**Q2. How will you apply the learning from today in your classroom?**

1	I will use more of the Google tools to facilitate learning to help myself be better organized.	Sep 18, 2014 8:50 AM
2	I collaborate often with colleges on PowerPT and other projects so it will be much faster and easier to collaborate now that we can use Google Docs.	Sep 18, 2014 8:35 AM
3	Using Google Docs in PLCs, activating student accounts and using Google Forms for formative assessments and writing assignments.	Sep 18, 2014 8:32 AM
4	I will use Google Docs during my PLC time to record and share my grade level's agenda and minutes.	Sep 17, 2014 4:03 PM
5	very difficult to apply what was learned during PD session because all staff did something different	Sep 17, 2014 3:48 PM
6	To use different steps and procedures for technology. Faster ways for downloading items. Others ways to use for document camera and whole class lessons. Will implement as needed to benefit students and teaching skills.	Sep 15, 2014 3:21 PM
7	I will try to use Google Forms for 23rd Street Singers and post YouTube videos.	Sep 15, 2014 3:18 PM
8	I will use the RSAs I was introduced to in the Everyday Math Sandbox. I will try the TRI differentiated math technique. I will organize the You Tube videos I typically use into a playlist I now know how to create.	Sep 15, 2014 3:18 PM
9	Will try a different type of differentiation model to my classroom and utilize the RSA "booklet". I'll save youtube videos to my playlist instead of favorites	Sep 15, 2014 3:17 PM
10	I will try to incorporate google docs into my teaching. I will share documents with my class and vice versa.	Sep 15, 2014 3:11 PM
11	I especially enjoyed the iPad training....also got great ideas for differentiating math instruction.	Sep 15, 2014 3:11 PM
12	I will look into the youtube information and I am now very interested in the chrome information	Sep 15, 2014 3:10 PM
13	I feel that I have an overview but would need to spend time to feel proficient.	Sep 15, 2014 3:09 PM
14	I am going to "play" with Google Docs.	Sep 15, 2014 3:08 PM
15	I will play with Google docs and will evaluate how/when to teach them how to use Google drive.	Sep 15, 2014 3:07 PM
16	I found new ways to use the document camera. I discovered new apps to use for my IPAD that I will use. Starfall to Read class was great and I look forward to implementing the program with my students.	Sep 15, 2014 3:00 PM
17	I found some new strategies to use with the document camera. I appreciated the new information about Starfall.	Sep 15, 2014 2:58 PM
18	I found the starfall and the document camera sessions very helpful to me	Sep 15, 2014 2:56 PM
19	When my kids can get on a computer they can work on projects and edit each	Sep 15, 2014 2:52 PM

**Q2. How will you apply the learning from today in your classroom?**

other's papers.

20	Will be trying the Google Classroom ideas for sure. Students should love the concepts associated with it.	Sep 15, 2014 2:50 PM
21	I will use Google Drive with my students, the math differentiation model, new Ipad Apps, and the Virtual Learning Community.	Sep 15, 2014 2:49 PM
22	I will use the technology to share with peers.	Sep 15, 2014 2:36 PM
23	I have an understanding of Google and the different apps available and how it is like/unlike Word, Excel, etc. I will be more likely to try and use these apps in the future than I would have before today.	Sep 15, 2014 2:31 PM
24	I will get my I-pads out and start using them!! Google docs will also be fun to explore!	Sep 15, 2014 2:28 PM
25	I have many new iPad apps that will provide practice in math and language.	Sep 15, 2014 2:26 PM
26	I will look at the different styles of lesson plans for rotations/differentiation in math. I will add apps that I've seen or heard of in today's session for math, science, health, and reading.	Sep 15, 2014 2:25 PM
27	I plan to use the differentiated math models given to me today to structure my math groups for the year.	Sep 15, 2014 2:23 PM
28	Lots of good information to integrate in my mind and at school. I knew very little about Google before today. The first step is just to start using it.	Sep 15, 2014 2:21 PM
29	Google Apps, Docs, Classroom. These are amazing resources and I am so very excited to implement those in my classroom.	Sep 15, 2014 2:15 PM

**Q3. What did you like about today? What went well?**

1	I liked the different options that were available to us to choose from.	Sep 18, 2014 8:50 AM
2	Technology is as motivating for teachers as it is for students. I love learning the newest tricks and programs and see how that can help improve my teaching. Being able to pick what classes are best suited for me is also helpful.	Sep 18, 2014 8:35 AM
3	I thought the smaller groups/sessions were great and went very well. If there were more people in each session I think it would have been too much. I liked that there were so many options, including an option to just play around in Google Playground (however, I wish I had chosen that option!). Using students to teach the class was such a great idea and I loved that!	Sep 18, 2014 8:32 AM
4	I liked the short break out sessions. I wish that I could have gotten in to my first favorite choice.	Sep 17, 2014 4:03 PM
5	learning more about google products	Sep 17, 2014 3:48 PM
6	Very informative and useful. Handouts were beneficial and helpful. Equipment up and ready to use.	Sep 15, 2014 3:21 PM
7	Experts and hands on time.	Sep 15, 2014 3:18 PM
8	The instructors were very organized and well prepared. Their materials were geared toward everyone in the room. The information provided was highly relevant and useful. Great day!	Sep 15, 2014 3:18 PM
9	Presenters were well prepared. There was much information provided and it was connected to our classroom needs. It seemed to apply to all groups that were in the room equally.	Sep 15, 2014 3:17 PM
10	This was a fabulous day! I got many manageable ideas. I found some new iPad apps, and understand Google Apps so much better. I will absolutely start using this.	Sep 15, 2014 3:11 PM
11	iPad training, tech instruction for math	Sep 15, 2014 3:11 PM
12	There was a lot to pick from today	Sep 15, 2014 3:10 PM
13	Again, it was a good overview, but moved very quickly. I am glad the handouts are available online to refer to.	Sep 15, 2014 3:09 PM
14	I got to choose which sections I wanted to go to. Most presenters gave us a little time to explore and it was very applicable. There was plenty of time to get from one session to another and go to the bathroom! :)	Sep 15, 2014 3:08 PM
15	I learned more apps for the iPad and how to better integrate them into teaching. I appreciated the time to practice with something that was just learned -- for example how to create a doc and save it to a folder in my drive.	Sep 15, 2014 3:07 PM
16	I liked the google apps class and Starfall to Read.	Sep 15, 2014 3:00 PM
17	I appreciated the time allowed to learn some information and practice using it.	Sep 15, 2014 2:58 PM
18	We were able to choose what sessions we wanted to go to.	Sep 15, 2014 2:56 PM

