**Q2. How will you apply the learning from today in your classroom?**

1	I benefited most from the Google Apps session. I will use some of these to help efficiency in the classroom.	Sep 18, 2014 9:37 AM
2	I will use the Google forms for student evaluations of the various activities they participate in. I will also use the forms for other ways to gain information from parent groups.	Sep 18, 2014 8:38 AM
3	I will utilize the gradebook session on tips to using the beta gradebook. I will also incorporate the research strategies during group projects.	Sep 17, 2014 9:22 PM
4	Increased use of Google	Sep 17, 2014 4:19 PM
5	I will use Google Docs and especially Forms. I really enjoyed the choices we all had!	Sep 17, 2014 3:58 PM
6	Switch to Infinite Campus Beta	Sep 17, 2014 3:52 PM
7	better use of forms using Chrome APPS I didn't know existed better editing practices with you tube better understanding of Flubaroo	Sep 17, 2014 10:51 AM
8	It will take some thought but I see how the Classroom applications would be very useful.	Sep 16, 2014 3:45 PM
9	Work on an class website.	Sep 16, 2014 3:30 PM
10	Organization and assessment of students.	Sep 16, 2014 2:21 PM
11	i will use google forms and google documents to communicate with peers and parents	Sep 16, 2014 11:10 AM
12	More feedback and better reporting to my students through Infinite Campus	Sep 16, 2014 7:09 AM
13	Try to use new ways to deliver content.	Sep 16, 2014 6:51 AM
14	I will try to use some of the information immediately starting tomm.	Sep 15, 2014 11:25 PM
15	I will use some of the Chrome apps to be more efficient. I plan on using Flubaroo on some Google forms. I also plan to put together some YouTube play lists for my class.	Sep 15, 2014 11:12 PM
16	I will use it to help others work with Google technology in their classrooms.	Sep 15, 2014 11:11 PM
17	1.Edit video in you- tube and embedd in my PPT presentation. 2. Search for info on credible sites. I've never heard of Google /scholar search. 3. Have students upload images in Google classroom for others in the class to critique.	Sep 15, 2014 7:29 PM
18	In class plans with Doc. projector I can apply drawing and demonstrating while video taping. The Calendar can be used to direct students daily. The Youtub videos will add rich content to class lectures.	Sep 15, 2014 6:59 PM
19	Learned about many classroom tools that are available to teachers and free online.	Sep 15, 2014 4:53 PM
20	Student communication, projects, etc. Ways to make lessons more interesting	Sep 15, 2014 3:18 PM

**Q2. How will you apply the learning from today in your classroom?**

21	Audition use of Google Forms, new campus Beta use.	Sep 15, 2014 3:16 PM
22	playing around with all of the google apps and classroom	Sep 15, 2014 3:16 PM
23	Google Calendar for communication with students and parents	Sep 15, 2014 3:15 PM
24	Google doc and app will be handy but the You Tube would only be personal	Sep 15, 2014 3:14 PM
25	Use google to make pre-tests for units.	Sep 15, 2014 3:14 PM
26	I will use socrative to create formative assessments for daily lessons	Sep 15, 2014 3:14 PM
27	Create a google classroom for written assignments in Geometry.	Sep 15, 2014 3:14 PM
28	I'm extremely excited about using new research and notetaking strategies with my students. I'm also excited about app that will allow me to record voice comments (read tests to students)	Sep 15, 2014 3:13 PM
29	I learned new things in the grade book. I'll bring a lot of the apps and extensions into my classroom to help students.	Sep 15, 2014 3:12 PM
30	I will use many of the research tips and ideas from Kristine and Shannon's presentations in my writing classes. I'll continue using Google Drive, etc. and hopefully students will continue to get more comfortable with it.	Sep 15, 2014 3:11 PM
31	I will utilize the new Infinite Campus version to input grades from now on.	Sep 15, 2014 3:11 PM
32	I will begin to work on Google Classroom.	Sep 15, 2014 3:11 PM
33	document camera	Sep 15, 2014 3:11 PM
34	I loved the Google Forms and I can see myself using that to check for understanding of things like our learning target for the day or other things we have done in class.	Sep 15, 2014 3:10 PM
35	1. Google docs - have students submit papers and I'll suggest edits. 2. YouTube 101 - will create play lists. 3. Google Chrome 101 - reformatted my home screen to be more user friendly. A reminder about available PD classes could be included in the email from Brian A. (with the handouts and evaluation link) to allow people to sign up to learn more about the topics they were introduced to during the Professional Development day.	Sep 15, 2014 3:10 PM
36	Link docs for students	Sep 15, 2014 3:10 PM
37	try and get going with Beta like the socrative google classroom??	Sep 15, 2014 3:10 PM
38	I will start using Campus Instruction as well as using different tools to help with Pre-Assessments.	Sep 15, 2014 3:10 PM
39	Continue to use, and encourage others to use, Google Drive.	Sep 15, 2014 3:10 PM
40	Research, extensions	Sep 15, 2014 3:09 PM
41	I will use the new Grading Program beginning next year.	Sep 15, 2014 3:08 PM

