## Tech Survey for Staff 2018

29	I think one of the best parts of the LRC Admin team is the Tech Department. From the training to troubleshooting, and just being friendly, everyone shows outstanding patience and regard for staff at my school. I've only had one negative experience, and I will never work with him again. Everyone else is absolutely professional and I would feel comfortable seeking help and advice from all, especially Jackie, Mark, and Spencer.	4/16/2018 2:12 PM
30	Great response for chromebook problems. :)	4/16/2018 1:02 PM
31	all	4/16/2018 12:06 PM
32	I feel like I probably take advantage of having Carl in our building. He is so incredibly helpful and solves my problems for me instantly. He should be knighted or nominated for sainthood.	4/16/2018 12:02 PM
33	Students have had minor things break on their Chromebooks and when we have opened a ticket, they get a loaner. This has been going very well and there have always been loaners available.	4/16/2018 11:44 AM
34	You guys are awesome at responding "freakishly fast" to tech questions and help tickets.	4/16/2018 11:38 AM
35	Prompt help with issues	4/16/2018 11:12 AM
36	Equipment maintenance is amazing.	4/16/2018 10:54 AM
37	If I put in a work order it is completed quickly.	4/16/2018 10:17 AM
38	The technology team is faster than Jimmy Johns, freaky fast. WDMCS has the best tech. department!	4/16/2018 10:07 AM
39	Providing Chromebooks Teacher Laptops Teacher Desktops/Projectors (man, I needed a new one!)	4/16/2018 9:58 AM
40	Customer service is great.	4/16/2018 9:57 AM
41	Fixing chromebooks when there is a problem	4/16/2018 9:43 AM
42	I appreciate how quickly tech tickets are addressed.	4/16/2018 9:30 AM
43	Our tech services team does everything very well! I am in awe of their efficient and courteous service. We are so lucky to have the A-team of technology services!	4/16/2018 9:11 AM
44	Support...especially with Canvas and hardware concerns.	4/16/2018 8:59 AM
45	I'm always pleased with my interactions with the tech dept. You all are great!	4/16/2018 8:48 AM
46	Efficient and kind!	4/16/2018 8:45 AM
47	Your response times have been phenomenal. I usually see Mark & Spencer in our building and they are so friendly and helpful. Brian does a fantastic job of keeping us up to date on what's coming and what's already in place. I appreciate that! Also, LOVE the new laptops.	4/16/2018 8:44 AM
48	Always on top of things and ready to help, even last minute.	4/16/2018 8:38 AM
49	Maintaining communication with staff about issues and providing tech support whenever we call.	4/16/2018 8:37 AM
50	-all of the technology resources that are available to teachers -each student having ACCESS to their own Chrome book so we don't have to check out carts, etc...	4/16/2018 8:32 AM
51	-Offering training on new technology (Canvas, etc) -Tech Hub/Help Desk/Help Tickets - I can usually find answers to problems quickly -Staff Development training is customized to what we personally need to work on (choice of sessions, etc) , I like being able to choose what I need for how I use technology in my classroom.	4/16/2018 8:32 AM
52	Your service and people skills are awesome!	4/16/2018 8:27 AM
53	Carl is always on top of whatever technology issues I have and he always comes to help in a timely matter.	4/16/2018 8:25 AM

56	Carl is amazing. We are so lucky to have him at Valley. Not only does he understand technology, but he understands people.	4/16/2018 8:19 AM
57	Responding to Chromebook issues; preparing for new laptops.	4/16/2018 8:19 AM
58	help tickets, canvas education	4/16/2018 8:15 AM

