43	I like that some of the teachers still decide to use google classroom, since I feel that it is more reliable. The teachers were learning how to use canvas right along with the students so no one knew how to do anything, and simply its way to complacted for what we need in the classroom. Half the time something goes wrong and we cant access the assignment or we just arent taught how to use it. It also bugs me that some of the teachers abuse their authority when it comes the lanschool. I know what it is there to keep us on task but we feel that all of our rpivacy is getting taken away because of that handful of students that mis use the right.	4/17/2018 9:05 AM

142	I think the chromebooks are very handy in classes	4/15/2018 10:33 PM
143	Wifi coverage has improved this year - I can only recall one day when the internet was down for a period of time.	4/15/2018 10:31 PM
144	Availability of the internet.	4/15/2018 10:27 PM
145	I like having a chrome book for every student. I believe this is beneficial to every student and provides kids with the materials they need to be successful at school.	4/15/2018 10:26 PM
146	I think providing computers to each student is a great idea, however not every student has internet to use those computers. I think the projectors, printers, and other classroom technology provided at school are great.	4/15/2018 10:17 PM
147	It's hard to say because it has just been the first year for Chromebooks, so everything was new for everyone.	4/15/2018 10:13 PM
148	The chromebooks are a good way to access most of the things you need for school anywhere	4/15/2018 10:03 PM

152	You're doing a great job on everything Mr. Abeling!	4/15/2018 9:51 PM
153	It's helpful that so easy to access at any time.	4/15/2018 9:47 PM
154	Pc and online resource (Canvas, Campus, Google Drive ect.)	4/15/2018 9:42 PM
155	Going 1-1 with Chromebooks seemed pretty useless to me at the beginning of the year, but I really like it now. I appreciate that we're allowed to decorate our Chromebook cases with stickers, too. I didn't like switching from Classroom to Canvas in the beginning of the year either, and although it would be more convenient to be able to use a Google program because so much else of what we use is Google-based, I now understand how much easier organization usually is with Canvas.	4/15/2018 9:35 PM
156	Using chromebooks and canvas to centralize assignments and resources	4/15/2018 9:29 PM
157	I like how canvas is used and how most of my classes have material on there for us to use.	4/15/2018 9:29 PM
158	Updating infanite campus	4/15/2018 9:25 PM
159	Providing everyone with chromebooks was pretty huge. It's also nice that we aren't forced to use them, the students have the choice of whatever device they have. The charger situation is also complicated but the schools (or at least the high school) have been dealing with it well.	4/15/2018 9:25 PM
160	The internet is semi more reliable than last year.	4/15/2018 9:24 PM
161	Everything we have is working well from what I see.	4/15/2018 9:16 PM
162	Stuff	4/15/2018 9:13 PM

166	Computers at school	4/15/2018 8:58 PM
167	Giving everyone chromebooks, most teachers using canvas well	4/15/2018 8:55 PM
168	Chromebooks and online homework is working well.	4/15/2018 8:51 PM
169	Having chromebooks available for everyone.	4/15/2018 8:49 PM
170	Easy access to technology.	4/15/2018 8:48 PM
171	The Chromebooks are working fine and so are the printer options available to students.	4/15/2018 8:40 PM
172	Chromebooks, desktops, printers	4/15/2018 8:35 PM
173	Letting everyone have a chromebook	4/15/2018 8:34 PM
174	I guess the chrome books are reliable but everything goes back to the wifi being reliable and that's not always tells case.	4/15/2018 8:33 PM

## Tech Survey for Students 2018

175	Having online textbooks, as well as having majority of our assignments on canvas	4/15/2018 8:33 PM
176	I loved having a Chromebook this year! It made it so much easier - it's awesome! Doing great :)	4/15/2018 8:25 PM
177	I like that we have a projector in every classroom and that every student is given a laptop so that he/she can use it when ever or where ever they want.	4/15/2018 8:18 PM
178	I like infinite campus. I think integrating grades into Canvas would be confusing. I think having a gradebook service that teachers know well and students too is reliable. Canvas is good for assignments and I have adjusted.	4/15/2018 8:17 PM
179	The projectors are working well, many of the supplies that are in science rooms are nice.	4/15/2018 8:16 PM
180	I like the Canvas interface and every student has a chrome book and it is pretty useful.	4/15/2018 8:13 PM
181	Chromebook make things easy to aces	4/15/2018 8:12 PM
182	The one to one chromebooks are helpful because I'll always have a computer when I'm at school and it doesn't take a long time to log in like the desktops	4/15/2018 8:09 PM
183	everything except for the stuff below.	4/15/2018 8:01 PM
184	Implementing the use of Chromebooks in class	4/15/2018 7:54 PM
185	The Chromebooks and infinite campus are very helpful with being able to complete assignments wherever you are, and being able to easily check your grades.	4/15/2018 7:52 PM
186	I think canvas is very nice because it is so organized since I am an organized person. It helps me keep track of my classes and assignments. I was apprehensive about the chrome books at first, but as the year has gone on I have realized how valuable of a tool they are during class.	4/15/2018 7:48 PM
187	Loaned chrome books tv's and projectors that can connect to the tech	4/15/2018 7:47 PM
188	not canvas...computers are a distraction at times	4/15/2018 7:41 PM
189	Providing chromebooks.	4/15/2018 7:40 PM
190	Chromebooks for every student	4/15/2018 7:37 PM
191	I think you all are doing pretty well with infinite campus... I think you really need to reconsider what programs you use for classes, I am in new tech and I have stuff on Echo, Canvas and the most continent: google class room	4/15/2018 7:30 PM
192	Providing everyone with Chromebooks	4/15/2018 7:29 PM
193	The current chrome books.	4/15/2018 7:29 PM
194	Keeping outlets in convieniet places.	4/15/2018 7:27 PM
195	While there are still some snags the teachers have more or less made canvas a great resource and are constantly getting better.	4/15/2018 7:23 PM
196	Pretty much everything runs well. Chromebooks can sometimes be a bit finicky but otherwise they're fine.	4/15/2018 7:20 PM
197	Even though teacher use canvas, they still pass out papers. Teachers should with go all paper or all chromebook. It would be way easier for people like me stay organized.	4/15/2018 7:19 PM
198	Turn it in Canvas (but not too many things on there) Chrome books sometimes	4/15/2018 7:18 PM
199	WiFi, Infinite Campus	4/15/2018 7:18 PM
200	1 to 1 Chromebooks is good	4/15/2018 7:17 PM
201	I don't know, nothing you are doing is really good other than the fact that we all have Chromebooks.	4/15/2018 7:15 PM
202	Google classroom	4/15/2018 7:14 PM
203	The whole chrome book system is fine except for a few hindrances. I suppose Canvas is ok but it's unnecessary.	4/15/2018 7:09 PM
204	Supplying the chromebooks.	4/15/2018 7:08 PM
205	I like how if I miss a day, I can find make up work on Canvas and be caught up.	4/15/2018 7:07 PM

