outlook. It's starting to get confusing.	Sep 15, 2014 7:32 PM
58	Not sure how to change this but it was very difficult to keep up with the You-tube class. Too much buffering.	Sep 15, 2014 7:29 PM
59	Can't think of anything.	Sep 15, 2014 7:17 PM
60	Differantion - How to reach ADHD students, Special need students in regular class, how to balance intergration with DMACC credit classes, How to set Pace different in each subject and allow to finish each semester.	Sep 15, 2014 6:59 PM
61	The length of everything today was just right--starting time, length of classes, ending time.	Sep 15, 2014 6:55 PM
62	More classes devoted to Preschool resources to use.	Sep 15, 2014 6:34 PM
63	Appropriate spacing for all people attending sessions.	Sep 15, 2014 6:12 PM
64	So many sessions were geared toward intermediate. It would be nice if the focus was on just primary or just intermediate.	Sep 15, 2014 5:43 PM
65	I can't think of anything else at the moment.	Sep 15, 2014 5:13 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

66	Sign-in was a bit disorganized. Many had to wait in line for a long time as all schools' sign-in sheets were on two small tables and out of order.	Sep 15, 2014 4:53 PM
67	No suggestions, although I registered late and missed out on a couple that got filled up fast - my bad, my fault. So if you offered MORE of the selected sessions, that would be nice. Thanks for all the time, work and planning for this event! We appreciate you! And thanks for the opportunity to give feedback.	Sep 15, 2014 4:41 PM
68	More of the same	Sep 15, 2014 4:33 PM
69	I think keeping elementary and secondary PD in different locations might help with narrowing a focus and keeping the crowd smaller.	Sep 15, 2014 3:56 PM
70	Keep doing this! It's very beneficial!!!	Sep 15, 2014 3:51 PM
71	Having all staff at one building makes parking very difficult. Maybe divide between more than one building? Once we begin to use Google Docs/Drive more, we will need training on creating folders/sharing with an entire class, etc.	Sep 15, 2014 3:48 PM
72	I liked having so many options to choose from today! I liked the focus on technology too.	Sep 15, 2014 3:44 PM
73	My hope is that we can continue to have these days. I know that PD days are precious and few and far between but I think it is important to keep momentum going once we have one. Now that people have had the opportunity to get the basics, take it to the next level.	Sep 15, 2014 3:37 PM
74	This was a good format. Lots of choice and good instruction. Maybe just one-half day (8-12) would have been enough and then time to go back and play with the technology in our room.	Sep 15, 2014 3:35 PM
75	Keep the selection process up to teachers. The PD days and sessions are more applicable to what each of us needs in the classroom.	Sep 15, 2014 3:22 PM
76	I'd like more info about image use and copyright. I'd like to use images in my quizzes online, but worry about using images/photos that I did not take. I really don't like the way the google forms has it's info in the spreadsheet. I know about the flubaroo, but that's not what I mean. What other things can help organize data correctly/ less visually cluttered? Update on Moodle listed this summer, but not sure where to get the info on the new things. Can we use the phone app to use our moodle things? Thanks.	Sep 15, 2014 3:21 PM
77	Maybe sessions could be longer in between for questions and more practice time. Needed more time to make sure doing certain sessions on computer correctly, and to retain it for individual and classroom use.	Sep 15, 2014 3:21 PM
78	Keep doing this it is a great way to further our knowledge!!! Thank you.	Sep 15, 2014 3:20 PM
79	none	Sep 15, 2014 3:18 PM
80	Teach/practice in small increments. Always check for understanding	Sep 15, 2014 3:18 PM
81	None, today was the perfect amount of information and perfect timing.	Sep 15, 2014 3:18 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

82	Another day so I could take some of the other options.	Sep 15, 2014 3:18 PM
83	Great ideas today! Please allow time for more days like today. Thank you.	Sep 15, 2014 3:17 PM
84	It is hard for me to stay focused for five of these classes in one day. I am probably on the low end of technological skills so it is a large amount of info for me to process all at once.	Sep 15, 2014 3:17 PM
85	5 computer classes might be a little overwhelming for one day. Perhaps the classes could be divided over several days.	Sep 15, 2014 3:17 PM
86	That the presenters please remember that the info they are presenting might be very new to us and to slow down and give time for questions.	Sep 15, 2014 3:17 PM
87	Grade level specific options	Sep 15, 2014 3:17 PM
88	continue to provide sessions that are directly applicable to our classrooms and give time to practice these skills	Sep 15, 2014 3:16 PM
89	Beginning, intermediate, and advanced levels	Sep 15, 2014 3:16 PM
90	These instructors did a great job, but I feel like we keep getting the same information over and over. There was a wide variety of courses to choose from but not a lot of new topics/ideas.	Sep 15, 2014 3:16 PM
91	Keep allowing us to choose where we go so that we can get the most of out of the day. We are the only ones who really know what we can use in our classroom, and what will help us the most. Thanks!	Sep 15, 2014 3:15 PM
92	It would be nice to have an additional day for directly applying the knowledge gained at this PD training. It is easy to get back into the old habits of the way we have always taught without dedicated time for the specific purpose of applying what we've learned in this PD to our classes that we are currently teaching.	Sep 15, 2014 3:15 PM
93	More relevant topics.	Sep 15, 2014 3:15 PM
94	I think the k-12 sessions were a stretch... Yes, some of the technology can be used in elementary, but it doesn't improve learning or ease of parent support... like google classroom.	Sep 15, 2014 3:15 PM
95	Would be nice to see some truly new topics offered. So many of the sessions are the same things we've seen in building staff development, teacher quality classes. It seems like we never really have anything we don't already know,	Sep 15, 2014 3:15 PM
96	I could not get in the Google Classroom session. I would like to learn next technology PD.	Sep 15, 2014 3:15 PM
97	specific sessions for ESL, SPED	Sep 15, 2014 3:15 PM
98	Less information and some time to work with what we learned during the PD day. I am a taxpayer, and I wouldn't mind if people were using the time wisely. As it was, I did some piddley little "pretend" projects that I can't really use and I wish I produced a real product for use in my classroom.	Sep 15, 2014 3:14 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