## Tech Survey for Staff 2018

59	Our tech department rocks! It seems like the minute you hit the "Help button" they are there. They are so fast and effective! Thank you!!	4/16/2018 8:13 AM
60	I appreciate all your support of the art department in these past 29 years in WDM. It is amazing working with all of you. Thank You Tom Murphy	4/16/2018 8:12 AM
61	Very timely in helping with questions.	4/16/2018 8:08 AM
62	As far as I can tell, all tech services are performed well.	4/16/2018 8:08 AM
63	I appreciate the patience that the technology service has for all of my 'problems'.	4/16/2018 8:01 AM
64	Network seems to run well. Would love to see real laptops for the kids. I know expensive..I run into stuff that won't run which is aggravating.	4/16/2018 8:01 AM
65	TS does a fine job of supporting our needs each and every day no matter how large or small the issue.	4/16/2018 7:58 AM
66	Work orders.	4/16/2018 7:58 AM
67	Handle things quickly.	4/16/2018 7:55 AM
68	I think technology services is doing a great job!	4/16/2018 7:54 AM
69	All	4/16/2018 7:53 AM
70	I have only had one issue this year, but it was addressed immediately. We also had some improvements done to our gym which were also executed in a timely and professional manner.	4/16/2018 7:52 AM
71	Maintenance and work orders are always handled with speed and careful attention to making things work well again! Very grateful for that!	4/16/2018 7:51 AM
72	Everything! I love the support that you all are willing to give to teachers at any time. Without you, I would not be able to do my job. thank you so much!	4/16/2018 7:50 AM
73	Most everything from my view. I really like how Brian sends out "big picture" updates with the Q/A format. I also really like how the techs exercise patience with those of us less "tech able". I also surely hope you replace Jackie, she has been such a tremendous asset to the district!!	4/16/2018 7:45 AM
74	Requests for service are handled quickly!	4/16/2018 7:41 AM
75	Quick response to issues; supporting classroom use	4/16/2018 7:34 AM
76	Teacher laptops, Chromebooks	4/16/2018 7:24 AM
77	I love the support that we get anytime we put in a help desk ticket. It is immediate, polite, and communicated!	4/16/2018 7:23 AM
78	The tech department in this district is far and beyond any other district I've worked for. You're a well-oiled machine!	4/16/2018 7:17 AM
79	Everything, keep up the great work!	4/16/2018 7:14 AM
80	Tech can be unreliable. Our tech team combats this by being flexible, timely, dependent, and consistent. We rarely have issues where our technology is unavailable and this reliability helps to make teaching much easier. I can depend on our tech team.	4/16/2018 7:12 AM
81	I appreciate every aspect of what your team is doing.	4/16/2018 6:57 AM
82	all of it	4/16/2018 6:57 AM
83	Brilliant leadership, organized support, clearly articulated vision.	4/16/2018 6:51 AM
84	I will miss working with such professional and competent individuals.	4/16/2018 5:46 AM
85	Carl is amazing with meeting our needs.	4/16/2018 5:20 AM
86	Carl!	4/15/2018 10:24 PM
87	My problems/questions are quickly resolved.	4/15/2018 9:58 PM
88	Providing access. Working hard to keep internet up when problems arise.	4/15/2018 9:57 PM
89	Work requests are completed in a timely manner.	4/15/2018 9:50 PM
90	Having access to tech help.	4/15/2018 9:41 PM

## Tech Survey for Staff 2018

91	Having Carl at VHS is a valuable asset for teachers. He is so very helpful and gives great service!	4/15/2018 9:22 PM
92	When I submit a work order, the response is quick and efficient, often the same day! Well done! Even if it is something simple, they always treat me kindly.	4/15/2018 9:14 PM
93	Jackie's classes re amazing!! She is able to differentiate her classes to give extra help to those who need it and let others go forward with her detailed handouts!! Mark did a great job with the laptop training and helping those who needed reassurance. Technology issues are always dealt with quickly and efficiently.	4/15/2018 8:57 PM
94	I think technology services are doing everything well. I have literally no complaints.	4/15/2018 8:49 PM
95	I have worked with Jackie and Brian most often and they are amazing! They are so quick to respond and so helpful. I'm going to miss Jackie. I feel like we are ahead of other districts when it comes to technology.	4/15/2018 8:29 PM
96	Incredible customer support; thank you!	4/15/2018 8:22 PM
97	New laptop roll out was very well organized.	4/15/2018 8:22 PM
98	I appreciate the updates with where the district is with technology decisions.	4/15/2018 8:10 PM
99	When something doesn't work for me they come to fix it they always show me what to look for..sometimes technology makes me cry..lol	4/15/2018 7:46 PM
100	Work orders are always addressed quickly and the members of the technology department that I interact with at Hillside are friendly and professional. I feel we are kept well-informed of district technology initiatives and changes/updates that are on the horizon. Keep up the great work!	4/15/2018 7:44 PM