## Q7 What suggestions do you have for improving technology services at your school?

#	RESPONSES	DATE
1	we should have charging stations for our chrome books because a lot of students forget to charge them at home or they just die at school, staff should make it easier for students to use the computer labs because nobody uses them and some students aren't close enough to the media center and it would just be easier for students, especially if they are just doing something fast like printing something off for a class. Also our librarians are extremely disrespectful and rude and from what ive seen sitting in the library, students who go to check out a chrome book get a lot of crap for asking to borrow a chrome book and it makes us students feel like crap.	5/8/2018 1:42 PM
2	Don't EVERYTHING online (it's not right now but just for future reference)	5/8/2018 1:38 PM
3	idk	5/8/2018 1:37 PM
4	idk sometimes the wifi goes out when we all need it. I know it's not the school's fault, but it adds an extra layer of stress. I don't think we should be using the tech as much as we do. I feel like a lot of my homework depends on the internet, and a lot of the times the internet in general is not all that reliable. Also, the teachers put all their work in different folders and stuff in canvas and it can be difficult to keep track of whats where for what class.	5/8/2018 1:37 PM
5	I think that google classroom worked better than Canvas does and I think that the school district should go back to it. The one thing I do like about canvas though is the calendar, it allows me to see all the upcoming assignments and tests which helps me a lot because I forget to use my planner often.	5/8/2018 1:36 PM
6	None at the moment	4/30/2018 7:15 PM
7	you should get macbooks like waukee not ugly chomebooks. thats being basic.	4/26/2018 11:45 AM
8	Make the wifi better all around the school, some parts you cant get anything done due to no wifi	4/25/2018 8:36 AM
9	Well, for one I have always had my YouTube name as Mii the BD (pronounced Me the B.D.) for a reason, but ever since the administrator changed that accessibility, I've been PISSED! Second, all of the themes on the Chrome Web Store have been blocked (as well as most of the apps and extensions), so I have to use infinity new tab, which really sucks (but at the same time it's ... okay). Third, some of the most fun games that I play during my own time have also been blocked by the administrator. And all three of those things make me REALLY PISSED OFF!!! So please fix those soon, because nobody likes a madman.	4/24/2018 10:38 AM
10	leave alone	4/24/2018 8:30 AM
11	Have more Chromebooks available for everyone.	4/23/2018 1:53 PM
12	The biggest issue with technology is the unreliability of the internet connection. I don't know if there is a convenient way to improve that cheaply but there needs to at least be a system put in place so that the whole school is never trying to use it at once.	4/22/2018 11:36 PM
13	Improve the wifi throughout the school i.e. switch to fiber optic speed so there is less problems when multiple students attempt the get on the same network at once.	4/21/2018 2:49 PM
14	Fix canvas and make more texts worksheets on computer	4/19/2018 3:20 PM
15	most of my fellow peers and I do not like canvas and prefer to use google classroom and infinite campus	4/19/2018 10:39 AM
16	Canvas is ineffective and difficult to use the district should phase it out and reinstitue google classroom	4/19/2018 10:05 AM
17	Asking teachers to update grades more frequently	4/19/2018 9:04 AM
18	if possible make internet more reliable mainly around lunch time its so hard to study or just look something up	4/19/2018 8:21 AM

