Q2. How will you apply the learning from today in your classroom?

1	I will be using Google Forms with my chorus this year. The students will enroll online! It will also help my organization process, because the spreadsheet is created for me. That is a huge time saver!	Sep 19, 2014 2:19 PM
2	Most of the sessions had "right now" things to implement without doing a lot of practicing. But if I want to do more, there was enough information on where to go to get info and how to practice.	Sep 18, 2014 4:43 PM
3	I will use the Google docs and Google PowerPoints in the classroom for presentation by the students.	Sep 18, 2014 1:48 PM
4	I found an app for Fountas and Pinnel benchmarking I may purchase and use to benchmark students.	Sep 17, 2014 6:40 PM
5	Stafall class was great	Sep 17, 2014 4:24 PM
6	Use google, flubaroo document camera more and forms as a teacher and with students	Sep 17, 2014 11:38 AM
7	I will apply the You Tube sessions	Sep 16, 2014 4:14 PM
8	I really enjoyed the session on Google Docs. I learned a lot that I can immediately use in my classroom.	Sep 16, 2014 2:28 PM
9	Set up Kahoot and Google docs	Sep 15, 2014 8:03 PM
10	The research tips I learned today I will teach my students to help narrow their searches to reliable sites with the information they are looking for. I hope to create a website for my science class with information and important documents, such as notes and assignments. I plan to use Google Docs for students to collaborate and for me to provide feedback.	Sep 15, 2014 3:44 PM
11	I will have students working with new apps and improve parent communication.	Sep 15, 2014 3:15 PM
12	I will use the information that I learned to help create lesson plans, store/save documents to use at different locations, create a variety of different documents, to hopefully further the learning of my students.	Sep 15, 2014 3:13 PM
13	Using Google Docs, Google Hangout	Sep 15, 2014 3:13 PM
14	using the Ipad apps	Sep 15, 2014 3:09 PM
15	I will use Google Docs	Sep 15, 2014 3:09 PM
16	Small groups	Sep 15, 2014 3:01 PM
17	Using websites and resources in my classroom	Sep 15, 2014 3:00 PM
18	Communicating to parents, ease of using YouTube and more activities with Starfall.	Sep 15, 2014 3:00 PM
19	I will be able to implement the Virtual learning class into my math lessons. The apps suggested will be great for our Daily 5 .	Sep 15, 2014 2:50 PM

Q2. How will you apply the learning from today in your classroom?

20	I will try and implement Google drive into PLC meetings and other documents so we can edit at once. I will also create and RSA packet to use in my classroom.	Sep 15, 2014 2:48 PM
21	Starfall EDM Math Messages	Sep 15, 2014 2:46 PM
22	I will be utilizing a lot of the apps I learned in my curriculum.	Sep 15, 2014 2:45 PM
23	more ways to use ipads and technology in the classroom	Sep 15, 2014 2:44 PM
24	I will look over the handouts supplied electronically and use the information from every presentation that I attended.	Sep 15, 2014 2:39 PM
25	I'm hoping to be able to have students/parents fill out their own personal information for activities, clubs, etc. Also integrating more YouTube videos that are class appropriate to give students more variety.	Sep 15, 2014 2:36 PM
26	I will be using the differentiation ideas I learned about in one of the sessions today. This day also gave me new ideas to use technology.	Sep 15, 2014 2:17 PM
27	I enjoyed the Starfall class. I think there are a lot of math my 2nd graders can use. There seems to be some multiplication and division. That will help with differentiation.	Sep 15, 2014 2:11 PM
28	I will use Google docs in my classroom. I will also use starfall for reading interventions for lower students.	Sep 15, 2014 2:11 PM
29	Differentiated Math, use of tricks for small groups, apps for iPads, use google docs for writing.	Sep 15, 2014 2:10 PM
30	I am making folders on youtube for videos that enhance curricular areas. Starfall will be utilized for reading and math - a great differentiation tool!	Sep 15, 2014 2:10 PM
31	Different ways to use technology in the classroom.	Sep 15, 2014 1:55 PM
32	I really want to play around with Google Docs and Apps.	Sep 15, 2014 1:12 PM
33	I will be setting up small differentiated math groups using the ideas from Mackenzie and Shana. I have already installed new apps on my iPad. I will be "playing" with my google apps to learn more!	Sep 15, 2014 11:19 AM

Q3. What did you like about today? What went well?

