Q2. How will you apply the learning from today in your classroom?

1	Use the chrome extensions to assist my teaching. Show students who have trouble reading how they can use some of the extensions to help them. Help students use the internet as a resource.	Sep 16, 2014 5:51 PM
2	I took two google sites classes that I plan to use to develop a website for my class.	Sep 16, 2014 8:33 AM
3	Starfall- setting up kids accounts and lessons differentiating math groups using google docs and transferring them	Sep 15, 2014 5:43 PM
4	I found a nugget of information in EVERY single session that I took. Any issues that I had were with the specific site ie Everyday Math where I kept being denied access so I have to contact them directly. I now feel like I can create a Google doc, use Starfall with confidence, realize that technology is a tool just like a pencil and paper BUT that it has to serve a specific purpose.	Sep 15, 2014 3:37 PM
5	I will use google documents particularly at Stilwell, and the smart music seminar will be specifically helpful in my subject area.L	Sep 15, 2014 3:17 PM
6	I plan on using google classrooms and implementing some of the informal assessments like kahoot and infuse. I really want them set up to use google drive!	Sep 15, 2014 3:12 PM
7	I learned a lot about different options to differentiate during the math session. I am in a new grade level this year and they had great ideas that I will be able to apply to my math rotations.	Sep 15, 2014 3:10 PM
8	I will attempt to use researching tips with students.	Sep 15, 2014 3:07 PM
9	I will be using Google Chrome more. I learned more about Starfall.	Sep 15, 2014 3:02 PM
10	My head is exploding because I learned so much today. I will begin to use EDM Virtual Learning Community to differentiate for ESL students.	Sep 15, 2014 3:00 PM
11	Using google calendars and star fall	Sep 15, 2014 2:47 PM
12	I would like to show the students how to use Google Drive - this would help eliminate saving issues.	Sep 15, 2014 2:42 PM
13	Makin Kahoots for social studies. Will explore google docs and practice using. download apps to ipads and make folders.	Sep 15, 2014 2:41 PM
14	Calendar and Docs. I will share with the team and with my parents.	Sep 15, 2014 2:37 PM
15	I will be trying out Kahoot!	Sep 15, 2014 2:37 PM
16	I will use Google Chrome and more Starfall	Sep 15, 2014 2:29 PM
17	I will continue to use Google Drive at school. I learned many new apps to add to my iPads for my students. Also learned how to use and created an account with Kahoot to create surveys and quizzes for my kids.	Sep 15, 2014 2:22 PM
18	I plan to send parents a link to a calendar I created for my classroom. I will also create a YouTube channel for parents to see student presentations.	Sep 15, 2014 2:16 PM

Q2. How will you apply the learning from today in your classroom?

19	I will start using the beta grade book so I will be ready for the transition next summer.	Sep 15, 2014 1:32 PM
20	Infinite Campus will be beneficial. I like knowing a bit about Google "stuff"	Sep 15, 2014 1:31 PM
21	The best thing for me will be the information on grade book Beta	Sep 15, 2014 1:26 PM
22	google forms was fabulous but I feel that there could have been a 200 level class for this or a repeat so if you warent sure how to impliment it .	Sep 15, 2014 10:32 AM

Q3. What did you like about today? What went well?

1	I enjoyed that it was all about using technology! Liked the different options of classes. REALLY enjoyed and got a lot from the majority of the classes. Liked the hands on experiences. Thanks for a great day!	Sep 16, 2014 5:51 PM
2	The variety of classes was great. I liked being able to pick what applied to me.	Sep 16, 2014 8:33 AM
3	Applicable to classroom	Sep 15, 2014 5:43 PM
4	I liked that I am walking away feeling that I know a little bit more to help myself and students in the classroom. The presenters were knowledgeable and helpful. Most were team taught so that one could present and the other could walk around and help or answer specific questions. I like that the information was relevant and I never felt embarrassed that I didn't know something because we were all there to learn.	Sep 15, 2014 3:37 PM
5	There were lots of opportunities to experiment with what we learned.	Sep 15, 2014 3:17 PM
6	The classes were extremely well presented and varied in topic. I got to go after information I wanted to learn and thus feel like I will be more engaged and willing to implement it.	Sep 15, 2014 3:12 PM
7	I loved that the sessions were brief and that we had a chance to play.	Sep 15, 2014 3:10 PM
8	The presenters were well informed.	Sep 15, 2014 3:07 PM
9	Went quickly.	Sep 15, 2014 3:02 PM
10	WE could could choose what most pertained to us. We were given time to play with what we had learned.	Sep 15, 2014 3:00 PM
11	Time to try with instructors available for questions	Sep 15, 2014 2:47 PM
12	The presenters were knowledgeable and gave us time to "play".	Sep 15, 2014 2:42 PM
13	time to apply what we learned....make stuff that we can use immediately	Sep 15, 2014 2:41 PM
14	I enjoyed all the sessions, Well laid out and the instructors all did a good job	Sep 15, 2014 2:37 PM
15	Classes were 1 hour each, they didn't drag on! Small class sizes were nice for asking questions.	Sep 15, 2014 2:37 PM
16	I liked being able to choose my own adventure!	Sep 15, 2014 2:29 PM
17	Great topics. Nice to have WDM staff run/lead most sessions.	Sep 15, 2014 2:22 PM
18	A lot of the instructors provided time to play around and apply our learning as it applied to us.	Sep 15, 2014 2:16 PM
19	I appreciated hearing about the options for using google.	Sep 15, 2014 1:32 PM
20	I like how all the instructors were willing to help and knew what they were doing. I also like having it so relaxing and not a high stress.	Sep 15, 2014 1:31 PM
21	Knowledgeable people with a laid back style	Sep 15, 2014 1:26 PM