**Q2. How will you apply the learning from today in your classroom?**

42	created a google form to use as a formative assessment in class tomorrow	Sep 15, 2014 3:07 PM
43	Very practical information; useable each day	Sep 15, 2014 3:06 PM
44	I will use the google calendar, the campus instruction beta, and the document camera	Sep 15, 2014 3:06 PM
45	I will definitely use some of the new things in Campus Instruction Beta since we will be using it next year. Also, all of the google things (YouTube, Google Classroom) are always good. I also really enjoyed the document camera session since I use it quite a bit and learned new things I can do.	Sep 15, 2014 3:06 PM
46	I plan to try to start using Google Classroom to share information with students.	Sep 15, 2014 3:06 PM
47	Implementing google classroom	Sep 15, 2014 3:05 PM
48	Socrative: Formative assessment Youtube: Make up classes Google Calendar: Organize projects	Sep 15, 2014 3:05 PM
49	Organization and management	Sep 15, 2014 3:05 PM
50	I will work towards going paperless with my student research project using some of the online research organization and annotation tools (especially diigo). LOVED this session.	Sep 15, 2014 3:04 PM
51	review game and organization tools	Sep 15, 2014 3:04 PM
52	I will utilize my extensions on Google Chrome and tools for strengths & transitions. I will show my students these extensions and they can use the ones they will benefit from.	Sep 15, 2014 3:02 PM
53	I will begin using Campus Instruction Beta version and I will explore using Google Classroom.	Sep 15, 2014 3:02 PM
54	new research tools for Fundamentals students as well as speech	Sep 15, 2014 3:01 PM
55	experimenting with pre-assessment using google forms	Sep 15, 2014 3:01 PM
56	Google hangout, google classroom, new gradebook,...	Sep 15, 2014 3:00 PM
57	I will attempt to interact with smart phones	Sep 15, 2014 2:59 PM
58	I learned lots of great tools to use for reviewing and quizzing my students.	Sep 15, 2014 2:59 PM
59	I now have Google Classroom set up for all of my classes and ready to go for tomorrow. All the information is easy to take directly back to the classroom	Sep 15, 2014 2:57 PM
60	I have been using Google Classroom since the beginning of the school year. I will be adding some more documents to the Drive to cut back on printing costs. I will also be working on my Sites page to get that updated and running.	Sep 15, 2014 2:55 PM
61	I will use the research skills that I learned from Kristine and Shannon. I learned some new search tools in Google, and that is very helpful. I will also have my students use Diigo to help them organize their research, but I will also use it as	Sep 15, 2014 2:54 PM

