**Q2. How will you apply the learning from today in your classroom?**

1	Google calendar will help communicate IEP dates and meetings with parents. K-2 apps will help with progress monitoring students weekly.	Sep 17, 2014 4:06 PM
2	google docs	Sep 17, 2014 4:03 PM
3	I look forward to implementing more google activities into my classroom.	Sep 16, 2014 9:41 AM
4	Finding google apps to use.	Sep 15, 2014 7:32 PM
5	I will use many of the ideas I received today in my classroom--Apps, EDM differentiation structure, and Starfall	Sep 15, 2014 6:55 PM
6	I liked getting some ideas on Apps that I am able to use in my Preschool classroom.	Sep 15, 2014 6:34 PM
7	Into work with my Adult learners as well as interactive work with my younger students	Sep 15, 2014 3:18 PM
8	My PLC would like to create google docs to keep track, from year to year, all of our ELL students.	Sep 15, 2014 3:17 PM
9	Research and data organization	Sep 15, 2014 3:16 PM
10	I learned about some great ways to incorporate YouTube into my classroom. I liked how we learned to set to private and then share a video with the parents in our classroom. I think that would be a great tool to share presentations in the classroom. I also learned some GREAT apps that I could use on my iPads.	Sep 15, 2014 3:16 PM
11	Different ideas for differentiation in math class. Will switch to the Infinite Campus Beta Grade Book second trimester,	Sep 15, 2014 3:15 PM
12	In my SPARE TIME I will play with what I have learned today.	Sep 15, 2014 3:14 PM
13	I will be using many of the teacher resources from Starfall to use with my reading interventions. I will also be using Starfall math games during differentiation.	Sep 15, 2014 3:14 PM
14	I will use more technology with my students.	Sep 15, 2014 3:13 PM
15	I will be adding Starfall to my morning literacy rotations. I also have a new model for how to manage small groups in math that I am going to try.	Sep 15, 2014 3:12 PM
16	New iPad apps that will help with social skills students.	Sep 15, 2014 3:12 PM
17	I will load some of the apps that i learned about. I will also use campus instruction more effectively.	Sep 15, 2014 3:06 PM
18	Jump right in and start using it. Would love to have MORE classes/pd on google stuff	Sep 15, 2014 3:00 PM
19	Try the differentiation methods for math. Add some extensions to Chrome to help my browser.	Sep 15, 2014 2:59 PM
20	I can't wait to use the differentiation models taught. i'll use the switch model	Sep 15, 2014 2:57 PM

**Q2. How will you apply the learning from today in your classroom?**

21	I will use Google Apps to make spreadsheets.	Sep 15, 2014 2:57 PM
22	I can use it now with confidence to share with co workers and staff and retrieve documents quickly now. I can use google forms with parents email addresses I have to create documents to share with them for responses that I need about their student.	Sep 15, 2014 2:56 PM
23	I will use what I learned in the google apps class to make spreadsheets to collect data.	Sep 15, 2014 2:53 PM
24	I felt that the google sessions were great. I have already put my new knowledge to work with my colleagues. Google doc specifically as well as the form.	Sep 15, 2014 2:51 PM
25	I will use the Google calendar more and feel more confident creating Google docs. I will also feel more comfortable helping my 8th grade daughter with her homework. Thank you!	Sep 15, 2014 2:49 PM
26	Apply new technology skills	Sep 15, 2014 2:49 PM
27	Add more detail to my google apps	Sep 15, 2014 2:45 PM
28	I will use google calendar to merge my events in various roles at home, at school and as an art department. I will use google docs to share information and ask questions within the art department. I will use you tube to teach my students to edit their own stop motion videos and publish them to you tube. They will be able to critique their own and the work of others. These videos can be shared with parents.	Sep 15, 2014 2:40 PM
29	I hope to start using Drive with my students soon.	Sep 15, 2014 2:38 PM
30	I will have my students use Google Docs to collaborate with reports/stories/projects.	Sep 15, 2014 2:20 PM
31	I will use Starfall in my classroom. I will continue to refine my differentiation in math by developing my grouping system.	Sep 15, 2014 2:20 PM
32	I have learned about apps for making presenting information to listen to reading for students. All will be used in my classroom.	Sep 15, 2014 2:08 PM
33	I appreciate the information on GoogleDocs.	Sep 15, 2014 2:08 PM