## Tech Survey for Students 2018

19	No need for improvement	4/18/2018 9:21 PM
20	Better Wi-Fi that is more reliable would be amazing. Go back to Google classroom it's easier to use please.	4/18/2018 8:08 PM
21	Stop sending parent updates for missing assignments I hate it and get screamed and cussed at every week because of them and I am going to lose my job because my parents don't think I am responsible and my job is the only thing that makes me happy and keeps me from leaving my home forever	4/18/2018 7:31 PM
22	better place to see homework and schedules	4/18/2018 2:18 PM
23	I'm not able to use my Chromebook to print on my printer at my house, so if you could get it so that's possible then that would be great.	4/18/2018 1:38 PM
24	Let teachers decide whether Canvas would be advantageous for them in the Classroom, not students. Don't change things so quickly, you should stick with Canvas for like 5 years or ditch it completely.	4/18/2018 12:29 PM
25	have better WiFi not very good	4/18/2018 12:00 PM
26	Better wifi connection through out the whole school because in some rooms or parts of the school the wifi doesn't work very well	4/18/2018 11:16 AM
27	I liked it more when we used google classroom. That was the one place that all of the teachers would put their assignments. Canvas is visually unappealing, and it's harder to understand.	4/18/2018 10:44 AM
28	I don't know more than a handful of people who haven't had issues with their chromebooks at some point this year, which is a large inconvenience to some who do not have technology at home. Additionally, it is largely agreed on by students that Google Classroom was better than Canvas, and many of the tech problems we've had this has been due to Canvas, which in turn affects students' grades and teachers' ability to teach.	4/18/2018 9:31 AM
29	I don't like Canvas and my friends don't either. It's not very user friendly. I would choose Google Classroom 100x over Canvas.	4/18/2018 9:28 AM
30	none	4/18/2018 8:42 AM
31	Internet reliability	4/17/2018 8:36 PM
32	Some teachers don't incorporate canvas as much as others.	4/17/2018 1:30 PM
33	The internet can be slow at times.	4/17/2018 12:50 PM
34	macbooks	4/17/2018 11:49 AM
35	Stop using canvas!!!	4/17/2018 11:36 AM
36	Go back to google classroom	4/17/2018 10:52 AM
37	Ditch Canvas, use Google Drive and Google Classroom for everything assignment related. Migrate all local data over to Google Drive. (S and C drive data for example) Migrate all physical curriculum and media to Google Drive if possible. Allow OneDrive document sharing between WDMCS members. Force teachers to go 1:1. If they want to use Office stuff, allow OneDrive to be used. Unblock Discord from Securly ;)	4/17/2018 10:47 AM
38	I dislike Canvas as well as most of my friends! Google classroom was so much easier to use and it's not fun trying to navigate through Canvas constantly. I strongly dislike the website.	4/17/2018 10:46 AM
39	Nothing	4/17/2018 10:18 AM
40	The WiFi, I don't like canvas.	4/17/2018 9:54 AM

43	Utilizing the technology better, and getting better and more reliable laptops.	4/17/2018 9:15 AM
44	Switching back to google classroom, or making canvas easier and more efficient to the students and staff by showing us how to use it effectively instead of experimenting on our own.	4/17/2018 9:05 AM
45	have no clue	4/16/2018 10:55 PM
46	Bring back Google Classroom.	4/16/2018 10:01 PM

## Tech Survey for Students 2018

47	Canvas is less aesthetically pleasing and harder to use than Google Classroom Several sites needed for homework have been blocked by securely	4/16/2018 9:53 PM
48	Though Canvas and Infinite campus work well, it can get confusing as to which grades go where and which ones have an impact on my grade.	4/16/2018 8:30 PM
49	I wish that teachers who are supposed to help with technology issues could be a bit more knowledgeable.	4/16/2018 7:56 PM
50	Get better wifi, sometimes things take forever to load because everyone is on the wifi so it is slow and sometimes it goes down	4/16/2018 7:33 PM
51	USING CLASSROOM! Canvas is bad, hard to work, can take a while to load, confusing, and classroom is free and easier.	4/16/2018 7:24 PM
52	I have no suggestions	4/16/2018 7:15 PM
53	none	4/16/2018 5:56 PM
54	I don't like canvas very much. It loads very slowly and it is hard to turn in certain assignments through canvas. Also, there are multiple tabs that lead to the same information and it is confusing. It should be simpler than it is.	4/16/2018 5:39 PM
55	More interactive learning environment	4/16/2018 5:20 PM
56	I wanna watch porn on my chromebook but it's blocked. Also you should give us good mice	4/16/2018 5:11 PM
57	I liked Google Classroom more. Every teacher uses Canvas differently and it took a while to get used to.	4/16/2018 4:39 PM
58	Everyone liked Google Classroom significantly more than Canvas.	4/16/2018 3:34 PM
59	Get rid of Canvas, it is terrible and you have to do way too much to find a document. Google Classroom is way better because it is easier to use and it makes sense that we would use GOOGLE classroom since we have GOOGLE Chromebooks.	4/16/2018 2:55 PM
60	I do not like canvas that much. In my opinion, it is very disorganized and I do not like the layout. This past year, I was also not very satisfied with the chromebooks this year either.	4/16/2018 2:52 PM
61	Please unblock Discord, it's one of the only ways I've been able to talk to fellow students via voice outside of school.	4/16/2018 2:50 PM
62	I think we should get rid of Canvas and keep Echo instead, using it potentially as a schoolwide system, but at very least we should strongly consider keeping it for New Tech students and within our school district.	4/16/2018 2:40 PM
63	no canvas, classroom is fine	4/16/2018 2:39 PM
64	I know that this would be a very large request but possibly a better sound system for any announcements. at times it is difficult to hear what the announcements are and what names are called because the quality/clarity is too staticy. it would both improve students ability to comprehend what is said and i bet the day would run smoother.	4/16/2018 2:31 PM
65	yall should give teachers chromebook chargers that they can lend to students to use during class. I know that there are some in the library but people need them during class and no one wants to walk all the way to the library to get one. Just give one to each teacher and then students can use them during class. also it took me an entire year to figure canvas out and im still missing stuff that teachers put out. It's really hard to find stuff.	4/16/2018 2:15 PM
66	enable the dino game for when there is no internet.	4/16/2018 2:14 PM
67	digital screens to look for information immediately, and some TV at the holdway on the GYM	4/16/2018 2:12 PM
68	Need better head phones and be able to download stuff	4/16/2018 2:01 PM
69	I hate Canvas	4/16/2018 1:54 PM
70	get rid of canvas, it sucks!	4/16/2018 1:47 PM
71	Not use trashy chromebooks that have everything restricted	4/16/2018 1:21 PM
72	Keep canvas updated(up to the teacher) Add some sites to the blocked list.	4/16/2018 1:02 PM
73	Not having to log back into the chrome books every time I shut the lid.	4/16/2018 12:52 PM