## Q2. How will you apply the learning from today in your classroom?

	an annotated article.	
62	biggest take -away today was becoming motivated to use google classroom more, but as that happens, I envision using google docs more than the s-drive	Sep 15, 2014 2:54 PM
63	Using youtube videos for presentations. Still working out how I will use Google docs, drive, etc.	Sep 15, 2014 2:50 PM
64	I will implement the quiz and pre-assessment tools that I learned today	Sep 15, 2014 2:42 PM
65	I will use the features available in Infinite Campus beta to aid my communication and plan my classes.	Sep 15, 2014 2:41 PM
66	I will implement it as possible.	Sep 15, 2014 2:36 PM
67	I really enjoyed the Infuse Learning and Kahoot sessions. I think these will be great for quiz and test review as well as pre-assessment.	Sep 15, 2014 2:29 PM
68	Setting up google classroom to communicate with students and try to go paperless in some ways Converting files over to google docs	Sep 15, 2014 2:26 PM
69	Transferring google calendar and using google drives	Sep 15, 2014 2:25 PM
70	I will have to use the new grade book for keeping track of students grades. I am going to try and use the doc camera for more then what I've been doing so far. Also using Google word program for language translating English to Spanish.	Sep 15, 2014 2:19 PM
71	I will use some of the things I learned today as formative assessment tools in my room.	Sep 15, 2014 2:16 PM
72	I really liked the goggle calendars class, and the info on beta grade book	Sep 15, 2014 2:14 PM
73	Use it for discussions.	Sep 15, 2014 2:07 PM
74	Start using Google Drive to update district information and to communicate a live document with peers.	Sep 15, 2014 1:48 PM
75	I will use the information from the Google Sessions (Google Drive 201, Chrome Web Apps, Google Hangouts) to communicate and collaborate more effectively with colleagues. I will use the tips from sessions about Google Drive and Web Apps to share information with students, create forms and assessments, and (hopefully) find some apps that are applicable in my music classroom.	Sep 15, 2014 1:25 PM
76	I want to incorporate more You Tube clips into my lessons.	Sep 15, 2014 1:23 PM
77	My goal is to edit videos for band students to view and provide feedback on screen	Sep 15, 2014 1:16 PM
78	Don't know if I will. Most likely will try to make documents so I have easier access to them	Sep 15, 2014 1:03 PM
79	I thought it was useful to learn about classroom. I do think this is a useful tool as a way to get assignments that are "not done" from the students.	Sep 15, 2014 1:03 PM

**Q2. How will you apply the learning from today in your classroom?**

80	I want to use Google docs for sampling student answers as a whole class	Sep 15, 2014 1:03 PM
81	I will put youtube videos in a playlist to organize them.	Sep 15, 2014 12:58 PM
82	I am looking forward to trying the virtual field trips from Google Hangouts.	Sep 15, 2014 9:09 AM