1	I liked having multiple choices! We could find a class that suited our discipline.	Sep 19, 2014 2:19 PM
2	I liked having lots of choices for the sessions. I also liked the schedule.	Sep 18, 2014 4:43 PM
3	The sessions were well organized and covered the material. I especially liked the student presenters in Jeff Ver Helst's session. They were very well-spoken and were able to demonstrate what they had learned in 5th grade. It was awesome.	Sep 18, 2014 1:48 PM
4	I liked the variety of choices.	Sep 17, 2014 6:40 PM
5	I did not like that the Using data class used pre-test results from real children with complete names--lack of confidentiality	Sep 17, 2014 4:24 PM
6	I chose what to go to in my priorities and had time to review beforehand.	Sep 17, 2014 11:38 AM
7	We could choose our sessions This was one of the first staff development days I looked forward to, worthwhile technology presented!	Sep 16, 2014 4:14 PM
8	I like that we were able to choose the sessions that were interesting and useful for our purpose.	Sep 16, 2014 2:28 PM
9	Choice of session Presentors were pleasant and not talking over our heads	Sep 15, 2014 8:03 PM
10	I loved the sessions about Google Sites and Google Docs! Excited to use them both.	Sep 15, 2014 3:44 PM
11	I liked the differentiation session. I liked the Google sites 201 session with work time.	Sep 15, 2014 3:15 PM
12	I liked how we were able to choose what sessions we wanted to attend. It was nice to be able to choose what interested us. The presenters also did a very nice job giving information and answering questions.	Sep 15, 2014 3:13 PM
13	I liked the variety of sessions, especially 60 Extensions.	Sep 15, 2014 3:13 PM
14	the variety of instructors and instruction	Sep 15, 2014 3:09 PM
15	The sessions were well run with knowledgeable people.	Sep 15, 2014 3:09 PM
16	Handouts and I can apply it tomorrow!	Sep 15, 2014 3:01 PM
17	Variety of choices	Sep 15, 2014 3:00 PM
18	Handouts!	Sep 15, 2014 3:00 PM
19	I liked the scavenger hunt in the EDM Virtual Learning class!:) Thanks Freeman(Jenni Jones)	Sep 15, 2014 2:50 PM
20	I like how there were authentic many of the courses were. I learned a lot from the Everyday Math courses to use in my own classroom. Having additional resources is very beneficial for classroom teachers.	Sep 15, 2014 2:48 PM
21	Brief intro to a great deal of information A great deal of info that was given! Some	Sep 15, 2014 2:46 PM

Q3. What did you like about today? What went well?

	presenters moved very quickly (speaking).	
22	I liked having the opportunity to choose our own sessions, and having time in those sessions to learn and practice many new things about Google.	Sep 15, 2014 2:45 PM
23	long lunch break, variety of classes, seeing in the technology in use	Sep 15, 2014 2:44 PM
24	Google Docs...can't wait to use in my classroom. Also the ideas presented for EDMath	Sep 15, 2014 2:39 PM
25	Practice time and sessions that can apply to all subject areas and grades.	Sep 15, 2014 2:36 PM
26	I liked that we got to pick sessions of interest to us.	Sep 15, 2014 2:17 PM
27	Organized well, nice to be able to choose what we attended	Sep 15, 2014 2:11 PM
28	Presenters did a good job. They seemed to be very helpful.	Sep 15, 2014 2:11 PM
29	The presenter for Google docs was very good. She explained things well. Starfall was geared toward our lower readers.	Sep 15, 2014 2:11 PM
30	Terrific information shared in each session. I have learned several things today that I want to use. Leaders very informative and willing to help offer excellent suggestions for our classrooms.	Sep 15, 2014 2:10 PM
31	Very hands-on. I got to choose what I needed and found great ways to enhance my teaching and learning.	Sep 15, 2014 2:10 PM
32	I liked having time to explore. The handout was easy to understand.	Sep 15, 2014 1:56 PM
33	I liked the variety of classes offered. I liked seeing the technology in use. I liked the hours and the lunch time.	Sep 15, 2014 1:55 PM
34	Good topics.	Sep 15, 2014 1:12 PM
35	Everything!!! The time everyone gave to play with what they taught was beneficial!	Sep 15, 2014 11:19 AM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