74	Remove canvas and use the money for training.	4/16/2018 12:39 PM
75	Fix canvas, learn how it works, make a choice on canvas or infinite campus	4/16/2018 12:31 PM
76	I think we should use Google classroom.	4/16/2018 12:24 PM
77	The WIFI to make it even more faster and better.	4/16/2018 12:23 PM
78	some of the foreign web sites are blocked by wdmcs WiFi	4/16/2018 12:22 PM
79	the wifi is kind of slow time to time	4/16/2018 12:21 PM
80	nothing	4/16/2018 12:21 PM
81	nothing really	4/16/2018 12:19 PM
82	Have everything we need in canvas so we don't have to worry about losing the homework.	4/16/2018 12:18 PM
83	None suggestions everything works great.	4/16/2018 12:17 PM
84	The internet is slow	4/16/2018 12:17 PM
85	nothing much	4/16/2018 12:17 PM
86	I think it would be the wifi	4/16/2018 12:17 PM
87	nothing	4/16/2018 12:16 PM
88	Canvas is too confusing	4/16/2018 12:16 PM
89	Make an easy way to get to them if not able tot get onto the school website	4/16/2018 12:02 PM
90	N/A	4/16/2018 11:51 AM
91	i dont really know	4/16/2018 11:38 AM
92	Internet	4/16/2018 11:34 AM
93	The school wifi is sometimes slow that's pretty much it	4/16/2018 11:33 AM
94	none its greats	4/16/2018 11:33 AM
95	the wifi is bad	4/16/2018 11:32 AM
96	I wish we had Hotspot available for our school that we can take home and used it.	4/16/2018 11:32 AM

98	Wifi	4/16/2018 11:32 AM
99	I think I'm okay with just wht we have	4/16/2018 11:29 AM
100	Don't move everything online. At the beginning of the year I couldn't do any of my assignments because they were all online and I didn't have access to the internet outside of school.	4/16/2018 11:27 AM
101	nothing	4/16/2018 11:26 AM
102	Not being watched 24/7/ It's weird having that feeling of someone that is watching you and then knowing everything that you have done and what time you have done it.	4/16/2018 11:24 AM
103	Making the internet faster. that would be a great start.	4/16/2018 11:23 AM
104	For every teacher to have Chromebook chargers in their classrooms so students can charge their Chromebooks when they die	4/16/2018 11:14 AM
105	Do not like canvas, class was much better with google classroom and more teacher instruction. I feel that Google drive and chromebooks are good, but canvas and infinite campus are problematic.	4/16/2018 11:04 AM
106	I hate the new update where it turns off every time you shut the lid. I liked it before when you just had to enter in password. Also Internet is slow in certain areas of the school. Also the cromebook are limited in what they can do. The track pad sucks I have bought my own mouse bc it sucks so bad.	4/16/2018 11:02 AM
107	Get rid of canvas. Just use google classroom. It's way easier to use and understand.	4/16/2018 10:58 AM
108	Get rid of Canvas. No one likes it. Honestly.	4/16/2018 10:38 AM