**Q3. What did you like about today? What went well?**

1	I liked having options of what sessions to go to.	Sep 18, 2014 9:37 AM
2	Length of class, sizes, format, all very well done.	Sep 18, 2014 8:38 AM
3	I thought it went well--we had sufficient breaks, the instructors were knowledgeable. It was nice to have the time at the end to work on a few things--google playground.	Sep 17, 2014 9:22 PM
4	Differentiation	Sep 17, 2014 4:19 PM
5	Loved hearing the students share from JC about Google!	Sep 17, 2014 3:58 PM
6	The sessions on Google research and organizing Google information (Milburn/Johnson) were great!	Sep 17, 2014 3:52 PM
7	All day 5 sessions - perfect gave me a chance to both attend session of topics I am familiar with and using as well as "take a chance" spending some time on topics I have no clue on 101 and 201 levels - great idea - differentiation does work with adults	Sep 17, 2014 10:51 AM
8	I liked the overview approach, giving me a taste of what was available along with resources to address additional questions.	Sep 16, 2014 3:45 PM
9	Time to work, practical applications	Sep 16, 2014 3:30 PM
10	Great choices. I liked being able to choose what I needed.	Sep 16, 2014 2:21 PM
11	jim martin and jackie n sessions were very good	Sep 16, 2014 11:10 AM
12	The Google Playground was a great time to implement what I thought might work in the classroom.	Sep 16, 2014 7:09 AM
13	Great topics! These should be continued in staff development classes. Not enough time to fully understand and grasp all the tools available to us.	Sep 16, 2014 6:51 AM
14	I liked the choices and was given time to try some of the information that was given.	Sep 15, 2014 11:25 PM
15	The presenters did a good job.	Sep 15, 2014 11:12 PM
16	Helpful attitudes about learning.	Sep 15, 2014 11:11 PM
17	New ideas to improve presentation of material and management of student info. Almost too much to sort through but I guess all this Google stuff will at least let me find something that works best for me.	Sep 15, 2014 7:29 PM
18	Presenters were well prepared and had better anticipation of teachers needs.	Sep 15, 2014 6:59 PM
19	Practical ideas on how to save time in the classroom were helpful.	Sep 15, 2014 4:53 PM
20	The skills and knowledge I learned I can use immediately in my class.	Sep 15, 2014 3:18 PM
21	Smart music info was great.	Sep 15, 2014 3:16 PM

**Q3. What did you like about today? What went well?**

22	ability to sign up for sessions that appeal to us. schedule was easy .... not rushed between sessions.	Sep 15, 2014 3:16 PM
23	I learned the new Google apps for different purposes. Printed handouts were helpful.	Sep 15, 2014 3:15 PM
24	The docs and apps were a lot of fun. Can't wait to use them.	Sep 15, 2014 3:14 PM
25	I liked being able to choose my courses.	Sep 15, 2014 3:14 PM
26	Lots of different options	Sep 15, 2014 3:14 PM
27	Learned about Google Classroom.	Sep 15, 2014 3:14 PM
28	Lots of options, led by our staff	Sep 15, 2014 3:13 PM
29	I liked being able to choose what I wanted help with and what I wanted to learn. I thought all the presenters did very well.	Sep 15, 2014 3:12 PM
30	The choice offerings are wonderful. Differentiation!	Sep 15, 2014 3:11 PM
31	I learned much about Google and INfinite Campus.	Sep 15, 2014 3:11 PM
32	Enjoyed it a lot!	Sep 15, 2014 3:11 PM
33	google chrome and document camera presented in friendly manner	Sep 15, 2014 3:11 PM
34	I liked all of the instructors that I had. They were all engaging and kept my attention. Last time we did this I had some that were not so good, much better this year.	Sep 15, 2014 3:10 PM
35	I really value this day and enjoy learning about technology and ways to implement technology in my classroom. Loved being able to CHOOSE the presentations that fit my needs.	Sep 15, 2014 3:10 PM
36	Time to work	Sep 15, 2014 3:10 PM
37	choices were diverse	Sep 15, 2014 3:10 PM
38	Enjoyed being able to choose the courses. I thought it fit my needs well.	Sep 15, 2014 3:10 PM
39	Time to explore/experiment	Sep 15, 2014 3:10 PM
40	I liked the foremat of several options and different classes. I am not strong enough with a computer to understand everything that I heard.	Sep 15, 2014 3:08 PM
41	relaxed atomsphere with the ability to work during sessions	Sep 15, 2014 3:07 PM
42	Nice choices. The presenters did a nice job.	Sep 15, 2014 3:06 PM
43	the variety of things offered all sessions attended were useful and informative	Sep 15, 2014 3:06 PM
44	I like that we got the chance to choose what we went to so it's most useful for us.	Sep 15, 2014 3:06 PM