## Q11 What suggestions do you have for improving district technology services?

Answered: 87   Skipped: 156

#	RESPONSES	DATE
1	___ is grumpy and impatient sometimes. Also, we need to print more - I know you want to save money, but as an English teacher, it is VITAL to have hard copies.	5/8/2018 1:19 PM
2	Keep up the great work!	5/1/2018 11:33 AM
3	? I am happy!	4/29/2018 12:45 PM
4	Continue to seek feedback from front-line users of classroom instruction technology (teachers) before making TLS-based tech decisions.	4/23/2018 11:32 AM
5	I am very happy with all that you do!	4/19/2018 12:17 PM
6	Technology teachers in elementary schools.	4/18/2018 4:25 PM
7	Keep Jackie N.! :0)	4/18/2018 11:14 AM
8	Thank you for all your help.	4/17/2018 5:38 PM
9	training on our new laptop. smart boards for our new math	4/17/2018 4:50 PM
10	Keep it up!!!!	4/17/2018 2:23 PM
11	I feel the district needs to spend more time training staff on how to utilize technology. Not just using Canvas. Even short tutorials staff can attend in their buildings for 20-45 minutes or watch on-line. I think also that many of our students don't know how use the technology. I am amazed on how little student really know how to do. How can we catch them up?	4/17/2018 12:11 PM
12	Support personal devices (monitors)	4/17/2018 12:07 PM
13	I would love some kind of guide or lessons to teach my fourth graders about internet safety and Chromebook responsibility.	4/17/2018 10:37 AM
14	None at this time.	4/17/2018 9:17 AM
15	Keep up the good work!	4/17/2018 7:37 AM
16	Canvas should have been rolled out quite differently. Teachers who were actually using it in the classroom should have shown the rest of us how to use it. Working on Canvas "badges" is a complete waste of time. Having students also involved in this training would have been helpful so we could have seen this from the student perspective. Blocking students from games, Netflix and YouTube videos on their Chromebooks would be helpful!	4/16/2018 7:36 PM
17	None right now.	4/16/2018 7:10 PM
18	Please continue to provide your services in a logical sequence and share them in the beginning, the middle, and the the ending of the school year.	4/16/2018 4:54 PM
19	Next time we roll out chromebooks or other technolgy devices, I think we should have better policy and protocol at a district-wide level. The chromebooks have been a nightmare at my school in multiple ways. I personally would prefer stringent guidelines to follow without students taking them home. I would also love better access to what my students have accessed, as well as locking certain sites and programs that tend to be of a temptation for students.	4/16/2018 2:12 PM
20	Some teachers are ready to use their new laptop as a wireless pad to support students. This requires a blue tooth technology to sync with the projector to go wireless. Can we look into helping get some of these into each building?	4/16/2018 1:56 PM
21	Information needed as to what websites students are using during class. The ability to see what is on their chromebook when they are supposed to be working.	4/16/2018 1:02 PM
22	Keep third grade chromebooks at school. We average 16 per class per night that stay here because parents don't want them at home in 3rd.	4/16/2018 12:06 PM