## Tech Survey for Students 2018

109	Use google classroom instead of Canvas. Google classroom offers apps that students can use on their phones when they don't have their chromebooks with them, and the Canvas app is not reliable whatsoever. Google classroom is directly connected with google docs, slides, spreadsheets, etc. Also, many of my peers (and teachers) express how confusing canvas is and how much more user-friendly google classroom is. Many of my teachers still use google classroom despite the district buying canvas, so I think it is kind of a waste.	4/16/2018 10:37 AM
110	Make it easy to find assignments. Take out all the useless folders like modules, etc the stuff we don't use. Teach the teachers and the students how to use it.	4/16/2018 10:36 AM
111	make every teacher as organized as monsieur petersen!!!	4/16/2018 10:34 AM
112	DROP CANVAS	4/16/2018 10:16 AM
113	Please change the Chromebooks back to when they would keep tabs open and loaded after closing the laptop. It's a nuisance to have to log back in (both username and password) and wait a long time for pages to reload after moving from one class period to another.	4/16/2018 10:11 AM
114	Canvas is a really bad program. I feel like its a waste of money for such a confusing program the students and teachers dont like. I would do google classroom.	4/16/2018 10:07 AM
115	We should get something easier and faster like an iPad.	4/16/2018 10:04 AM
116	less restrictions on the chromebook	4/16/2018 10:03 AM
117	bring back classroom nobody likes canvas	4/16/2018 10:02 AM
118	Wifi not crashing every other minute :/	4/16/2018 9:58 AM
119	Canvas is annoying. Also blocking extensions makes it hard to do some school projects.	4/16/2018 9:53 AM
120	Get rid of canvas. Bring back google classroom.	4/16/2018 9:50 AM
121	easier to find everything between all classes	4/16/2018 9:47 AM
122	I think that all of our resources should be located on one server, Canvas. That would clear up frustration and confusion. I also wish different kinds of technology were able to be accessed in the classroom such as ipads.	4/16/2018 9:44 AM
123	DO MORE ON PAPER. NO CANVAS. NO TECHNOLOGY!	4/16/2018 9:42 AM
124	allow more freedom on computers	4/16/2018 9:38 AM
125	Mouses	4/16/2018 9:24 AM
126	get rid of it all	4/16/2018 9:23 AM
127	DONT USE CANVAS!!!!!!	4/16/2018 9:22 AM
128	wifi consistency, teachers putting everything on canvas and not continuing to use google classroom because it's confusing	4/16/2018 9:13 AM
129	I dont have a problem w what we have	4/16/2018 9:09 AM
130	Chrome Add-ons. Some classes they are very helpful/required yet we cannot add them.	4/16/2018 8:47 AM
131	Making everyone use google classroom instead of canvas, its free too!	4/16/2018 8:41 AM
132	Teachers don't use canvas in a way that makes it simple. There are too many options for tabs and it takes awhile to find the thing I am looking for because it can be put under calendar, assignments, modules, etc.	4/16/2018 8:31 AM
133	don't do all of the assignments on canvas, some people like the paper copies so make it about half and half	4/16/2018 8:29 AM
134	Some printers such as the ones in the art commons tend to not want to work	4/16/2018 8:18 AM
135	The wifi	4/16/2018 8:14 AM
136	keep infinite campus!	4/16/2018 8:13 AM
137	don't use canvas	4/16/2018 8:13 AM
138	-	4/16/2018 8:09 AM
139	More.	4/16/2018 8:09 AM

## Tech Survey for Students 2018

140	Echo is hot trash and canvas is slightly better but google classroom works the best	4/16/2018 8:09 AM
141	Personally things are going well.	4/16/2018 8:08 AM
142	We need more reliable and trusted technology products for student use. (Rid the Chromebooks. Students aren't fans and would rather have something that they can utilize with more things. Ex: Waukee, Johnston, and other district have implemented stronger technology - MacBooks, Windows OS- for the students to use.) Provide more technology to teachers to make it easier to upload lectures for student who are absent	4/16/2018 7:35 AM
143	Having Canvas easy to navigate for both the student and the teacher.	4/16/2018 7:17 AM
144	Find a way to change Canvas so it is not as slow and buggy. It doesn't always register my input and is hard to navigate.	4/16/2018 6:52 AM
145	Give your self some time to play around with technology, so that you can get used to the tech.	4/16/2018 5:17 AM
146	Please allow sleep mode!! I hate having to reload all my pages every time I go to a different class.	4/16/2018 1:19 AM
147	Google Classroom is better than canvas.	4/16/2018 12:22 AM
148	I believe Google Classroom was a much easier and more reliable option for teachers and students. Although valuable time has been spent training teachers about Canvas, I believe classes would run much more smoothly and effectively on Classroom.	4/16/2018 12:15 AM
149	Chromebooks are inexplicably slow. Internet explorer loads faster than logging into a chrome book.	4/15/2018 11:51 PM
150	The Chromebooks are already slowing down. As a senior this isnt a problem for me but if these computers are going to be used for years to come, there are going to be almost unusable. Might have been a better idea to invest in better computers to start with.	4/15/2018 11:22 PM
151	-Have teachers put grades in Infinite Campus faster -Make Canvas more accessible and user-friendly	4/15/2018 11:11 PM
152	Providing a way for students to access internet easier outside of school.	4/15/2018 11:01 PM
153	none	4/15/2018 10:44 PM
154	Less canvas it's too good	4/15/2018 10:39 PM
155	I would suggest to continue using current technology, but I think Canvas is sometimes confusing and teachers don't always explain how to use it effectively. I also think textbooks are useful in some classes and I would encourage keeping at least some in each classroom that uses them rather than going completely digital.	4/15/2018 10:37 PM
156	The chromebooks can take a long time to start up (this may be personal fault though, I do leave quite a few tabs open but I didn't know if there was a way to fix this), and some printers only print about half the time (the art commons one is especially sporadic). I wish the chromebooks could have a faster way of logging in (like an abbreviated pin after not fully shutting down between classes) to make it easier to start them up	4/15/2018 10:33 PM
157	Chromebooks seem to be deteriorating as the year has progressed. I don't like how printing is sometimes not an option on my Chromebook depending on which document is open. The updates on Chromebooks are also kind of annoying because they change the sign-in requirements and tab-saving options. For instance, after one of the updates, my computer no longer saved the tabs I had open prior to closing it, which I eventually changed in the settings. Also, after another update, the sign-in requirements changed so that now, when I close my computer and then open it again, I have to sign in again rather than just inputting my password. Overall, the Chromebooks have been very useful, but these little changes are bothersome.	4/15/2018 10:31 PM
158	Bring back Discord.com	4/15/2018 10:27 PM
159	The chrome books are very slow to start up when they are turned on. I am not sure if this can b fixed but it takes several minutes for my pages to reload.	4/15/2018 10:26 PM
160	The wifi at Valley is sometimes unreliable and will cut in and out multiple times during the day in many parts of the building. Also, the use of Canvas has increased the issue of academic stress due to teachers having the ability to set due dates and times whenever they would like (example: Sundays at noon).	4/15/2018 10:17 PM