**Q3. What did you like about today? What went well?**

45	I liked picking the sessions I wanted to go to. I liked Google Playground at the end of my day.	Sep 15, 2014 3:06 PM
46	YouTube 201	Sep 15, 2014 3:05 PM
47	Well-organized event.	Sep 15, 2014 3:05 PM
48	A lot of the tools are cool, but they need to be combined in a centralized, functional program rather than individual apps that don't integrate with each other. There's a lot of overlap.	Sep 15, 2014 3:05 PM
49	Well organized, easy to sign up for, lots of relevant sessions to choose from, great teachers for those sessions, lots of time to play around with the different topics/tools. Basically, it was all awesome.	Sep 15, 2014 3:04 PM
50	good information	Sep 15, 2014 3:04 PM
51	I liked choosing the sessions that were useful to me and my classroom.	Sep 15, 2014 3:02 PM
52	Nice rotation format. Enjoyed the nice lunch break...thanks!!!	Sep 15, 2014 3:02 PM
53	Many new sources	Sep 15, 2014 3:01 PM
54	The schedule was very good, i liked the 8:10 start, long lunch, and hour-long sessions	Sep 15, 2014 3:01 PM
55	ALL of it!	Sep 15, 2014 3:00 PM
56	Great presenters	Sep 15, 2014 2:59 PM
57	I liked being able to choose what we wanted to learn.	Sep 15, 2014 2:59 PM
58	All the information is easy to take directly back to the classroom	Sep 15, 2014 2:57 PM
59	I was able to work on my sites page through Sites 101 and 201 courses. I got some ideas on how to better run the Drive as well. I also enjoyed Jackie's presentation on IC.	Sep 15, 2014 2:55 PM
60	Everything. I learned something from each session.	Sep 15, 2014 2:54 PM
61	the variety, the knowledge of the instructors	Sep 15, 2014 2:54 PM
62	All presenters were really good. Tons of information.	Sep 15, 2014 2:50 PM
63	Great information!!!	Sep 15, 2014 2:42 PM
64	I enjoyed learning about new and exciting software available now.	Sep 15, 2014 2:41 PM
65	Like the different sessions and the choice.	Sep 15, 2014 2:36 PM
66	Good choice of classes, long enough to get a fair amount of information, short enough to keep me from getting bored.	Sep 15, 2014 2:29 PM
67	Time to play and work on new skills at the end of the day in google playground.	Sep 15, 2014 2:26 PM

**Q3. What did you like about today? What went well?**

	Lots of choices.	
68	Signing up with flexibility and matching what I need.	Sep 15, 2014 2:25 PM
69	I really like the document camera section. That does so much more then I even knew it would. Also having to incorporate the use of the new grade book.	Sep 15, 2014 2:19 PM
70	Infuse learning was good, time to work in each session was nice.	Sep 15, 2014 2:16 PM
71	A chance in some of the sessions to work on our own.	Sep 15, 2014 2:14 PM
72	Exposed me to a lot of things I had not seen.	Sep 15, 2014 2:07 PM
73	Technology information was delivered well and pertinent to how it could be used today in our roles of school personnel.	Sep 15, 2014 1:48 PM
74	The opportunity to practice and play around with technology was beneficial. I also appreciated the session on Infinite Campus, as it was immediately practical and helpful.	Sep 15, 2014 1:25 PM
75	I learned a lot more information about infinite campus, which was extremely beneficial. It is always great to get to talk to other teachers.	Sep 15, 2014 1:23 PM
76	Timings and flow were good.	Sep 15, 2014 1:16 PM
77	I is always fun to see people from other buildings.	Sep 15, 2014 1:03 PM
78	I love being able to pick what will learn about, personalizing PD.	Sep 15, 2014 1:03 PM
79	information provided-backup handouts online useful if we need to look something up additional work time allows ample time for questions of instructors for my particular use	Sep 15, 2014 1:03 PM
80	I learned a lot about Google Docs and about YouTube and Infinite Campus. I really like professional dev. days that let you choose what you want to learn.	Sep 15, 2014 12:58 PM
81	I was able to see new applications within Google Hangouts. He was very informative.	Sep 15, 2014 9:09 AM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