99	Too much information on one day. Feel like a student on the first day of school getting information in every class and not remembering much of any to it, just a jumble of a lot of information. Would prefer to have the sessions taught in our own building with our staff teaching and only do a couple of topics at a time so you can actually absorb the information and feel like you can apply it when you leave.	Sep 15, 2014 3:14 PM
100	I would love to have more time to work with the new stuff!	Sep 15, 2014 3:14 PM
101	It was all good. Not sure what I would ant to add.	Sep 15, 2014 3:14 PM
102	None right now.	Sep 15, 2014 3:14 PM
103	Keep it the same	Sep 15, 2014 3:14 PM
104	Continue to have classes to keep elementary teachers using these items or the knowledge will be lost. Have level 201 courses available for those of us that had no training on google things prior to today.	Sep 15, 2014 3:14 PM
105	Again, to differentiate, offer choices for ALL specials teachers. We don't have all the technology for the courses offered today, so it was a little difficult to pick classes that applied to my area.	Sep 15, 2014 3:14 PM
106	The technology pieces are not as appropriate for the lower grades. It is hard to think of how to use google apps with the younger grades.	Sep 15, 2014 3:14 PM
107	Continent with what you are doing. It was great.	Sep 15, 2014 3:14 PM
108	more focus on application to the classroom	Sep 15, 2014 3:14 PM
109	Have new sessions. I knew all this information previously, besides the Google Classroom.	Sep 15, 2014 3:14 PM
110	Some sessions we had difficulty with connecting to the internet. I thought the day was really good overall. I was tired at the end. Maybe half day for sessions and half day for building work.	Sep 15, 2014 3:14 PM
111	Music Teachers do a day of show and tell for review of each instrument.	Sep 15, 2014 3:14 PM
112	More direct classroom applications.	Sep 15, 2014 3:13 PM
113	More time as always to work and apply or longer sessions to work and explore in groups...etc. to learn the programs. Often we learn on PD day and are in the year so....don't get time to implement with new lessons and stuff must wait to 2nd semester or when have time to look at something. Perhaps encourage schools to use dept time for learning or provide Wed to re-look at things. Thanks!	Sep 15, 2014 3:13 PM
114	Finale download to Smart Music.	Sep 15, 2014 3:13 PM
115	Only problem-- sometimes not enough time to fully process info, try things out, etc. Also, sometimes we need students in order to really try it out. Chrome Book, please!	Sep 15, 2014 3:13 PM
116	Some of the sessions overlapped with information that was taught.	Sep 15, 2014 3:13 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

117	Learning and doing go side by side in this PD setting. Some instructors did a lot of demonstrating, but didn't allow for embedded doing.	Sep 15, 2014 3:13 PM
118	More days like this....more time to process!	Sep 15, 2014 3:13 PM
119	Allow more work time when you start working with a new piece of technology.	Sep 15, 2014 3:13 PM
120	Always make it as applicable as possible for all disciplines.	Sep 15, 2014 3:13 PM
121	Time to practice what we learned.Maybe one early Wednesday time built in just for applying to our specific classrooms.(or to art PLC)	Sep 15, 2014 3:13 PM
122	Continued offering of sessions involving special areas - ie: Smart Music	Sep 15, 2014 3:13 PM
123	I would suggest that hand-outs or additional information be given from other technology sessions that I was not able to attend.	Sep 15, 2014 3:13 PM
124	continued Google training	Sep 15, 2014 3:13 PM
125	Continue to choose classes	Sep 15, 2014 3:13 PM
126	Less classes in one day and more processing and practice time.	Sep 15, 2014 3:12 PM
127	Some of the instructors said they would give time to work on what we had just learned but ended up lecturing the whole time. It would have been nice in those particular instances to get to try the new information out.	Sep 15, 2014 3:12 PM
128	I wish some of the classes were more descriptive when we signed up so that I knew whether or not it would be a good fit class for me. The end list of available sessions seemed to be very limited and didn't offer much to choose from. I was originally very excited about the PD day, but then the classes we were offered were all the same.	Sep 15, 2014 3:12 PM
129	Some of them didn't apply to what I will be doing in school. There was not a lot geared towards special education.	Sep 15, 2014 3:12 PM
130	More chances like this where we pick our classes. Also having a memo about behavior during these classes. I found that several times there were rude students (other teachers in class with me) who were talking over the presenters and blatantly rude about the fact that they had fallen behind.	Sep 15, 2014 3:12 PM
131	Technology was pretty slow during some sessions. Maybe split elementary and secondary so that not so many people are trying to get on at once?	Sep 15, 2014 3:12 PM
132	I would have liked a better description of the classes. I took a few classes that weren't what I expected them to be. Maybe more advanced classes or ask for input before putting class list together.	Sep 15, 2014 3:12 PM
133	Many of us are ready to move from 201 to 301 or 401. . . . For example, Google Drive 201 was pretty basic.	Sep 15, 2014 3:11 PM
134	I need to have time to play with all these programs and then I will be ready for the next level for many of these programs.	Sep 15, 2014 3:11 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