## Tech Survey for Staff 2018

23	I would like to see our students have the option to check out their chromebooks over the summer. Many of our students don't have access to devices at home and we tell them that learning is lifelong, not just in class.	4/16/2018 12:02 PM
24	The elementary classrooms are so small, there is nowhere to store Chromebooks when we are not using them. It would be nice to have some sort of cart where they can be stored. Storing Chromebooks in student lockers is also not always an option because they are also small and when students have all of their winter gear, the lockers get packed pretty quick. Parents need more support. I have had several parents either not want the Chromebooks at home or need parental advice on how to set boundaries. I think sending home a tip sheet for how parents can manage this would be helpful. Specifically with setting boundaries at home.	4/16/2018 11:44 AM
25	I would love a class on the new Windows and how to use all the bells and whistles on our new laptops.	4/16/2018 11:38 AM
26	Some teachers are required to monitor student behavior through LANS school. This program has become a little cumbersome at the beginning of each semester since you have to add each student individually. In addition, the student must have his Chromebook on in order to be added. Is there any way to streamline this process? Also, for those of us who must monitor student behavior while checking student grades and corresponding with parents and/or teachers, it would be productive/helpful to have a second monitor. Am unclear why the teacher must provide own 2nd monitor but administration and counseling have a 2nd monitor provided by the district.	4/16/2018 10:54 AM
27	Work more with teachers to know their needs for technology	4/16/2018 10:17 AM
28	Keep Carl happy! Give him raises! Don't let him leave!	4/16/2018 9:58 AM
29	Often when we have building wide initiatives (almost all students accessing at the same time) the network slows or wont let students log in. I don't know if this is a priority or even should but but it is an observation. Also there were issues with students turning in things on canvas multiple times throughout the year....I realize there are always growing pains but Canvas could be better.	4/16/2018 9:57 AM
30	none at this time	4/16/2018 9:43 AM
31	More support for how to use chrome books in the classroom.	4/16/2018 9:30 AM
32	Continue to provide the same wonderful service that you have been giving us!	4/16/2018 9:11 AM
33	More help with student Chromebooks (training students, communication about common errors, faster turn around when fixing them, etc.)	4/16/2018 8:54 AM
34	Keep up the good work! Thanks!	4/16/2018 8:45 AM
35	I would have like more operational information for using our laptops. I have picked up some tips along the way, but wonder if that could have been part of the distribution process? Either way, I love mine and am thankful to work in a district that provides high quality technology. Thank you for all that you do!	4/16/2018 8:44 AM
36	pilot a few things for the future in classrooms and offices, before wholesale putting things in rooms that may never be used/utilized in proper manner. Would like to see us try some new things out that push us forward, and not necessarily make ALL decisions based on how many serviceable things we can get for the money.	4/16/2018 8:38 AM
37	Training on how to utilize add on technology (Read/Write), Bookshare, support for unique learners.	4/16/2018 8:37 AM
38	We need better video software editing. WeVideo or some online video editing software would be a step in the right directions. All kids need to have video editing skills, not just the few who take advanced classes.	4/16/2018 8:36 AM
39	I think Chrome books were not rolled out appropriately for the younger grades (3-6). The Chrome books should have never been allowed to be sent home where students have unlimited amounts of time on them. Also, many students view the Chrome book as theirs and will be on it during inappropriate times throughout the day. They are usually on sites that are not educational and argue with the teacher when it is time to log off. Children are already overloaded with technology too much. We don't need to encourage it.	4/16/2018 8:32 AM
40	Everyone here is nervous about Jackie leaving and who they should contact for those types of questions. Please let us know prior to school starting in the fall.	4/16/2018 8:27 AM
41	none, really	4/16/2018 8:25 AM