1	More content specific.	Sep 18, 2014 9:37 AM
2	I thought it was great, I only attended 3 due to set up for cross country but enjoyed them.	Sep 18, 2014 8:38 AM
3	I didn't get the sessions I wanted because I presented. It would be nice to have a video of some of the basic level google courses to go back and watch.	Sep 18, 2014 8:29 AM
4	I would like to not feel compelled to jump to the next best thing (I structured my choices around that). It would be good to extend on what we are already using and have more continuity between teachers (i.e. google classroom).	Sep 17, 2014 9:22 PM
5	Discussion of how to use docs/tech apps in various ways by discipline (Math, Soc. Studies, PE, Art, Languages etc.)	Sep 17, 2014 4:19 PM
6	When introducing a topic for the first time at 8 in the am...we needed more time to process and ask questions rather than race...some of us were unable to attend prior PD on this. So the facilitators who gave time at the end were much more beneficial for me. thanks!	Sep 17, 2014 3:58 PM
7	It's a little tiring working on the computers ALL day -- eyes, back, neck, etc. What about a game session or exercise segment?	Sep 17, 2014 3:52 PM
8	We need to have a full day like this every year Can we consider having the instructional coaches do a tech topic of the month (eg Flubaroo or Chrome Apps)? That is, each month,as part of their job the instructional coaches would identify one tech topic to make themselves specifcally available on for part of their duty time	Sep 17, 2014 10:51 AM
9	By the end of the day I was on overload. Too many sessions. Would have been better to have at least one less session but more time to reflect or practice.	Sep 16, 2014 2:21 PM
10	train in-district staff to be instructors instead of spending money on outside instructors - it would be more cost-effective and provide a local resource if we had problems.	Sep 16, 2014 11:10 AM
11	We need more advanced options.	Sep 16, 2014 7:09 AM
12	QUIT HAVING THESE DAYS IN SEPTEMBER! WE HAVE TOO MANY STINKING SNOW DAYS. TAKING A DAY OFF IN SEPTEMBER IS SHORT SIGHTED AND SELFISH BY THE PD PEOPLE. BEFORE THE SCHOOL YEAR STARTS IS THE TIME FOR THESE DAYS. IF WE HAVE ANOTHER FOUR OR FIVE SNOW DAYS BY NOT WASTING A SEPTEMBER DAY (PRETTY SURE IT WASN'T GOING TO SNOW) IT WOULD KEEP THE END OF SCHOOL REASONABLE. GOOD INFO POOR TIME TO HAVE IT!	Sep 16, 2014 6:51 AM
13	I think the sessions could have been reduced to 45 minutes therefore allowing to have one more session.	Sep 15, 2014 11:25 PM
14	The network was repeatedly bogged down and it hurt the ability to work on Google docs, forms, etc. I had a hard time keeping up with some presenters because of lag times on the system. Would Valley have more capacity on its network?	Sep 15, 2014 11:12 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