135	Any time to work with what we've learned is very much appreciated. It's hard to play around with all of this once we get back in our buildings...too busy.	Sep 15, 2014 3:11 PM
136	None at this time.	Sep 15, 2014 3:11 PM
137	The session on working in the cloud using google apps was way to fast. She should have slowed down and just demonstrated a few useful apps instead of presenting every app possible	Sep 15, 2014 3:11 PM
138	Expand the session for Campus Instruction Beta to allow for work time to practice.	Sep 15, 2014 3:11 PM
139	need more time for campus beta	Sep 15, 2014 3:11 PM
140	More time to practice....I had an instructor who messed something up and was not able to help me or fix what she did wrong and that was very frustrating for me!!!!	Sep 15, 2014 3:11 PM
141	Liked having options of choosing our sessions	Sep 15, 2014 3:11 PM
142	This was the best ever!	Sep 15, 2014 3:10 PM
143	loved it.	Sep 15, 2014 3:10 PM
144	These sessions were wonderful. I would like to see us continue to work on technology.	Sep 15, 2014 3:10 PM
145	It got to be a little overwhelming by the end of the day for those of us that are tech challenged. I would like more time to work with what I have been taught during the day so when I don't understand it I can get help from people who can fix what I have messed up. Once I go back to my room, it is harder to embrace technology when I am having trouble and do not have someone to reach out to for help.	Sep 15, 2014 3:10 PM
146	It was a repeat of last year's problem; the internet was sssllloowwww! It's frustrating when the instructor is five or ten minutes into the presentation before you're able to log onto the site to participate. Please have the PD day at Valley so we have a network able to handle more traffic. Also, parking was a hassle with many people having to park on the grass and in unmarked parking areas.	Sep 15, 2014 3:10 PM
147	Loved it, great PD	Sep 15, 2014 3:10 PM
148	None	Sep 15, 2014 3:10 PM
149	No suggestions. Thanks to all the presenters!	Sep 15, 2014 3:10 PM
150	A little bit more time in each class to practice skills, when you have 5 different topics, it can feel overwhelming	Sep 15, 2014 3:10 PM
151	doing the technology more grade level focused would be helpful	Sep 15, 2014 3:10 PM
152	maybe fewer sessions so that practice is forced, ie working with the new campus	Sep 15, 2014 3:10 PM
153	More options are always good.	Sep 15, 2014 3:10 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

154	I don't any at this time	Sep 15, 2014 3:10 PM
155	more time to practice what we have learned.	Sep 15, 2014 3:10 PM
156	Less assumptions on the instructors part for how much we know or if we are keeping up with them.	Sep 15, 2014 3:09 PM
157	I like the classes that give us time to learn about it and then time to play with it and figure them out ourselves	Sep 15, 2014 3:09 PM
158	I like this style and format of classes.	Sep 15, 2014 3:09 PM
159	Slowing things down a little. There was so much information presented in the sessions and they moved quickly. The presenters were good, but they had a lot to cover.	Sep 15, 2014 3:09 PM
160	A couple of my training classes were not relevant with the age group of students I teach.	Sep 15, 2014 3:09 PM
161	I thought the google trainings were great.	Sep 15, 2014 3:09 PM
162	More background information about the topics of the sessions. I went to a few sessions that I thought were going to be more advanced, but were pretty basic.	Sep 15, 2014 3:09 PM
163	Video tape the presentations so that we can view and learn from sessions we did not attend. For example, sometimes one presenter is better than others.	Sep 15, 2014 3:08 PM
164	Have a remedial session for people who are technologically challenged.	Sep 15, 2014 3:08 PM
165	The tools and resources are great, but we are not 1:1 with computers. It is very difficult and almost impossible to use some of these tools in the classroom. Being 1:1 would help students learn and allow teacher to differentiate instruction. much better.	Sep 15, 2014 3:08 PM
166	Offer new courses that have not been offered over and over again.	Sep 15, 2014 3:08 PM
167	It would have been nice to attend some of the sessions. I was happy to lead, but there were lots of sessions I was also interested in attending.	Sep 15, 2014 3:08 PM
168	whole day training on the new Infinite campus	Sep 15, 2014 3:08 PM
169	maybe a little more clarification as to what grade levels each class was focused on.IE: The using data was more geared towards jr high/HS and wasn't something I would use in an elem setting with my kiddos.	Sep 15, 2014 3:08 PM
170	As the district begins implementing NTN it would be helpful to have courses in it.	Sep 15, 2014 3:08 PM
171	There's a lot of info. to process. I wish there were more time to explore the various aspects of Google docs. I like that the handouts are available for all sessions.	Sep 15, 2014 3:08 PM
172	Please allow more time to create something that can be used in the classroom instead of fake practice sheets. In light of how long it takes to complete the Safeschools training to allow half of the professional development day for	Sep 15, 2014 3:07 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

	everyone to complete instead of during our own time.	
173	A little more variety. I'm Googled out.	Sep 15, 2014 3:07 PM
174	How can we find ways to follow up at the building level so we can practice our new learning?	Sep 15, 2014 3:07 PM
175	None	Sep 15, 2014 3:07 PM
176	sessions in the morning, time to create useful items in the afternoon	Sep 15, 2014 3:07 PM
177	more levels of knowledge	Sep 15, 2014 3:07 PM
178	I loved the format! No suggestions at this time.	Sep 15, 2014 3:07 PM
179	More of the same! I couldn't get to everything I wanted.	Sep 15, 2014 3:07 PM
180	Advanced classes for those who have already working knowledge.	Sep 15, 2014 3:06 PM
181	To have the opportunity to have a printout to refer to.	Sep 15, 2014 3:06 PM
182	More of this would be great, I did not get to go to all the sessions I wanted	Sep 15, 2014 3:06 PM
183	I still feel like a lot of this was a repeat from last February for the secondary teachers. I wanted to have something new and different to do!	Sep 15, 2014 3:06 PM
184	none at this time	Sep 15, 2014 3:06 PM
185	Sessions need to be longer and fewer of them. That gives you time to work on the new concept with the expert in the room to help you.	Sep 15, 2014 3:06 PM
186	Please offer enough sessions so we can attend what we truly want to attend. I was on the waiting list for Starfall and had signed up the very next morning it was offered. Wish more sessions for that course would have been offered as it was obviously something that many were interested in.	Sep 15, 2014 3:06 PM
187	I struggle getting my students to have availability to use technology.	Sep 15, 2014 3:06 PM
188	Pre-assess where we are as learners and differentiate.	Sep 15, 2014 3:05 PM
189	Continue to give us choices on training.	Sep 15, 2014 3:05 PM
190	None	Sep 15, 2014 3:05 PM
191	WE NEED WORK TIME! A PD day to implement this would be extremely helpful. Also, it would be great if we pick something to stick with - google or infinite campus beta's new version? Also, internet got bogged down a bit, so it would be nice if we could break up a bit and have different levels at different buildings. Differentiation?	Sep 15, 2014 3:05 PM
192	Even with the menu format, I found I went to two sessions I thought may be of some benefit, and when I got there, there was no way for me to use the information in my class. I would have liked some suggestions related to subject area prior to enrolling, or more time to work with and use the information from	Sep 15, 2014 3:05 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