**Q3. What did you like about today? What went well?**

1	K-2 apps. She had a lot of information to share and shared how she used them across areas.	Sep 17, 2014 4:06 PM
2	sessions were long enough to learn something, but not so long they drug on... Jeff's session with 4th - 6th grade; Orsini on google	Sep 17, 2014 4:03 PM
3	There were a variety of activities to choose from, which helped our learning be relevant to us.	Sep 16, 2014 9:41 AM
4	Being able to choose our classes.	Sep 15, 2014 7:32 PM
5	I found the information/topics to be applicable and the instructors relatable.	Sep 15, 2014 6:55 PM
6	I thought today would be a waste with some of the classes I was taking but liked getting new ideas how to use Drive and Calendar. Also, enjoyed the extra time to explore and ask questions in each class.	Sep 15, 2014 6:34 PM
7	The format, The flow, the time for each session.	Sep 15, 2014 3:18 PM
8	The opportunity to choose the sessions that apply best to me. The chance to practice what we have learned.	Sep 15, 2014 3:17 PM
9	Presenters well well prepared and energetic.	Sep 15, 2014 3:16 PM
10	I liked that we switched every hour. It gave us a chance to get up and move. I also like that we had a lot of options to choose from.	Sep 15, 2014 3:16 PM
11	Like the shorter sessions, with chance to get up and move frequently. Instructors were all approachable and easy to understand.	Sep 15, 2014 3:15 PM
12	It all went well, it was just too much for one day. I learned about google docs in the morning and utube in the afternoon.	Sep 15, 2014 3:14 PM
13	I liked that we had time to "play" with the technology and explore in Starfall and Google. The time per session was perfect. There were good suggestions for how to manage games for centers during differentiation.	Sep 15, 2014 3:14 PM
14	I learned a lot of new things. I liked that we could choose what would be applicable to what we do when choosing sessions.	Sep 15, 2014 3:13 PM
15	Lots of time to explore technologies available. I got some great ideas to try in my classroom that will be great for the students and make my life easier!	Sep 15, 2014 3:12 PM
16	I liked that I could select classes I wanted to attend.	Sep 15, 2014 3:12 PM
17	Being able to choose the sessions that I attended.	Sep 15, 2014 3:06 PM
18	Great information. Lots to learn about and process. I feel like I could have had training for hours on all the differents "googles". Learned about many new apps in the 3-6 lpad apps session. They did a great job teaching. Ames tech director was engaging and informative.	Sep 15, 2014 3:00 PM
19	Choice of what session to attend. Presenters were knowledgable.	Sep 15, 2014 2:59 PM

**Q3. What did you like about today? What went well?**

20	I liked that we were able to choose what classes we wanted to attend.	Sep 15, 2014 2:57 PM
21	I enjoyed being able to sign up for the courses of my choice. I also enjoyed listening to different instructors.	Sep 15, 2014 2:57 PM
22	I learned how to retrieve/check the google docs I have received rather than going back to emails to look back at them. I learned how to make a form to share. Presenters were very good and knowledgeable!	Sep 15, 2014 2:56 PM
23	I liked that we could choose our own sessions.	Sep 15, 2014 2:53 PM
24	Options for what you need and are interested.	Sep 15, 2014 2:51 PM
25	Time to explore and actually use Google	Sep 15, 2014 2:49 PM
26	Youtube 201 and Sites 201 teachers were excellent.	Sep 15, 2014 2:45 PM
27	Loved being able to do relevant PD with my content area colleagues. Loved the built in time to experiment with all that we learned.	Sep 15, 2014 2:40 PM
28	Having ample time to play around with Google.	Sep 15, 2014 2:38 PM
29	It was mainly about Google which gets everyone on the same page in the WDM school district.	Sep 15, 2014 2:20 PM
30	There were many options for people to choose from.	Sep 15, 2014 2:20 PM
31	We were given time to explore what we learned.	Sep 15, 2014 2:08 PM
32	Learning from other educators.	Sep 15, 2014 2:08 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