15	none	Sep 15, 2014 11:11 PM
16	Not sure how to change this but it was very difficult to keep up with the You-tube class. Too much buffering.	Sep 15, 2014 7:29 PM
17	Differantion - How to reach ADHD students, Special need students in regular class, how to balance intergration with DMACC credit classes, How to set Pace different in each subject and allow to finish each semester.	Sep 15, 2014 6:59 PM
18	Sign-in was a bit disorganized. Many had to wait in line for a long time as all schools' sign-in sheets were on two small tables and out of order.	Sep 15, 2014 4:53 PM
19	Teach/practice in small increments. Always check for understanding	Sep 15, 2014 3:18 PM
20	continue to provide sessions that are directly applicable to our classrooms and give time to practice these skills	Sep 15, 2014 3:16 PM
21	I could not get in the Google Classroom session. I would like to learn next technology PD.	Sep 15, 2014 3:15 PM
22	It was all good. Not sure what I would ant to add.	Sep 15, 2014 3:14 PM
23	Keep it the same	Sep 15, 2014 3:14 PM
24	more focus on application to the classroom	Sep 15, 2014 3:14 PM
25	Have new sessions. I knew all this information previously, besides the Google Classroom.	Sep 15, 2014 3:14 PM
26	Some of them didn't apply to what I will be doing in school. There was not a lot geared towards special education.	Sep 15, 2014 3:12 PM
27	Many of us are ready to move from 201 to 301 or 401. . . . For example, Google Drive 201 was pretty basic.	Sep 15, 2014 3:11 PM
28	I need to have time to play with all these programs and then I will be ready for the next level for many of these programs.	Sep 15, 2014 3:11 PM
29	None at this time.	Sep 15, 2014 3:11 PM
30	need more time for campus beta	Sep 15, 2014 3:11 PM
31	It got to be a little overwhelming by the end of the day for those of us that are tech challenged. I would like more time to work with what I have been taught during the day so when I don't understand it I can get help from people who can fix what I have messed up. Once I go back to my room, it is harder to embrace technology when I am having trouble and do not have someone to reach out to for help.	Sep 15, 2014 3:10 PM
32	It was a repeat of last year's problem; the internet was sssllloowww! It's frustrating when the instructor is five or ten minutes into the presentation before you're able to log onto the site to participate. Please have the PD day at Valley so we have a network able to handle more traffic. Also, parking was a hassle with many people having to park on the grass and in unmarked parking areas.	Sep 15, 2014 3:10 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

33	None	Sep 15, 2014 3:10 PM
34	maybe fewer sessions so that practice is forced, ie working with the new campus	Sep 15, 2014 3:10 PM
35	More options are always good.	Sep 15, 2014 3:10 PM
36	Have a remedial session for people who are technologically challenged.	Sep 15, 2014 3:08 PM
37	sessions in the morning, time to create useful items in the afternoon	Sep 15, 2014 3:07 PM
38	Advanced classes for those who have already working knowledge.	Sep 15, 2014 3:06 PM
39	More of this would be great, I did not get to go to all the sessions I wanted	Sep 15, 2014 3:06 PM
40	I still feel like a lot of this was a repeat from last February for the secondary teachers. I wanted to have something new and different to do!	Sep 15, 2014 3:06 PM
41	Sessions need to be longer and fewer of them. That gives you time to work on the new concept with the expert in the room to help you.	Sep 15, 2014 3:06 PM
42	Pre-assess where we are as learners and differentiate.	Sep 15, 2014 3:05 PM
43	None	Sep 15, 2014 3:05 PM
44	WE NEED WORK TIME! A PD day to implement this would be extremely helpful. Also, it would be great if we pick something to stick with - google or infinite campus beta's new version? Also, internet got bogged down a bit, so it would be nice if we could break up a bit and have different levels at different buildings. Differentiation?	Sep 15, 2014 3:05 PM
45	Keep them like this. I LOVED it.	Sep 15, 2014 3:04 PM
46	I would suggest having morning informational sessions and afternoon work sessions (still at PD site) over the morning information. You could just have the helpers in the rooms in the afternoon to help actually implement for the teachers. I think this would be more beneficial for implementation. Right now I have good ideas and not enough time to sit down and plug my materials into a lot of these systems. I might actually use them in my classroom if I had an afternoon to set them up.	Sep 15, 2014 3:04 PM
47	I don't have any suggestions.	Sep 15, 2014 3:02 PM
48	Keep the same format and allow us to continue to learn new skills in technology. Google classroom seems only realistic if we go 1 to 1 with student computers.	Sep 15, 2014 3:02 PM
49	I would like to be able to actually "do" something that pertains to my class. Maybe only 3-4 sessions so we have more time per each, and we plan to practice actually using calendar or slides etc., and create these to actually use in our classroom	Sep 15, 2014 3:01 PM
50	i would hope our next technology day would not be another set of classes, but rather time to work with colleagues on developing what we've already learned. At this point we have plenty of tools, we just need time to development and implement them.	Sep 15, 2014 3:01 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