	the one session that did apply. My entire morning ended up being unfruitful.	
193	Keep them like this. I LOVED it.	Sep 15, 2014 3:04 PM
194	There are always ways to improve upon- I'll let others have suggestions. I only went to 2 sessions, so I'm sure there are some but I enjoyed it.	Sep 15, 2014 3:04 PM
195	Will we be able to choose what we go to? (Classes)	Sep 15, 2014 3:04 PM
196	keep up the good work. maybe the last hour or two to spend in our classrooms :)	Sep 15, 2014 3:04 PM
197	Google classroom +++	Sep 15, 2014 3:04 PM
198	I would suggest having morning informational sessions and afternoon work sessions (still at PD site) over the morning information. You could just have the helpers in the rooms in the afternoon to help actually implement for the teachers. I think this would be more beneficial for implementation. Right now I have good ideas and not enough time to sit down and plug my materials into a lot of these systems. I might actually use them in my classroom if I had an afternoon to set them up.	Sep 15, 2014 3:04 PM
199	I felt like the choices were repeats of last year or tailored for elementary aged students. I do not feel like I am coming away with as much as I did last year.	Sep 15, 2014 3:04 PM
200	Maybe that we see a teacher actually doing this with a class.	Sep 15, 2014 3:04 PM
201	I think it's good to have days like this with lots of ideas in one room, brainstorming.	Sep 15, 2014 3:03 PM
202	Basic classes (yes, even more basic than the 101 classes) for some of us who do not pick up this technology as easily.	Sep 15, 2014 3:03 PM
203	I liked today. Maybe have the sessions in categories such as differentiation, formative assessments, etc.	Sep 15, 2014 3:03 PM
204	More time to set things up for the classroom.	Sep 15, 2014 3:03 PM
205	Sign in should be spread out on more tables.....	Sep 15, 2014 3:02 PM
206	I don't have any suggestions.	Sep 15, 2014 3:02 PM
207	Keep the same format and allow us to continue to learn new skills in technology. Google classroom seems only realistic if we go 1 to 1 with student computers.	Sep 15, 2014 3:02 PM
208	Make sure we understand what level the class is intended. One class I attended was upper level.	Sep 15, 2014 3:02 PM
209	To have extra time to implement/set up what we have learned for our classrooms	Sep 15, 2014 3:01 PM
210	None	Sep 15, 2014 3:01 PM
211	I would like to be able to actually "do" something that pertains to my class. Maybe only 3-4 sessions so we have more time per each, and we plan to	Sep 15, 2014 3:01 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

practice actually using calendar or slides etc., and create these to actually use in our classroom

212	Continue to offer a wide variety of sessions and allow teachers to choose.	Sep 15, 2014 3:01 PM
213	Do something similar next time!	Sep 15, 2014 3:01 PM
214	It would have been nice to allow more time to talk in groups about how we can apply what we learned to our own classrooms.	Sep 15, 2014 3:01 PM
215	i would hope our next technology day would not be another set of classes, but rather time to work with colleagues on developing what we've already learned. At this point we have plenty of tools, we just need time to development and implement them.	Sep 15, 2014 3:01 PM
216	More advanced classes.	Sep 15, 2014 3:00 PM
217	do it again	Sep 15, 2014 3:00 PM
218	It would be beneficial to have specific grade level target learning. What does the district want us to specifically know and take away from today.	Sep 15, 2014 3:00 PM
219	I really enjoy this style of PD. I learned so much and as we move forward I think it would be helpful to continue providing technology PD. This also helps us to become familiar with ways we can collaborate as teachers.	Sep 15, 2014 3:00 PM
220	I appreciate being able to attend 5 sessions but would have liked each session to be a little longer. Math differentiation was a little crowded. Great info but ended being loud and unorganized in two groups. Trying to do too much in two different groups. Groups were talking over each other and it was difficult to hear the speaker of the teacher led small group.	Sep 15, 2014 3:00 PM
221	none	Sep 15, 2014 3:00 PM
222	Have all instructors upload handouts or presentations to the Apps website so that if you wanted to look at the information from another class you could. For example, I took YouTube 101. When I get more familiar with it, I would like to be able to go look at what they did in YouTube 201 on my own time.	Sep 15, 2014 3:00 PM
223	Please explain the focus on Google. Are we going to lose our H drives, Outlook?	Sep 15, 2014 3:00 PM
224	Continue to have us choose our classes.	Sep 15, 2014 3:00 PM
225	Elem and secondary separate	Sep 15, 2014 3:00 PM
226	Keep doing what you are doing!	Sep 15, 2014 3:00 PM
227	A lot of the classes were very basic and I don't feel like I really took a lot away from them to apply in my classroom. Might have been better to have an open forum type of class where we discuss what we want to see and talk about during that time. For example, in the starfall session, instead of showing us all the different games we are already familiar with, asking us what we want to explore/talk about. It would also be beneficial to have more classes strictly for	Sep 15, 2014 3:00 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