1	A class offering Music differentiation would be great.	Sep 19, 2014 2:19 PM
2	It was too bad that Splashtop was cancelled.	Sep 18, 2014 4:43 PM
3	For differentiation: I think there are additional assessments in the new literacy curriculum that many teachers have not looked at or used yet. Looking at these may be beneficial. I think the technology piece is really based on what each teacher does in his/her position. If I want to learn more about something I was exposed to today, I would probably see if there was a SD class being offered on it.	Sep 17, 2014 6:40 PM
4	Classes were often too broad-please narrow the focus for more of the classes (have the same class be offered but to more targetted audiences (instead of PK-12, offer PK-2, 3-6, 6-12, which allows for classes to be more relevant)	Sep 17, 2014 4:24 PM
5	planned followup time at the building where groups can get together and work on APPLICATION of it into their classroom or lessons at the BUILDING level once the training day is over. Need to apply in our classrooms. Have the instructional coaches follow up with us on how we can use it and support the implementation once the intro has been done.	Sep 17, 2014 11:38 AM
6	Fewer sessions with more time to focus on learning those items. Allow one empty session to go and work on what we learned. The working in the Cloud session should have been titled ADVANCED. MANY people were lost in the session I went to. It was a waste of time.	Sep 16, 2014 4:14 PM
7	1. I would have loved to have an open session to complete the Safe Schools training. 2. There were a few in my second session (Chrome Apps with Stacy Behmer) that were disrespectful to the presenter. Someone from our district probably owes her an apology!	Sep 16, 2014 2:28 PM
8	Separate elementary from junior high and high school as several session didn't work with so many people trying to get on system.	Sep 15, 2014 8:03 PM
9	I liked having so many options to choose from today! I liked the focus on technology too.	Sep 15, 2014 3:44 PM
10	I think the k-12 sessions were a stretch... Yes, some of the technology can be used in elementary, but it doesn't improve learning or ease of parent support... like google classroom.	Sep 15, 2014 3:15 PM
11	I would suggest that hand-outs or additional information be given from other technology sessions that I was not able to attend.	Sep 15, 2014 3:13 PM
12	I like this style and format of classes.	Sep 15, 2014 3:09 PM
13	Do something similar next time!	Sep 15, 2014 3:01 PM
14	Elem and secondary separate	Sep 15, 2014 3:00 PM
15	Charging time. Many of us ran out of battery on our computers.	Sep 15, 2014 3:00 PM
16	I liked the different options for courses. I liked starting early and getting out early. I really liked having time for an adult lunch...just like the business world.:)	Sep 15, 2014 2:50 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

17	I thought it all went very well! The teachers all knew their stuff!	Sep 15, 2014 2:48 PM
18	Do it a little later in the year.	Sep 15, 2014 2:46 PM
19	Allow many choices again, allowing us to choose the sessions we find beneficial to us. THanks!	Sep 15, 2014 2:45 PM
20	more time to apply new skills	Sep 15, 2014 2:44 PM
21	Followup with thesame schedule or a part 2 for the classes we had today.	Sep 15, 2014 2:39 PM
22	Continue broadening options for various subject areas.	Sep 15, 2014 2:36 PM
23	Some said K-12, but did not pertain to elementary as much as high school (ex:google classroom).	Sep 15, 2014 2:17 PM
24	More related to preschool--so many said they were applicable, but were not in reality	Sep 15, 2014 2:11 PM
25	Presenters also need to slow down a bit.	Sep 15, 2014 2:11 PM
26	Some of the presenters assumed we had more knowledge than we did, and went too fast. In a couple of the sessions, it would have been helpful to have more instruction and less "play" time.	Sep 15, 2014 2:11 PM
27	Continue this style of workshops. I like to choose what I will attend and like the small classroom activities. The leaders are showing us actual things that we can use in our classrooms.	Sep 15, 2014 2:10 PM
28	This was really good. I would ask that presenters remember to check for understanding before flying on. Some were great and others assumed everyone had their background.	Sep 15, 2014 2:10 PM
29	Understanding how classroom teachers differentiate.	Sep 15, 2014 1:55 PM
30	I'm wondering if longer sessions for the technology would be more effective. This would give some practice time.	Sep 15, 2014 1:12 PM
31	Continue with this! I feel like this was just the tip of the iceberg.	Sep 15, 2014 11:19 AM
