126	Chromebooks and desktops are working very smoothly in our school system	4/15/2018 11:39 PM
127	Canvas is a wonderful tool to use for certain assignments in and out of class, as is Google Classroom, I have one class that uses Classroom and I personally don't mind it at all, even though it doesn't really change anything, it's nice to have some diversity. I think that Classroom is simpler than Canvas when looking at documents (which is pretty much the whole time), so it can be nice for it to be a little easier part of the day. Other than that though, which isn't a big problem, I like them both equally but can predict Classroom being taken out of circulation.	4/15/2018 9:51 PM
128	Using echo and using chromebooks for work.	4/15/2018 9:48 PM

135	chrome books	4/15/2018 7:58 PM
136	canvas. classroom.	4/15/2018 7:50 PM
137	It is nice that we have chrome books so we can do almost all our work online and so we won't lose our work. They are a great resource and I am very thankful that we have them. It is also very helpful that the teachers have really nice projectors that help us see the work and help our understanding. It is also very nice that we have printers all around the school so in case we do need to print out a paper we can go to the closest printer and not have to go to a printer that is on the other side of the school. You are also doing a good job at getting a chrome book back to a student if they break theirs. It is also nice in some classes when the teacher has the microphone because in some classes like humanities since its a big class it's sometimes hard to hear the teacher.	4/15/2018 7:49 PM
138	I like that you provide chrome books for us to use.	4/15/2018 7:30 PM
139	Our chrome books are okay but are sometimes laggy. There are also some websites that are blocked that are perfectly safe to use and not a distraction.	4/15/2018 7:29 PM

50	Although we are very lucky to have the technology that we do, it can be very frustrating. It is sometimes unreliable because of the wifi connection we have at school and hard to get work done when the wifi you have at your house is not very good. It also has a very big strain on my eyes especially science ive noticed that I have to stay up for longer periods of time being on my chromebook lae at night which i have noticed has a very big stain on my eyes and often gives me headaches. I also think it is a bit contridicting that often times adults say we should get off of technology and get outside but then give us chrombooks to be on for 7 hours of our day staright. 69	I am in 7th grade doing Pre-Algebra, so we don't do go math until next year. But, my friend needed help with her homework, so I helped her. I felt IT WAS RIDICULOUS what they are putting in those books. Not only that, I also like google classroom MUCH better than Canvas. It is much harder to get around and understand how it works. I am talking with other classmates of mine, the like the google stuff better than Canvas. I hope you take that into consideration.	4/16/2018 10:55 AM

Tech Survey for Students 2018

101	I feel like I got off of New Tech to get away from the Chromebooks and go back to pencil and paper because personally I do better in school this way. I would rather take more field trips than get getting new chromebooks or chromebooks at all. Most people I talked to also feel this way.	4/16/2018 8:08 AM
102	There isn't really anything, but it would be a lot easier if we were able to print from chromebooks with the required teacher password instead of going to the computer lab to do so.	4/16/2018 8:06 AM
103	Chromebooks should be faster	4/16/2018 8:05 AM
104	N/A	4/16/2018 8:05 AM
105	Not having to stare into a computer screen 24/7 would be nice, its harmful to eyesight and kids are at a higher risk of headaches	4/16/2018 8:00 AM
106	Allow Chromebooks to print out documents.	4/16/2018 7:59 AM
107	No suggestions	4/16/2018 7:57 AM
108	What is the point of this survey?	4/16/2018 7:53 AM
109	Faster infinite campus updates	4/16/2018 7:44 AM
110	Put everything on Echo for PBL and everything on Canvas for Traditional Learning	4/16/2018 7:40 AM
111	I suggest that teachers grow to know the technology even more than they already do.	4/16/2018 7:39 AM
112	get faster and quieter computer	4/16/2018 7:37 AM

115	It would be great if we could see our letter grade updated (below the list of assignment grades) whenever an assignment grade is updated.	4/16/2018 7:36 AM
116	Add more options for people to maybe learn CSS, HTML5, JavaScript, Python.	4/16/2018 7:36 AM

120	Make everything on our Chromebooks instead of having paper work, unless necessary.	4/16/2018 7:33 AM
121	i do not know	4/16/2018 7:31 AM
122	Transfer everything to Echo, most people have used it since 6th grade and are so familiar with it, there would be so many missing assignment and such if you forced us to use Canvas. The school has been using Canvas for 1 year, and Echo for 3, everyone is so used to it and loves Echo.	4/16/2018 6:46 AM
123	let us print documents from our chrome books. and stop updating every week.	4/16/2018 6:40 AM
124	Keep doing what all of you guys are doing, I appreciate everything you guys do for our school <3	4/15/2018 11:39 PM
125	But as much as I do love Google Classroom and Canvas, I believe it should be more balanced with paperwork on occasion. As much as I think forests should be preserved (because that is very important too), students' handwriting is getting worse and worse. That should be a skill taught when kids are younger, but it should persist through Junior High and High School. I do think that writing papers is a lot easier on Google Docs but small journal entries or creative writing projects could surely be done by hand.	4/15/2018 9:51 PM
126	don't use canvas because it gets kind of confusing	4/15/2018 9:48 PM
127	Make sure the WiFi is stable	4/15/2018 9:45 PM

129	Google classroom is a nicer platform.	4/15/2018 9:26 PM

131	none	4/15/2018 8:30 PM
132	Move away from technology as you get later in your school career, allowing for students with little to no internet access to do their work.	4/15/2018 8:20 PM

Tech Survey for Students 2018

133	For question 5 just a clarification I don't think the grades should be on canvas I think it should be on infinite campus. Everything else is great though	4/15/2018 8:13 PM
134	?	4/15/2018 7:58 PM
135	We have had at least three times this year where our bell broke so maybe make sure that won't happen because it gets very confusing when you don't get the signal to go to your next class.	4/15/2018 7:49 PM
136	I think the WiFi connection needs to be improved because the chrome books tend to be slow even though we just got new ones.	4/15/2018 7:30 PM
137	We could have more sites unblocked and we could go back to using google classroom. I also with we could bring our own computers to school so that there is no LanSchool.	4/15/2018 7:29 PM
138	Maybe add tablets or something.	4/15/2018 7:21 PM
139	Better wifi and teachers need to understand the tech more	4/15/2018 7:10 PM
140	None.	4/15/2018 7:03 PM

142	None really	4/15/2018 6:55 PM
143	I think everything is fine. Although, this probably won't make a difference but a lot of students (including myself) like Echo way more than Canvas.	4/15/2018 6:46 PM
144	Less paper homework	4/15/2018 6:38 PM
145	We should be able to get a different case for our chromebook to make them more fun to use!	4/15/2018 6:36 PM