	lower grades, even Kindergarten/1 only classes.	
228	Charging time. Many of us ran out of battery on our computers.	Sep 15, 2014 3:00 PM
229	It was a very useful day!	Sep 15, 2014 3:00 PM
230	CHOOSE...OUTLOOK OR GOOGLE CALENDARS?!?!?!?	Sep 15, 2014 2:59 PM
231	Google was not geared towards lower grades. More open forum/questioning during classes.	Sep 15, 2014 2:59 PM
232	I think it's been great!	Sep 15, 2014 2:59 PM
233	More content specific info	Sep 15, 2014 2:59 PM
234	Sessions broken up more into elementary, early childhood, middle school, high school, etc.	Sep 15, 2014 2:59 PM
235	Maybe have it k-6 two separate	Sep 15, 2014 2:59 PM
236	Classes in the morning, work time in the afternoon.	Sep 15, 2014 2:59 PM
237	There were some technology problems throughout the day, so think through this issue. More advanced classes regarding technology.	Sep 15, 2014 2:59 PM
238	none	Sep 15, 2014 2:59 PM
239	More topics/opportunities at the Kindergarten/early childhood level.	Sep 15, 2014 2:58 PM
240	Longer sessions so there is time to work on things with the "experts"	Sep 15, 2014 2:58 PM
241	I would like more of a description of the classes. There was a little description but a lot of my classes covered the same material and so I would've picked a couple of different ones had I known that they were all so similar.	Sep 15, 2014 2:58 PM
242	similar layout with choice topics.	Sep 15, 2014 2:58 PM
243	I wish the day was more geared for lower elementary.	Sep 15, 2014 2:58 PM
244	I'd like more small group settings for continue technology and differentiation like today. Thank you! :)	Sep 15, 2014 2:57 PM
245	All staff need specific knowledge about what is "coming up" in terms of technology requirements and changes. Rumors are swirling, but little direct communication is happening.	Sep 15, 2014 2:57 PM
246	45 minute sessions so we get more sessions. An hour tended to get long	Sep 15, 2014 2:57 PM
247	A few sessions were full. Maybe gauge interest and create more sessions based on the pre-assessment interest survey. Ex: YouTube was full. Good day overall.	Sep 15, 2014 2:57 PM
248	if it is technology driven. offering classes for more advanced people in tech.	Sep 15, 2014 2:57 PM
249	1/2 a work day to absorb and practice in close proximity to initial learning.	Sep 15, 2014 2:56 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

250	Keep offering choices and ways we can incorporate technology into our instruction.	Sep 15, 2014 2:56 PM
251	Be sure every single class had the handouts or slide show on the Google Site Brian created. Some were there and some were not.	Sep 15, 2014 2:56 PM
252	more time, one less session	Sep 15, 2014 2:56 PM
253	Try to space topics out more. Having a similar day last Feb is too close together. I was not looking forward to today because it seemed repetitive.	Sep 15, 2014 2:56 PM
254	There needs to be more k-2 sessions and then jr high and high school separate	Sep 15, 2014 2:56 PM
255	I would make sure there were a few 201 offerings at the beginning of the day. I have been using a few of the Google topics, so I was ready for the next step. Instead, I had to wait two hours before I could starting doing something new.	Sep 15, 2014 2:55 PM
256	No suggestions- I liked how it was set up! Keep all of the google sessions!!!	Sep 15, 2014 2:55 PM
257	I see how today was supposed to be differentiated. However, I think it fell short. The 201 classes seemed like 101 classes to me other than the Forms one. I unfortunately didn't take much away from the day.	Sep 15, 2014 2:54 PM
258	an informal "lab" time option where we could go and get help on specific topics of interest/need to us	Sep 15, 2014 2:54 PM
259	Some of the AEA presenters went a little fast in a couple of the sessions. Generally went teachers presented, they were more understanding of the "slow" learners and weren't so click-happy (jumping everywhere on the screen so fast).	Sep 15, 2014 2:54 PM
260	More advanced classes to add on to what we learned today.	Sep 15, 2014 2:54 PM
261	Have more options for people who are more advanced in the google world. the 201 classes were a good start but not necessarily applied to my class. I enjoyed the higher level content because i am very familiar with the lower level stuff.	Sep 15, 2014 2:54 PM
262	Everything was given in a quick format ... lots of information and a little cognitive overload. What I would have preferred was to learn a lot about one thing vs. a little about a lot of things. For example, it would have been nice to be in Campus Instruction (Beta) for a much longer period of time.	Sep 15, 2014 2:54 PM
263	More time to play around with what we learned.	Sep 15, 2014 2:53 PM
264	I felt having K-12 teachers in session was not the best use of time. The sessions I attended that focused on K-6 were much better.	Sep 15, 2014 2:53 PM
265	Continue offering technology courses as it is constantly changing and people can share their knowledge with others!!	Sep 15, 2014 2:52 PM
266	I would like more time to work on this. It is hard to implement some of these things because they take a lot of time to setup.	Sep 15, 2014 2:52 PM
267	Getting a computer for all of my students. There isn't enough time to rotate through computers.	Sep 15, 2014 2:52 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