## Tech Survey for Students 2018

161	I feel like blocking games on the Chromebooks would help kids focus more. During group project work time kids play around instead of getting work done. On the off periods it could be turned on, but for any class periods the student's games would be locked.	4/15/2018 10:13 PM
162	Personally, I don't like canvas, it feels unintuitive, and most teachers seem to only half understand how to work the program, despite their best efforts to understand it	4/15/2018 10:03 PM
163	Think that we should still be using google classroom because it is easier for use to access for are links to quiz reviews and other homework and and there we can have better and faster ways	4/15/2018 10:01 PM
164	I don't really like the technology that we're using and I'd rather just not use it at all	4/15/2018 9:55 PM
165	Much better internet in general.	4/15/2018 9:47 PM
166	BETTER INTERNET CONNECTION!!!	4/15/2018 9:42 PM
167	Sometimes random websites will be blocked when I use my school account, which is always a bit frustrating (though I assume the school uses an external program to sift through pages for appropriateness, and it's usually accurate). Also, it would be nice if each teacher had a few Chromebook charging cords that were to stay in their rooms so it would be easy to recharge your computer if it's running low or dead instead of needing to deal with the hassle of finding a peer who's willing to lend one or trying to get a loaner from the library.	4/15/2018 9:35 PM
168	Make it so chromebooks don't shut down when closed so they don't take several minutes to load everytime they're used.	4/15/2018 9:29 PM
169	Some of the teachers do not really know how to use canvas so maybe have the teachers take a class/ learn more about canvas to help out in so that more teachers use canvas.	4/15/2018 9:29 PM
170	Get every teacher on the same page about what website your using, I use a different one for all four of my core classes	4/15/2018 9:25 PM
171	A thought of mine for a while has been about Valley's "Hall is Fame" interactive touchscreen thing in the gym hallway. I just think it was a waste of money. Not once have I ever witnessed someone use that thing, even as a joke. Of course it's been constructed and there's not a reason to sell it so that won't happen, but just a thought from a student's perspective: spend smarter.	4/15/2018 9:25 PM
172	Google Classroom is better than Canvas.	4/15/2018 9:25 PM
173	Canvas is very slow and laborious to use. Teachers aren't constantly using one program. When canvas is used it's simply because teachers are required to. Google classroom is much more affective and user friendly. Chromebooks are also cheap and aren't the most reliable and student friendly (in the way of sturdyness).	4/15/2018 9:24 PM
174	Google classroom instead of canvas.	4/15/2018 9:22 PM
175	Don't use canvas	4/15/2018 9:20 PM
176	Making everything on one place like canvas so it's easier to keep up with work.	4/15/2018 9:16 PM
177	Stuff	4/15/2018 9:13 PM
178	Wifi	4/15/2018 9:05 PM
179	I would like it if there were some more computers with photoshop and everything on them around the school.	4/15/2018 9:05 PM
180	Better internet	4/15/2018 9:01 PM
181	Don't make anymore improvements. I hate how reliant we are on technology	4/15/2018 8:58 PM
182	WiFi can be bad sometimes but I know there isn't much we can do about that	4/15/2018 8:55 PM
183	My chromebook is frequently slow or not working, which is very hard because all of our work it on the chromebook. I preferred google classroom to canvas very much. Canvas is kind of a pain and I don't like how it's set up. I liked how things were last year better. I don't like carrying my chromebook around everywhere because it takes up a lot of room and if I forget to charge it then that's a pain too. My biggest suggestion is to go back to how things were last year because everybody liked it better and everyone complains about how it is now.	4/15/2018 8:49 PM
184	Grades inspired faster in campus. Make sure students and teachers both know how to use canvas, it is still a hassle.	4/15/2018 8:48 PM
185	Sign in on Chromebooks can be faster--should just have to enter password	4/15/2018 8:48 PM