51	Keep doing what you are doing!	Sep 15, 2014 3:00 PM
52	More content specific info	Sep 15, 2014 2:59 PM
53	Classes in the morning, work time in the afternoon.	Sep 15, 2014 2:59 PM
54	45 minute sessions so we get more sessions. An hour tended to get long	Sep 15, 2014 2:57 PM
55	I would make sure there were a few 201 offerings at the beginning of the day. I have been using a few of the Google topics, so I was ready for the next step. Instead, I had to wait two hours before I could starting doing something new.	Sep 15, 2014 2:55 PM
56	an informal "lab" time option where we could go and get help on specific topics of interest/need to us	Sep 15, 2014 2:54 PM
57	Maybe have longer class options to go a little more in depth.	Sep 15, 2014 2:50 PM
58	Give time in the afternoon to implement what we learned	Sep 15, 2014 2:42 PM
59	A schedule to double check at the check-in would have been helpful.	Sep 15, 2014 2:41 PM
60	have it keep getting more advanced and with time to work on stuff	Sep 15, 2014 2:36 PM
61	Morning classes only - afternoon time to apply what we learned. I still haven't applied what I learned from this PD day last year. So much information, but no time to practice or apply to our classes is really frustrating and a consistent problem with our professional development.	Sep 15, 2014 2:29 PM
62	more frequent and more opportunity for q and a	Sep 15, 2014 2:26 PM
63	First half of the day classes, then implementing things. OR allow us to have a work day using the powerpoints, etc.	Sep 15, 2014 2:25 PM
64	This has been a really good PD day. I think today's and last years PD day like this is some of the best days I've ever had in 15 years of teaching here.	Sep 15, 2014 2:19 PM
65	I feel like I am at the point where I use google apps as much as I can without 1 to 1. I can do things in google in class time but it is hard to expect students for out of school work when not everyone has computer access outside of school.	Sep 15, 2014 2:16 PM
66	Have the afternoon to work more on what we learned during the day. Have time to meet within departments to see how these areas could apply.	Sep 15, 2014 2:14 PM
67	More time to play with what we just learned in the classroom.	Sep 15, 2014 1:48 PM
68	Mostly everything was helpful for me. Some of the class descriptions were a bit misleading, but mostly, I signed up for classes whose descriptions matched what was covered in the sessions. One suggestion is to consider more content-based technology sessions that could allow content areas across grades to learn about tech tools together that are specifically relevant to what they teach.	Sep 15, 2014 1:25 PM
69	I would like to have more PD on differentiation where teachers give examples of how they differentiate in their classrooms.	Sep 15, 2014 1:23 PM

**Q4. What suggestions do you have for future PD in technology and/or differentiation?**

70	We've had the same presentations for the last two sessions, and they are aimed largely at traditional classroom settings. Teaching band almost exclusively doesn't allow for much application of a lot of technology from the presentations.	Sep 15, 2014 1:16 PM
71	I need help making things more efficient and better for kids. My feelings is that we are making more busy work for both teachers and students. What will we do with students who don't have access to technology?	Sep 15, 2014 1:03 PM
72	I feel like we have "google-d out" as this is now the second year. It was difficult for me (a fairly novice user) to select enough topics that i needed to learn about. It may be better to have the choice to pick some or "assist" in an area that you excel in. That way there would be more applicatin	Sep 15, 2014 1:03 PM
73	site with more restrooms or more time in between sessions repeat some of same classes that we weren't able to attend-also concerns about switching google docs b/c doc not as good for formatting as Word, for instance, tables, font superscripts and subscripts	Sep 15, 2014 1:03 PM
74	Keep letting us choose the topics we go to. Thanks! :)	Sep 15, 2014 12:58 PM