**Q3. What did you like about today? What went well?**

19	Using Google Docs to have the kids turn in/edit writing assignments.	Sep 15, 2014 2:52 PM
20	Instructors were well prepared.	Sep 15, 2014 2:50 PM
21	I loved the format (choose your own adventure!) I have many tools to take back into my classroom tomorrow!	Sep 15, 2014 2:49 PM
22	I liked all of the presenters. I thought they did a great job of showing us and giving us time to use the technology.	Sep 15, 2014 2:36 PM
23	Seeing others in the district and how they will use technology with their students.	Sep 15, 2014 2:31 PM
24	Deb Vail	Sep 15, 2014 2:28 PM
25	I liked the sessions where we were allowed time to search and apply our new learning.	Sep 15, 2014 2:26 PM
26	Length of time per session. Easy to find classes. Internet worked! Great presenters and practical choices. Loved being in one building and not having to change. I also liked the start and ending time.	Sep 15, 2014 2:25 PM
27	I liked the idea of "classes" and moving every hour to learn something new. I liked that there was a theme to day's professional development (i.e. technology, Google). I liked that I got to sign up for the classes that were of interest to me. Great experts used today. I think what was really good was that k-12 was represented. This way we are ALL on the same page and in the same building.	Sep 15, 2014 2:23 PM
28	Loved having this at Southwoods. I loved that we signed up for what we individually needed. Loved having experts from outside of the district. Also, appreciated the internet working!!!	Sep 15, 2014 2:21 PM
29	All the instructors were professional and well educated. It was a day well spent.	Sep 15, 2014 2:15 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

1	Build in free time to use and implement some of the features.	Sep 18, 2014 8:50 AM
2	Keep them coming!	Sep 18, 2014 8:35 AM
3	I would like more of this training if we are committing to using Google. If we are becoming a Google school then I need more training and more frequent training so I don't forget what I learned.	Sep 17, 2014 4:03 PM
4	have presenters that are used to working with adult learners, technology struggled with video with made youtube classes difficult, pick a focus for staff so we can implement	Sep 17, 2014 3:48 PM
5	Maybe sessions could be longer in between for questions and more practice time. Needed more time to make sure doing certain sessions on computer correctly, and to retain it for individual and classroom use.	Sep 15, 2014 3:21 PM
6	Grade level specific options	Sep 15, 2014 3:17 PM
7	Any time to work with what we've learned is very much appreciated. It's hard to play around with all of this once we get back in our buildings...too busy.	Sep 15, 2014 3:11 PM
8	Liked having options of choosing our sessions	Sep 15, 2014 3:11 PM
9	more time to practice what we have learned.	Sep 15, 2014 3:10 PM
10	Slowing things down a little. There was so much information presented in the sessions and they moved quickly. The presenters were good, but they had a lot to cover.	Sep 15, 2014 3:09 PM
11	There's a lot of info. to process. I wish there were more time to explore the various aspects of Google docs. I like that the handouts are available for all sessions.	Sep 15, 2014 3:08 PM
12	Please allow more time to create something that can be used in the classroom instead of fake practice sheets. In light of how long it takes to complete the Safeschools training to allow half of the professional development day for everyone to complete instead of during our own time.	Sep 15, 2014 3:07 PM
13	none	Sep 15, 2014 3:00 PM
14	I wish the day was more geared for lower elementary.	Sep 15, 2014 2:58 PM
15	There needs to be more k-2 sessions and then jr high and high school separate	Sep 15, 2014 2:56 PM
16	Getting a computer for all of my students. There isn't enough time to rotate through computers.	Sep 15, 2014 2:52 PM
17	Overall great experience with many things I can take back to the classroom.	Sep 15, 2014 2:50 PM
18	I suggest using this model for PD again...using more reading/writing resources next time.	Sep 15, 2014 2:49 PM
19	None	Sep 15, 2014 2:36 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

20	Keep people who want to present and are experts with the different technology areas. All did a super job today! :)	Sep 15, 2014 2:31 PM
21	Mimeo	Sep 15, 2014 2:28 PM
22	Splashtop	Sep 15, 2014 2:26 PM
23	Would love to see video of some of these ideas in practice (especially with capped class sizes).	Sep 15, 2014 2:25 PM
24	If you keep it like today, I think PD will continue to be beneficial and productive.	Sep 15, 2014 2:23 PM
25	More of the same. Need practice and now to dig deeper. Great to hear the talk between K-12	Sep 15, 2014 2:21 PM
26	No suggestions but it makes me really wonder about laptops available in our building. We have 30 laptops for 7 grade levels. I am not sure how I can do a great job with implementing what I learned today if there isn't the technology resources.	Sep 15, 2014 2:15 PM