## Tech Survey for Staff 2018

42	Would really like to see students keep Chromebooks over the summer. Think we need to way loss against access.	4/16/2018 8:19 AM
43	Provide a certified trainer within each building to teach students about appropriate technology, new apps/technology that will enhance their learning, provide training for teachers to better help students with a variety of user-friendly software/apps that will supplement student learning - should not be add-on technology just because you can, but because it actually enhances the content.	4/16/2018 8:19 AM
44	I need an ipad for my classroom. I don't know how to go through that process.	4/16/2018 8:15 AM
45	Interactive whiteboards??	4/16/2018 8:13 AM
46	Keep doing what you're doing :)	4/16/2018 8:13 AM
47	Maybe sending out "new" technology that we may want/need in our classrooms?	4/16/2018 8:08 AM
48	None at this time.	4/16/2018 8:08 AM
49	Lower grades would benefit from a couple more computers in our rooms.	4/16/2018 8:06 AM
50	I would love to know more about the new teacher laptop. What capabilities does it all have?	4/16/2018 8:01 AM
51	Technology Fair on a district PD day. Teachers showing new/old ideas to put the technology to work to make a better learning environment. How to use the Chrome books in the room.	4/16/2018 8:01 AM
52	Nothing, keep up the great work!	4/16/2018 7:55 AM
53	I would like to have Lan School on the teacher laptops. I do not always teach in a traditional classroom, so I am not able to use Lan School.	4/16/2018 7:54 AM
54	None	4/16/2018 7:53 AM
55	I'd love the ability to cast/stream my laptop/student chromebooks to the projector. Also, a more efficient way to monitor student's chromebook usage in class. A tool like LAN school or go guardian would be extremely helpful.	4/16/2018 7:51 AM
56	training or guides for troubleshooting chromebooks so that we can support our students more effectively	4/16/2018 7:34 AM
57	With PBL, we are looking to become innovators in the state as far as how we provide instruction. I would love to see us experimenting with new technologies in the classroom to bolster student learning. It'd be awesome if we could get a technology panel comprised of tech people, teachers, and administrators. They could meet from time to time to discuss new technology ideas we could implement in our classroom. We could also look at current tech to see how it's being used and what changes need to take place. Perhaps this already exists, but I think there's room for growth and improvement with how we use technology in our WDMCS classrooms.	4/16/2018 7:12 AM
58	none - you guys are awesome!	4/16/2018 6:57 AM
59	Keep on keeping on.	4/16/2018 5:46 AM
60	none	4/16/2018 5:20 AM
61	Make sure Carl doesn't leave!	4/15/2018 10:24 PM
62	Nothing...thank you for your support!	4/15/2018 9:58 PM
63	Students (and staff) need to be trained on Chromebooks. With zero training and assistance, students cannot utilize the tool to the fullest and also, teachers cannot provide tools/documents/etc to students to be best utilized.	4/15/2018 9:50 PM
64	1. Having the use of apple products or equivalent would help when trying not to teach being tethered to the front of the room/board. 2. Instead of having the teaching staff try and guess their way through problems. Actually, have help videos or sheets that will be step by step information.	4/15/2018 9:41 PM
65	Keep up the good work!	4/15/2018 9:22 PM
66	Consider allowing for the repair or replacement of old or out of date ipads in the lower elementary classrooms.	4/15/2018 9:14 PM
67	I would like access to a way to better know what sites my students are on when I am working with other groups of students. Sometimes they quickly change sites as I approach (or at least that is how I feel). Can Jackie continue to keep teaching classes? I would like study groups or classes with the new laptop to continue to use it more effectively	4/15/2018 8:57 PM

## Tech Survey for Staff 2018

68	None	4/15/2018 8:49 PM
69	The Chromebooks we have selected for elementary students are not easy for students to use the online EDM4 website. For students to be able to complete problems/work on line they have to use the touch pad to draw/write. A touch screen would have been a better option for this.	4/15/2018 8:39 PM
70	On PD days, district wide training sessions are helpful so maybe more of those.	4/15/2018 8:29 PM
71	None	4/15/2018 8:22 PM
72	Provide more information on the process of how chromebooks are fixed, if they can't be fixed then what, if a charger is lost, then what, etc. What will the district's insurance cover, what do parents need to pay for, etc.	4/15/2018 7:41 PM
73	More time and training on appropriate integration of technology.	4/15/2018 7:39 PM
74	better laptops for younger grades.	4/15/2018 7:37 PM
75	None	4/15/2018 7:36 PM
76	Wireless connectivity. Chromecast, firestick, etc.	4/15/2018 7:25 PM
77	As we begin to use ipads more and more as part of our science curriculum, we need to put more of an emphasis on supplying and updating the devices.	4/15/2018 6:31 PM
78	None at this point.	4/15/2018 6:30 PM
79	Chromebook roll out could have been smoother if all were made aware of charges, etc.	4/15/2018 6:28 PM
80	A chrome book charger for each teacher to use for students who show up without one.	4/15/2018 6:22 PM
81	Keep on doing what you're doing!	4/15/2018 6:19 PM
82	It would be nice at the beginning of the year if we got an email that reminded us of how to request help from tech services. I'm never sure where to go.	4/15/2018 6:17 PM
83	Keep up the wonderful work you do!	4/15/2018 6:12 PM
84	Teachers who have the new laptops need to be able to connect to projection systems in all buildings and in all rooms. The tech team needs to go around and check that they can, and fix systems that need additional resources to get the new laptops to project in every place.	4/15/2018 6:09 PM
85	Fill Jackie Neuberger's position.	4/15/2018 6:06 PM
86	I would appreciate them making sure ALL teachers have access to the necessary technology. I know some colleagues who have to teach in spaces like community rooms sometimes struggle.	4/15/2018 6:05 PM
87	Canvas could have been negated. Stick with google and IC.	4/15/2018 6:04 PM