## Tech Survey for Students 2018

186	The internet bandwidth occasionally has issues handling Valley's volume of students, especially during peak usage times such as advisory. Also, the new projector installations are indeed much nicer, but many of them are too bright and need to be dimmed because it is hard for students to look at it for extended periods of time.	4/15/2018 8:40 PM
187	Make the wifi work better	4/15/2018 8:34 PM
188	The wifi needs to be more reliable. Most of the time we are using computers and it's really frustrating when I can't do my work in class and have to do it at home because the wifi isn't working. The printers need to work because I hate trekking all over the school to get to a printer that works instead of using one that close to me.	4/15/2018 8:33 PM
189	None	4/15/2018 8:33 PM
190	I liked at the beginning of the year when we could just type our passwords in to log in to our Chromebooks....now it kind of takes forever and it's a little bit of a pain but other than that everything is great!!! :) )	4/15/2018 8:25 PM
191	I think we should improve the printers in the school. We should better and more imprinters in the english and language area because those classes tend to print more papers than other classes such as science which is located on the 3rd level away from the english area. I also think that we should somehow improve the wifi so that it can handle more students. I also think that we should have more tech people available at Valley.	4/15/2018 8:18 PM
192	N/A	4/15/2018 8:17 PM
193	I feel like there are still many problems with chrome books, and occasionally the internet when the school admin decides they want the entire school to update their family connection profiles at the same time	4/15/2018 8:16 PM
194	Echo is kind of a pain, to be honest. Our humanities teachers can't even see our grades and the Echo interface has changed so much that I, (a student in NTN for the past three years) can barely use it. So please stop using Echo.	4/15/2018 8:13 PM
195	Google Classroom is so more efficient and easier to use for students canvas takes forever to load	4/15/2018 8:12 PM
196	I wish teachers would do more on paper actually	4/15/2018 8:09 PM
197	being able to lock chromebooks to one specific user because right now anybody can use any chromebook that might not even be theirs. Make it easier for unidentified chromebooks to be identified and returned to the user.	4/15/2018 8:01 PM
198	The chrome books are not reliable at all and neither is webassign for math homework. My chrome book completely shut me out one day during class because I was apart of the "14%" that had a glitch. The chrome books in general aren't the best computers to be expected to do schoolwork all day on.	4/15/2018 8:00 PM
199	None	4/15/2018 7:54 PM
200	Use google classroom instead of canvas.	4/15/2018 7:53 PM
201	Canvas is difficult to manage effectively, with many teachers not knowing how to properly use certain features. It is also a hassle to find everything you need to easily. I found that Google Classroom worked better the years beforehand, and that would be a better route than Canvas.	4/15/2018 7:52 PM
202	Just getting teachers to know how to use canvas so we don't have to spend the whole year trying to teach them as classes go on. Most teachers understand it, but a few are still getting the hang of it even though it has been a whole year.	4/15/2018 7:48 PM
203	Get more gadgets and valuable tech like a IMac	4/15/2018 7:47 PM
204	go back to google classroom	4/15/2018 7:41 PM
205	NOT completely switching to technology in classrooms. The more technology my classes use, the less efficient and thorough I feel they are. If you're curious as to why I think so, please email me at bb33652@wdmcs.org.	4/15/2018 7:40 PM
206	-	4/15/2018 7:37 PM
207	Oh god canvas is the worst. Classroom was so much better and easier to use.	4/15/2018 7:31 PM
208	The chrome books suddenly got extremely slow during the year - especially when opening it up.	4/15/2018 7:30 PM

## Tech Survey for Students 2018

209	Please please please update infinite campus and also GIVE THE NEW TECH TEACHERS LESSONS ON HOW TO USE ECHO!!! PLEASE!!! I would also recommend just using class room because we can access it anywhere easily and its goes well with google drive, Since the teachers cant seem to get echo and canvas really confuses me, can we change to google classroom?	4/15/2018 7:30 PM
210	Get rid of Canvas	4/15/2018 7:29 PM
211	Better internet to uphold all of these laptops would be nice.	4/15/2018 7:29 PM
212	Have WiFi work for all students more often. When everyone is on it, it makes it hard to get to our pages. Faster internet would be better.	4/15/2018 7:27 PM
213	There are some teachers that don't have a ton of review resources	4/15/2018 7:23 PM
214	Not everything needs to go to canvas!!! It's not always helpful to do it that way. Classes such as math, fine arts classes, or classes like PE where there's nothing you turn in, shouldn't have Canvas unless the teacher thinks it's necessary and adds more clutter. Teachers also shouldn't be forced to use it if it doesn't work well for them. Chromebooks are cheap, they work well, and are great tools for those who can't afford to use them. However all the supervision on it is a bit... excessive. They also tend to have those big crashing episodes or won't hook up to wifi unless they want to. I guess what I'm saying is that the chromebooks should probably be run more privately for efficiency reasons, but that could also be expensive so this is only a recommendation.	4/15/2018 7:20 PM
215	Not all teachers use Canvas, so the use of technology can sometimes be disconnected for students	4/15/2018 7:20 PM
216	None	4/15/2018 7:19 PM
217	Make the chrome books easier and faster to log on to and make them be able to connect to printers at your house	4/15/2018 7:18 PM
218	Certain teachers don't update Infinite Campus until a couple of weeks later. I want them to update it sooner so I can know what my grade is.	4/15/2018 7:18 PM
219	The safe search installed blocks websites that do not need to be blocked, websites that could be used as sources, etc.. The already approved Chrome add ons and be unreliable. Canvas is slow.	4/15/2018 7:17 PM
220	Stop restricting so many websites there are certain websites that I try to get on for research and it says it is blocked. Some of the blocking is inconsistent, on some wifi's I can not get onto youtube and others I can, this goes to other websites as well. And when I was trying ti get on youtube and it was blocked it was for math re-assessment aid purposes and that was VERY frustrating to me knowing that I was trying to get on there for educational perpouses and it was being blocked.	4/15/2018 7:15 PM
221	Canvas learning course	4/15/2018 7:14 PM
222	Canvas is confusing and no teacher uses it the same way	4/15/2018 7:13 PM
223	The chromebooks are very very slow and some websites don't even load.	4/15/2018 7:12 PM
224	Whoever made the decision to log students out of their chrome books when the lid closes and admin enforce this has to be out of their mind. Do not log us out when we close our chrome books — it saves students a lot of time. Also, Google classroom was perfect. With Canvas, added functionality doesn't make it good— Canvas is too much— a bunch of assignments to make use of a glitchy user interface and various google apps connected when we could just use the apps separate from Canvas. So, curtail Canvas ASAP and go back to google classroom.	4/15/2018 7:09 PM
225	Certain keyboard's buttons are consistently not working but I don't have a time during the day often to go talk to him about it or when I do have time he isn't there or they randomly start working again. But I cannot print from my Chromebook which I think a lot of people can.	4/15/2018 7:08 PM
226	Fix the WiFi there are too many times that the WiFi lagged and crashed while we were working on homework	4/15/2018 7:06 PM
227	Improve WiFi reliability; More teacher training for canvas, i.e. how to make modules and how to remove unneeded things and use the calendar; Improve compabitibility with students who choose to use their own laptops	4/15/2018 6:52 PM
228	Get better computers, let us have more freedom with our computer, and don't spy on us on our chromebooks during class, it's creepy, and it's our own fault if we don't pay attention in class.	4/15/2018 6:51 PM