1	Have a 1/2 day used for special meetings so I don't have to miss working with kids 2 days and pay for a sub.	Sep 17, 2014 4:06 PM
2	utilize teachers in addition to teacher leaders	Sep 17, 2014 4:03 PM
3	Some of the descriptions did not match the intended audiences or what was actually presented. Two sessions I attended should have been targeted at older grades, not primary elementary school. Some sessions were very repetitive with their information, which was frustrating. I would love to have a morning of sessions, and then an afternoon of time in our buildings to work in our PLC and implement our new learning into our instruction.	Sep 16, 2014 9:41 AM
4	I wish as a district we would either be Google or Outlook. It's starting to get confusing.	Sep 15, 2014 7:32 PM
5	The length of everything today was just right--starting time, length of classes, ending time.	Sep 15, 2014 6:55 PM
6	More classes devoted to Preschool resources to use.	Sep 15, 2014 6:34 PM
7	Another day so I could take some of the other options.	Sep 15, 2014 3:18 PM
8	That the presenters please remember that the info they are presenting might be very new to us and to slow down and give time for questions.	Sep 15, 2014 3:17 PM
9	Beginning, intermediate, and advanced levels	Sep 15, 2014 3:16 PM
10	These instructors did a great job, but I feel like we keep getting the same information over and over. There was a wide variety of courses to choose from but not a lot of new topics/ideas.	Sep 15, 2014 3:16 PM
11	Would be nice to see some truly new topics offered. So many of the sessions are the same things we've seen in building staff development, teacher quality classes. It seems like we never really have anything we don't already know,	Sep 15, 2014 3:15 PM
12	Less information and some time to work with what we learned during the PD day. I am a taxpayer, and I wouldn't mind if people were using the time wisely. As it was, I did some piddley little "pretend" projects that I can't really use and I wish I produced a real product for use in my classroom.	Sep 15, 2014 3:14 PM
13	Some sessions we had difficulty with connecting to the internet. I thought the day was really good overall. I was tired at the end. Maybe half day for sessions and half day for building work.	Sep 15, 2014 3:14 PM
14	Continued offering of sessions involving special areas - ie: Smart Music	Sep 15, 2014 3:13 PM
15	Technology was pretty slow during some sessions. Maybe split elementary and secondary so that not so many people are trying to get on at once?	Sep 15, 2014 3:12 PM
16	I would have liked a better description of the classes. I took a few classes that weren't what I expected them to be. Maybe more advanced classes or ask for input before putting class list together.	Sep 15, 2014 3:12 PM
17	Please offer enough sessions so we can attend what we truly want to attend. I	Sep 15, 2014 3:06 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

was on the waiting list for Starfall and had signed up the very next morning it was offered. Wish more sessions for that course would have been offered as it was obviously something that many were interested in.

18	I appreciate being able to attend 5 sessions but would have liked each session to be a little longer. Math differentiation was a little crowded. Great info but ended being loud and unorganized in two groups. Trying to do too much in two different groups. Groups were talking over each other and it was difficult to hear the speaker of the teacher led small group.	Sep 15, 2014 3:00 PM
19	There were some technology problems throughout the day, so think through this issue. More advanced classes regarding technology.	Sep 15, 2014 2:59 PM
20	if it is technology driven. offering classes for more advanced people in tech.	Sep 15, 2014 2:57 PM
21	More time to play around with what we learned.	Sep 15, 2014 2:53 PM
22	Continue to offer google sessions because some that I wanted were full by the next day the sign-up was open.	Sep 15, 2014 2:51 PM
23	More of the technology would be good.	Sep 15, 2014 2:49 PM
24	allow teachers to work with groups (grade, subject, etc.) to talk about or practice the uses of these tools.	Sep 15, 2014 2:45 PM
25	Continue offering opportunities similar to this. Whenever possible, make us able to meet within our content area. It is incredibly helpful to bounce ideas off of other art teachers in the moment.	Sep 15, 2014 2:40 PM
26	A session I went to was labeled as K-12, but it pertained more towards upper grades (maybe 5/6th grade and up)--Google Classroom.	Sep 15, 2014 2:38 PM
27	Having separated Secondary/Elementary classes so teachers get the most out of the sessions.	Sep 15, 2014 2:20 PM
28	There is too much information to process at times. It would be better to have fewer sessions and more application time. I felt like I was on information overload and therefore had a tough time being able to know how I would apply something's.	Sep 15, 2014 2:20 PM
29	I was not able to attend all the classes that I wanted to.	Sep 15, 2014 2:08 PM
30	Great day!!!	Sep 15, 2014 2:08 PM