268	None at this point.	Sep 15, 2014 2:52 PM
269	None	Sep 15, 2014 2:51 PM
270	Continue to offer google sessions because some that I wanted were full by the next day the sign-up was open.	Sep 15, 2014 2:51 PM
271	Went well	Sep 15, 2014 2:51 PM
272	I liked the different options for courses. I liked starting early and getting out early. I really liked having time for an adult lunch...just like the business world.:)	Sep 15, 2014 2:50 PM
273	Continue allowing session choices.	Sep 15, 2014 2:50 PM
274	CPR/First Aid certification.	Sep 15, 2014 2:50 PM
275	Overall great experience with many things I can take back to the classroom.	Sep 15, 2014 2:50 PM
276	Maybe have longer class options to go a little more in depth.	Sep 15, 2014 2:50 PM
277	Incorporate some Special Education specific sessions.	Sep 15, 2014 2:50 PM
278	More of the technology would be good.	Sep 15, 2014 2:49 PM
279	I suggest using this model for PD again...using more reading/writing resources next time.	Sep 15, 2014 2:49 PM
280	Less options more time in each one	Sep 15, 2014 2:48 PM
281	I thought it all went very well! The teachers all knew their stuff!	Sep 15, 2014 2:48 PM
282	More differentiation in classes with early elem. vs upper elem. (data to make decisions seemed geared towards upper elem.) I would be interested in more ways for using it in early elem.	Sep 15, 2014 2:47 PM
283	PD was fantastic - but...when is the availability of technology (Chromebooks, etc.) going to make all of these possibilities a reality in all classrooms and for all students? Labs and laptop carts can only do so much.	Sep 15, 2014 2:47 PM
284	Be wider on the topic.	Sep 15, 2014 2:46 PM
285	Pick one of these sessions (classroom/apps) and thoroughly go over them in the morning at each individual school. Then have staff actually develop lesson plans with their PLC's to incorporate this new technology in the afternoon. This would be something they would need to turn in to their principal and he/she could even come in on the day it was happening in class to observe how we've used this new technology in our classroom. Right now we are thrown so many different options that its actually difficult to fully incorporate any of them into your class unless it's pretty basic (like drive).	Sep 15, 2014 2:46 PM
286	Do it a little later in the year.	Sep 15, 2014 2:46 PM
287	I would like to see a bit more variety in classes, or a session specific to using the Chromebooks on a regular basis. I would also like to know exactly what the	Sep 15, 2014 2:45 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

	district's technology vision is for the next few years--are we moving everything toward Google? If so, I don't know how much time and resources should be spent on other forms of technology we are expected to use and update regularly.	
288	allow teachers to work with groups (grade, subject, etc.) to talk about or practice the uses of these tools.	Sep 15, 2014 2:45 PM
289	None.	Sep 15, 2014 2:45 PM
290	Offer a wider variety of PD, not just technology based.	Sep 15, 2014 2:45 PM
291	Allow many choices again, allowing us to choose the sessions we find beneficial to us. THanks!	Sep 15, 2014 2:45 PM
292	More Playground time! I feel like I'm at a spot where I need time to play and create. Would be awesome to do it with colleagues.	Sep 15, 2014 2:44 PM
293	more time to apply new skills	Sep 15, 2014 2:44 PM
294	This seemed to work well today. There were short useful sessions that applied to what i do at school.	Sep 15, 2014 2:44 PM
295	This was great. Thanks.	Sep 15, 2014 2:42 PM
296	Do not bring back the YouTube 201 guy. Dry boring and uninformative.	Sep 15, 2014 2:42 PM
297	Give time in the afternoon to implement what we learned	Sep 15, 2014 2:42 PM
298	Google classroom was geared more toward secondary, it was labeled as a K-12 session.	Sep 15, 2014 2:42 PM
299	Technology that is needed for consistent application needs to be available to all students. We do not have the technology in the buildings to support the implementation consistently or effectively with the amount of technology we currently are provided with. We cannot expect that our students are able to access the Internet, computer, or technological device at home.	Sep 15, 2014 2:42 PM
300	give everyone the basic knowledge they need to be successful. Everyone wasn't on the same page with their knowledge of certain things in order to apply them.	Sep 15, 2014 2:41 PM
301	I wish I could have taken more classes -- maybe make them 45 minutes long?	Sep 15, 2014 2:41 PM
302	A schedule to double check at the check-in would have been helpful.	Sep 15, 2014 2:41 PM
303	Email Power points ahead of time.	Sep 15, 2014 2:41 PM
304	Some of the classes were the same from last year. So, there wasn't really that many options if you took most of it last year.	Sep 15, 2014 2:40 PM
305	Continue offering opportunities similar to this. Whenever possible, make us able to meet within our content area. It is incredibly helpful to bounce ideas off of other art teachers in the moment.	Sep 15, 2014 2:40 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

306	Things like google 101 went through information way too fast. Some sessions needed to be longer as we received more information then we could comprehend.	Sep 15, 2014 2:39 PM
307	I suggest we continue to do this each year. Technology is always changing and it is nice to be up to date with what is going on each year and how to use it in the classroom.	Sep 15, 2014 2:39 PM
308	WE NEED TO KNOW WHAT IS IN STORE FOR THE FUTURE OF TECHNOLOGY IN THE DISTRICT. ARE WE GOING 1 TO 1? ARE WE GOING TO PROJECT BASED LEARNING (at Indian hills)? ARE WE GOING ALL GOOGLE? With all of the new stuff/technology/rumors, it would be nice to know and plan for the future. If we are going to be completely going digital, let us know! if it will still be an option or teacher choice, let us know. I would like to do more technology in the classroom but i dont want to do great things this year only for it to be a completely different program/style of learning next year. We need direction!! In the same sense, while it is good to see how to use it, it would also be beneficial to see HOW people are using this. Google classroom seems great but how are people best utilizing it (i know it just started....) There seems to be a lot of sameness- google forms is similar to kahoot. google classroom and IC have some of the same features... which are we to use? sometimes its an option overload	Sep 15, 2014 2:39 PM
309	Followup with thesame schedule or a part 2 for the classes we had today.	Sep 15, 2014 2:39 PM
310	A session I went to was labeled as K-12, but it pertained more towards upper grades (maybe 5/6th grade and up)--Google Classroom.	Sep 15, 2014 2:38 PM
311	None-it was great!	Sep 15, 2014 2:38 PM
312	maybe the afternoon to utilize the learning.	Sep 15, 2014 2:38 PM
313	If we are doing more Google, play time. I could use more time to mess around with the things and try to work my own kinks out.	Sep 15, 2014 2:37 PM
314	I would like to continue doing classes like this. I was able to sign up with fellow teachers that teach the same subject so we were able to learn with each other and discuss how we would used this information in our classrooms. Love this technology PD	Sep 15, 2014 2:37 PM
315	none	Sep 15, 2014 2:37 PM
316	Have teachers bring things to work on for dual production during sessions.	Sep 15, 2014 2:37 PM
317	Technology was fantastic, but I do not know how legitimate it will be for all teachers to use. Right now, it is difficult to get to the computer lab or laptops at times, because they are already being used pretty consistently. It would be advantageous for each grade level to have a laptop cart in the future to really get the most out of all the technology we learned. Perhaps teachers could have a set schedule for 30 min. two times a week in the computer lab to use for implementation. It would allow teachers to implement the tools more consistently. Right now it might be difficult for me to schedule a time, therefore, I will forget about these tools while they are fresh in my mind. I would like to see	Sep 15, 2014 2:37 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