Q3. What did you like about today? What went well?

22 google apps

Sep 15, 2014 10:32 AM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

1	SUPER awesome teachers I had were Stacy Behmer, Katie S. and Jim from the school district, and Jonathan Wylie... have them teach again...great job. It might help to suggest some specific classes for the technology challenged staff. Jim and Katie's class would have been very helpful to anyone overwhelmed by technology.	Sep 16, 2014 5:51 PM
2	We couldn't do the programs in a class because the internet wasn't working. That was really frustrating.	Sep 16, 2014 8:33 AM
3	So many sessions were geared toward intermediate. It would be nice if the focus was on just primary or just intermediate.	Sep 15, 2014 5:43 PM
4	My hope is that we can continue to have these days. I know that PD days are precious and few and far between but I think it is important to keep momentum going once we have one. Now that people have had the opportunity to get the basics, take it to the next level.	Sep 15, 2014 3:37 PM
5	5 computer classes might be a little overwhelming for one day. Perhaps the classes could be divided over several days.	Sep 15, 2014 3:17 PM
6	More chances like this where we pick our classes. Also having a memo about behavior during these classes. I found that several times there were rude students (other teachers in class with me) who were talking over the presenters and blatantly rude about the fact that they had fallen behind.	Sep 15, 2014 3:12 PM
7	These sessions were wonderful. I would like to see us continue to work on technology.	Sep 15, 2014 3:10 PM
8	A little more variety. I'm Googled out.	Sep 15, 2014 3:07 PM
9	Sign in should be spread out on more tables.....	Sep 15, 2014 3:02 PM
10	do it again	Sep 15, 2014 3:00 PM
11	More differentiation in classes with early elem. vs upper elem. (data to make decisions seemed geared towards upper elem.) I would be interested in more ways for using it in early elem.	Sep 15, 2014 2:47 PM
12	Google classroom was geared more toward secondary, it was labeled as a K-12 session.	Sep 15, 2014 2:42 PM
13	give everyone the basic knowledge they need to be successful. Everyone wasn't on the same page with their knowledge of certain things in order to apply them.	Sep 15, 2014 2:41 PM
14	If we are doing more Google, play time. I could use more time to mess around with the things and try to work my own kinks out.	Sep 15, 2014 2:37 PM
15	none	Sep 15, 2014 2:37 PM
16	I like this format and having the opportunity to be up to date on technology I can actually use in my classroom	Sep 15, 2014 2:29 PM
17	Perhaps to include all staff, have more topics other than just computer related	Sep 15, 2014 2:22 PM

Q4. What suggestions do you have for future PD in technology and/or differentiation?

topics. Would have been nice to have 3 classes or so in the morning then have time back in our home buildings to work on and/or discuss.

18	I would have liked to take almost all of the classes offered today. Offer some of them again? It was helpful to take the survey before to see what people are interested in or what they need.	Sep 15, 2014 2:16 PM
19	It was a lot of information for one day and not enough time to practice or explore the uses. I would have preferred more time to spend with one thing.	Sep 15, 2014 1:32 PM
20	Suggestion would be to have classes that are for beginners, etc. Perhaps "comfort levels" with the programs.	Sep 15, 2014 1:31 PM
21	It's lots of information in one day! For the old timers like myself, a slower pace may be advised	Sep 15, 2014 1:26 PM
22	starfall should have been added other sections especially since we just rolled it out this year. That was very dissappointing	Sep 15, 2014 10:32 AM