## Tech Survey for Students 2018

229	Remove chrome app/extension blocking, if we wanted to play games or something we would just go to a website, not use an extension. Plus, sometimes I need to use one for programming and I just don't have time to fill out a request stating why I need an extension. If you don't trust us, just make more harsh punishments if a student steps out of line.	4/15/2018 6:51 PM
230	I am very disappointed with the descision to remove echo for students next year. Echo is an amazing platform and I feel that no other platforms works with our NTLOs like Echo does. I also think we need better computers than the chromebooks we have now. It takes so long to load any website. We also needn't more reliable WiFi because it drops all the time. The desktops we have run great, but we need better video editing software than just Windows Movie Maker. It would be great to have a better way to access our H drive other than the home.wdmcs.org website that is very outdated. I also think the district should provide a mobile app with announcements, links, and other important information.	4/15/2018 6:50 PM
231	I strongly dislike canvas. Classroom is much easier to navigate than canvas and it is nicely organized. It is also really annoying that several of my teachers post some things on canvas and others on classroom. I think that we should just go back to everyone using classroom.	4/15/2018 6:49 PM
232	More reliable internet connection and better access to tech help for people not using a school issued chrome book.	4/15/2018 6:49 PM
233	Not everyone has internet at home so having all homework assignments online is problematic. Also the internet runs slowly at school often.	4/15/2018 6:45 PM
234	Not everyone has internet at home, so all assignments being online can be problematic. Also it would be interesting if we had access to more powerful computers for running more hefty programs that deal with students interests, ex: animation software	4/15/2018 6:45 PM
235	WiFi that works in the area around the school building. A class I am in decided to spend the day just outside the PAC doors to enjoy the first warm day. However, the WiFi that's works on in classrooms just inside the exterior walls is nonexistent on the outside.	4/15/2018 6:45 PM
236	A few times Valley administration has tried to get lots of students to do things collectively on our Chromebooks, and it never works because it slows down the internet.	4/15/2018 6:43 PM
237	Not use as much technology and use more student interaction, than being in a group on a computer and not really talking.	4/15/2018 6:41 PM
238	No one uses canvas	4/15/2018 6:41 PM
239	I would say to use the best platform for each class in order to get the most out of our education. Even if that means everything isn't centrally located, I think getting the best education possible to the students is the most important thing.	4/15/2018 6:40 PM
240	Chromebooks are simply unusable, I bring my own laptop so I can get work done.	4/15/2018 6:40 PM
241	Canvas is an enigma. Finding files and assignments can be befuddling because there are at least three different places where said files and assigments could be and there's no common setup for it. I wish I could still access the H-Drive from home. I know that the district is trying to get rid of it, and while I think that's a mistake, I can't stop that. But I want to download files from my H-Drive to my personal computer, but the data takes up too much space for a USB drive. Some of my programming files can't be sent over email, either, and those are the main things I would want out of my H-Drive anyway.	4/15/2018 6:39 PM
242	Informing the students why some websites are restricted even though they're perfectly fine.	4/15/2018 6:38 PM
243	Extra chrome book chargers or charging stations	4/15/2018 6:37 PM
244	limit the amount of technology that's constantly bombarded onto us, students enjoy doing stuff off their computers too so that way they don't strain their eyes or dread getting onto their chromebooks--also maybe teach more teachers about how canvas works or just switch back to google classroom; ask the teachers opinions on this too not just the students.	4/15/2018 6:37 PM
245	Making the wifi network more reliable so students don't have to wait for it to work. Students can't do their work if the wifi network always has connectivity problems. All teachers should use canvas regularly. Some of my teachers don't know how to use it/don't want to use it which makes it harder for my peers and me.	4/15/2018 6:37 PM
246	Sometimes Chromebook don't allow for some necessary things--Somtimes research is blocked	4/15/2018 6:36 PM
247	Turn off Lanschool because there is really no point to it.	4/15/2018 6:36 PM

## Tech Survey for Students 2018

248	Do not switch everything to canvas. A lot of the stuff on it is useful and helpful but for classes like math and shop classes onna personal level it is not helpful and almost distracting. Balance canvas along with paper stuff	4/15/2018 6:35 PM
249	NOT using canvas.	4/15/2018 6:35 PM
250	Take out Canvas and Encore	4/15/2018 6:34 PM
251	Keeping everything in one place, not a fan of canvas. Prefer google classroom.	4/15/2018 6:34 PM
252	Stop family connections	4/15/2018 6:34 PM
253	Ok	4/15/2018 6:34 PM
254	Get rid of 1:1 Chromebook ratio. The Chromebooks are garbage. Also, canvas is awful and hard to use. Please switch back to Google classroom.	4/15/2018 6:34 PM
255	No more chrome books	4/15/2018 6:34 PM