	more technology classes in PD classes, such as You Tube for a more extensive learning to go more in depth.	
318	Continue broadening options for various subject areas.	Sep 15, 2014 2:36 PM
319	None	Sep 15, 2014 2:36 PM
320	have it keep getting more advanced and with time to work on stuff	Sep 15, 2014 2:36 PM
321	Have more advanced classes that will actually help me.	Sep 15, 2014 2:31 PM
322	Keep people who want to present and are experts with the different technology areas. All did a super job today! :)	Sep 15, 2014 2:31 PM
323	Differentiate the professional development (i.e., give lots of options for people to pick and choose from) -- like today! =)	Sep 15, 2014 2:31 PM
324	Morning classes only - afternoon time to apply what we learned. I still haven't applied what I learned from this PD day last year. So much information, but no time to practice or apply to our classes is really frustrating and a consistent problem with our professional development.	Sep 15, 2014 2:29 PM
325	The awareness of resources available in each building may make or break the success of these PD courses.	Sep 15, 2014 2:29 PM
326	I like this format and having the opportunity to be up to date on technology I can actually use in my classroom	Sep 15, 2014 2:29 PM
327	Everything was great today--OUR STUDENTS NEED ONE-TO-ONE DEVICES (EVEN at the elementary level.). I think it's going to be a nightmare trying to reserve the computer lab and laptops now!	Sep 15, 2014 2:29 PM
328	Mimeo	Sep 15, 2014 2:28 PM
329	Fewer classes in the day so that we could have more time in each class. It was a lot of information at once and I really would have liked to spend time asking more questions and getting comfortable with what I was learning about.	Sep 15, 2014 2:28 PM
330	more frequent and more opportunity for q and a	Sep 15, 2014 2:26 PM
331	Splashtop	Sep 15, 2014 2:26 PM
332	Continue to allow teachers to choose which classes they would like to attend. Possibly include a course on how teachers are differentiated the word study component in Benchmark Materials.	Sep 15, 2014 2:25 PM
333	More options for sessions on literacy differentiation	Sep 15, 2014 2:25 PM
334	Make more announcements about signing in and have the sign out sheets here earlier. :)	Sep 15, 2014 2:25 PM
335	Would love to see video of some of these ideas in practice (especially with capped class sizes).	Sep 15, 2014 2:25 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

336	First half of the day classes, then implementing things. OR allow us to have a work day using the powerpoints, etc.	Sep 15, 2014 2:25 PM
337	If you keep it like today, I think PD will continue to be beneficial and productive.	Sep 15, 2014 2:23 PM
338	Perhaps to include all staff, have more topics other than just computer related topics. Would have been nice to have 3 classes or so in the morning then have time back in our home buildings to work on and/or discuss.	Sep 15, 2014 2:22 PM
339	More of the same. Need practice and now to dig deeper. Great to hear the talk between K-12	Sep 15, 2014 2:21 PM
340	This went really well :)	Sep 15, 2014 2:21 PM
341	I could use more in depth training with Infinite Campus.	Sep 15, 2014 2:20 PM
342	Having separated Secondary/Elementary classes so teachers get the most out of the sessions.	Sep 15, 2014 2:20 PM
343	There is too much information to process at times. It would be better to have fewer sessions and more application time. I felt like I was on information overload and therefore had a tough time being able to know how I would apply something's.	Sep 15, 2014 2:20 PM
344	This has been a really good PD day. I think today's and last year's PD day like this is some of the best days I've ever had in 15 years of teaching here.	Sep 15, 2014 2:19 PM
345	Let departments work together in the afternoon to create things together that would benefit their students and utilize new found knowledge.	Sep 15, 2014 2:17 PM
346	Some said K-12, but did not pertain to elementary as much as high school (ex:google classroom).	Sep 15, 2014 2:17 PM
347	I would have liked to take almost all of the classes offered today. Offer some of them again? It was helpful to take the survey before to see what people are interested in or what they need.	Sep 15, 2014 2:16 PM
348	I feel like I am at the point where I use google apps as much as I can without 1 to 1. I can do things in google in class time but it is hard to expect students for out of school work when not everyone has computer access outside of school.	Sep 15, 2014 2:16 PM
349	No suggestions but it makes me really wonder about laptops available in our building. We have 30 laptops for 7 grade levels. I am not sure how I can do a great job with implementing what I learned today if there isn't the technology resources.	Sep 15, 2014 2:15 PM
350	Have the afternoon to work more on what we learned during the day. Have time to meet within departments to see how these areas could apply.	Sep 15, 2014 2:14 PM
351	None	Sep 15, 2014 2:14 PM
352	Classes were already well thought out and offered at different levels of users' experiences! Well Done!	Sep 15, 2014 2:14 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

353	It was too much information. We need more time to actually process and use the information that was presented. I feel like i need at least another day to actually try a few of these ideas. I'm afraid that without having time it will be impossible to put it into action.	Sep 15, 2014 2:13 PM
354	Would love a day like this at least once a year!	Sep 15, 2014 2:13 PM
355	continue having choice in sessions and time at the end of the day to try out the things you learned and see how and get help for how they apply to your classroom	Sep 15, 2014 2:12 PM
356	Continue teaching technology tools with sign up based on needs/wants.	Sep 15, 2014 2:12 PM
357	Some of the sessions I felt like I needed more time. They would make great further PD days.	Sep 15, 2014 2:11 PM
358	More related to preschool--so many said they were applicable, but were not in reality	Sep 15, 2014 2:11 PM
359	Presenters also need to slow down a bit.	Sep 15, 2014 2:11 PM
360	Some of the presenters assumed we had more knowledge than we did, and went too fast. In a couple of the sessions, it would have been helpful to have more instruction and less "play" time.	Sep 15, 2014 2:11 PM
361	Continue this style of workshops. I like to choose what I will attend and like the small classroom activities. The leaders are showing us actual things that we can use in our classrooms.	Sep 15, 2014 2:10 PM
362	We need to do this again. There were many sessions that I still wanted to take but didn't have room.	Sep 15, 2014 2:10 PM
363	The only suggestion I have is to spread out the sign-in tables throughout the main lobby so there isn't such a congestion at the main doors!	Sep 15, 2014 2:10 PM
364	Possibly built-in time to play with tools or plan instruction with or around tools. ?	Sep 15, 2014 2:10 PM
365	This was really good. I would ask that presenters remember to check for understanding before flying on. Some were great and others assumed everyone had their background.	Sep 15, 2014 2:10 PM
366	I was not able to attend all the classes that I wanted to.	Sep 15, 2014 2:08 PM
367	Great day!!!	Sep 15, 2014 2:08 PM
368	Things where we get up and move around. Sitting in a classroom all day isn't something we would expect for our students so why make teachers do it?	Sep 15, 2014 2:07 PM
369	none	Sep 15, 2014 2:07 PM
370	Maybe more snacks. Craig Bittick for Mayor!	Sep 15, 2014 2:02 PM
371	I would like to see the same offerings so that we can take the classes that we weren't able to. Great job!!	Sep 15, 2014 1:58 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

372	a time set aside to practice using the information i learned today.	Sep 15, 2014 1:57 PM
373	Understanding how classroom teachers differentiate.	Sep 15, 2014 1:55 PM
374	More time to play with what we just learned in the classroom.	Sep 15, 2014 1:48 PM
375	None	Sep 15, 2014 1:41 PM
376	N/A	Sep 15, 2014 1:33 PM
377	It was a lot of information for one day and not enough time to practice or explore the uses. I would have preferred more time to spend with one thing.	Sep 15, 2014 1:32 PM
378	Suggestion would be to have classes that are for beginners, etc. Perhaps "comfort levels" with the programs.	Sep 15, 2014 1:31 PM
379	It's lots of information in one day! For the old timers like myself, a slower pace may be advised	Sep 15, 2014 1:26 PM
380	Mostly everything was helpful for me. Some of the class descriptions were a bit misleading, but mostly, I signed up for classes whose descriptions matched what was covered in the sessions. One suggestion is to consider more content-based technology sessions that could allow content areas across grades to learn about tech tools together that are specifically relevant to what they teach.	Sep 15, 2014 1:25 PM
381	I would like to have more PD on differentiation where teachers give examples of how they differentiate in their classrooms.	Sep 15, 2014 1:23 PM
382	More special ed specific sessions.	Sep 15, 2014 1:23 PM
383	More advanced Google classes.	Sep 15, 2014 1:20 PM
384	We've had the same presentations for the last two sessions, and they are aimed largely at traditional classroom settings. Teaching band almost exclusively doesn't allow for much application of a lot of technology from the presentations.	Sep 15, 2014 1:16 PM
385	I'm wondering if longer sessions for the technology would be more effective. This would give some practice time.	Sep 15, 2014 1:12 PM
386	I need help making things more efficient and better for kids. My feelings is that we are making more busy work for both teachers and students. What will we do with students who don't have access to technology?	Sep 15, 2014 1:03 PM
387	I feel like we have "google-d out" as this is now the second year. It was difficult for me (a fairly novice user) to select enough topics that i needed to learn about. It may be better to have the choice to pick some or "assist" in an area that you excel in. That way there would be more applicatin	Sep 15, 2014 1:03 PM
388	site with more restrooms or more time in between sessions repeat some of same classes that we weren't able to attend-also concerns about switching google docs b/c doc not as good for formatting as Word, for instance, tables, font superscripts and subscripts	Sep 15, 2014 1:03 PM
389	Keep the 101 classes more concrete, sequential	Sep 15, 2014 1:00 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

390	More Handouts	Sep 15, 2014 12:59 PM
391	Repeat of this day so that I could choose different sessions.	Sep 15, 2014 12:59 PM
392	Keep letting us choose the topics we go to. Thanks! :)	Sep 15, 2014 12:58 PM
393	Continue with this! I feel like this was just the tip of the iceberg.	Sep 15, 2014 11:19 AM
394	need to have more coffee.	Sep 15, 2014 10:43 AM
395	starfall shou;d have been added other sections especially since we just rolled it out this year. That was very dissappointing	Sep 15, 2014 10:32 AM
396	More course offerings	Sep 15, 2014 9:23 AM
397	Make sure to allow time for teachers to experiment within the class that they are taking.	Sep 15, 2014 8:37 AM
